SECOND AMENDMENT TO THE RESTATED BLACKHAWK LAKE ESTATES DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS

This instrument constitutes the Second Amendment to the Restated Blackhawk Lake Estates Declaration of Covenants, Conditions and Restrictions (hereinafter generally referred to as the "Covenants and Conditions") which was recorded on November 6, 1996 as Instrument Number 222414 of the Official Records of Valley County, Idaho.

COMES NOW, at least two-thirds (2/3) of the current owners of the Lots in Blackhawk Lake Estates and do hereby declare that Article 5 and 6 of the Covenants and Conditions are hereby amended pursuant to Article 6, Section 6.4 of the Covenants and Conditions.

The specific modifications to Article 5 and 6 are set forth below.

ARTICLE FIVE Property Owner's Association

5.5 Duties of the Association

5.5.11 The Association shall levy assessments upon all members of the Association and take such action as the Board deems to be required for the collection of assessments and user charges. It is specifically noted, however, that all assessments shall be uniform as to each Lot. The cost of maintenance, repair and snow removal of Private Roads, and the cost of maintenance and repair of all Common Areas and Common Facilities in the Subdivision shall be divided equally between the Building Sites so that each Lot is assessed an equal prorated portion of the total assessment for the Subdivision.

ARTICLE SIX 6.0 Miscellaneous

6.3 Termination and Modification.

To the extent set forth in Section 6.4 of this Article Six, the Declarant may supplement these Covenants and Conditions at any time during the term hereof. Otherwise, these Covenants and Conditions and every provision hereof may be terminated, extended, modified or amended, as to the whole of said Subdivision or any portion thereof, with the written consent of the Owners of sixty-five percent (65%) of the Lots within the Subdivision, subject to these restrictions: provided, however, that during the initial twenty-five (25) year term of these Covenants, no such termination, extension, modification or amendment shall be effective without the written approval of Declarant so long as the Declarant continues to own any ownership interest in the Subdivision. Such termination, extension, modification or amendment shall be immediately effective upon recording a proper

instrument in writing, executed and acknowledged by such Owners (and/or by Declarant as provided herein) in the office of the Recorder of Valley County, Idaho.

6.4 Amendment.

The conditions, restrictions, stipulations and agreements, and covenants contained herein shall not be waived, abandoned, terminated, nor amended except by written consent of the Owners of sixty-five percent (65%) of the Lots within the Subdivision, provided however, the Architectural Control Committee (when appointed by the Declarant) may amend the Conditions and Covenants set forth in Article Three, as provided in Article Four, Section 4.4, and the Declarant may amend Article One to include additional land within the property covered by these Covenants and Conditions so long as such land adjoins land then covered by these Covenants and Conditions, and such land is owned by Declarant at the time of the Amendment (for the purposes of this paragraph, land separated only by roads shall be deemed to "adjoin"). The Amendment to include such land shall be effected by Declarant having recorded a declaration describing the land to be included, setting forth such additional limitations, restrictions, covenants and conditions as are applicable to such land; and declaring the land is to be held, sold, conveyed, encumbered, leased, occupied and improved subject to the Covenants and Conditions, hereof.

Pursuant to Article 6, Paragraph 6.4 of the existing Revised and Restated Covenants, Conditions and Restrictions of Blackhawk Lake Estates as amended, this Second Amendment to the Revised and Restated Covenants, Conditions and Restrictions have been approved by at least two-thirds of the Owners of the Lots in Blackhawk Lake Estates. Please note that this amendment has been approved by 44 out of 56 Owners of the Lots as shown by the attached original voting slips.

IN WITNESS WHEREOF, Declarant has executed this instrument this 6th day of Sept, 2000.

2.0 ARTICLE TWO

General Purposes and Definitions

2.1 The real property described in Article One hereof is subject to the conditions, covenants, restrictions, reservations, and easements hereby declared to ensure the best use and the most appropriate development and improvement of each building site thereof; to protect the Owners of building sites against such improper use of surrounding building sites as will depreciate the value of their property; to preserve, so far as practical, the natural beauty of such property; to prevent the construction of improper or unsuitable Improvements; to encourage and secure the erection of attractive dwellings thereon; and in general to create and keep the Subdivision, insofar as possible, desirable, attractive, beneficial, and suitable in architectural design, materials and appearance; to guard against fires and unnecessary interference with the natural beauty of the Subdivision and to provide adequately for the improvement of said property; all for the mutual benefit and protection of the Owners of Lots in the Subdivision.

2.2 As used herein the following words and terms shall have the following meanings.

2.2.1 "Architectural Control Committee" shall mean that certain committee initially established by the Declarant (and later the Association) to review and approve construction plans and plans for improvement of the Lots within the Subdivision.

2.2.2 "Blackhawk Lake Property Owner's Association" (hereinafter such association may sometimes be referred to as the "Association") shall mean that certain property owner's association which shall be established at a later date by the Declarant as a non-profit corporation of which every Owner of property within the Subdivision shall become a member immediately and automatically upon Declarant's establishment of the Association. The Declarant will create the Association at the time and according to the terms more completely provided herein. Prior to the creation of the Association by the Declarant, all rights granted to the Association by these Covenants and Conditions shall be reserved to and exercisable by Declarant.

2.2.3 "Building Site(s)" of "Sites" shall mean any contiguous plot of the Subdivision the size and dimensions of which shall be established by the legal description in the original conveyance from Declarant to the first fee Owner (other than Declarant) of said plot of the Subdivision. If two or more Lots, or parts of two or more Lots, as designated on the

recorded Plat of the Subdivision, or on any phase thereof, are contiguous and described in such original conveyance from Declarant to the first fee Owner, if so elected by such first fee Owner, such Lots or parts thereof shall be treated as a single Building Site for purposes of the covenants herein contained.

2.2.4 "Common Areas" shall mean and include collectively all real property or Out Lots within the Subdivision which are designated to be owned or are owned by the Association, including (without limitation) any real property upon which Common Facilities are located or are intended to be located and any property designated and held by the Declarant for use as a Common Area and any property deeded by the Declarant to the Association for use as Common Area. The term "Common Area" shall not include any real property owned by or reserved for governmental entities.

2.2.5 "Common Facilities" shall mean the facilities developed by the Declarant or the Association for the general use of the Owners, their families and guests which is located, or to be located, within the Subdivision and any other facilities of a similar nature situated in the Subdivision which the Declarant has designated for future transfer to the Association or which the Association may from time to time own, lease, operate or otherwise control. It is specifically noted that Common Facilities will include, among other things, the beds and banks (up to the plotted Lot lines) of Blackhawk Lake and Blackhawk Pond; and all water rights, dams and water conveyance systems relating to Blackhawk Lake and Blackhawk Pond (including the fire hydrant equipment and systems located within the Subdivision).

2.2.8 "Lot" shall mean each lot reflected on the recorded plat of the Subdivision.

2.2.9 "Private Roads" shall mean all ingress and egress roadways within the Subdivision beginning and ending from the points of ingress and egress from West Mountain Road. All Subdivision Private Roads constitute Common Areas which will be held by the Declarant until deeded to the Association. Private Roads will not be provided County or State services such as snow removal and repairs and thus, after deed by Declarant to the Association, the Association will be required to provide all necessary services. Common Area Private Roads will be deeded to the Association subject to an easement for access and use of said Private Roads being granted to any Owners of all or a portion of the property described below and Owners (including Declarant) of any portion of additional land subdivided by Declarant (or its successors or assigns), where such additional lands adjoin land covered by these Covenants and Conditions (for the purpose of this paragraph, land separated only by roads shall be deemed to "adjoin"). ARTICLE THREE

3.0 Covenants and Conditions

3.1 Land Use and Building Type.

No Building Site shall be used except for residential purposes, and each Site shall be limited to one Single Family Residence which may include an attached Maid/Guest House if it complies with applicable zoning and health department requirements. No building shall be erected, altered, placed, or permitted to remain on any Site other than for residential or recreational purposes or for a private garage, barn, and other out buildings incidental to residential use of the premises. All structures constructed on any Building Site shall be constructed with a substantial quantity of new materials and no used structure shall be relocated or placed on any Building Site. No trailer, motor or mobile home, basement, tent, shack, garage, barn, or other out building located or erected on a Building Site covered by these covenants shall at any time be used for private habitation, except in the following situations:

- (a) During the construction period for a given Lot (which must be completed within twelve (12) months - see Section 3.13) a recreational vehicle (camping trailer or motorhome) may be used for temporary habitation of the Lot Owner and/or Occupants as approved on a case by case basis by the Architectural Control Committee.
- (b) After the construction of a Single Family Residence has been completed upon a Lot, a recreational vehicle (camping trailer or motorhome) may be used for temporary habitation by guests for consecutive periods not exceeding fourteen (14) days or nights. At the conclusion of such fourteen (14) consecutive day or night occupancy period, the recreational vehicle must be removed from the Building Site for at least fourteen (14) consecutive days.

No Lot shall be used for any retail commercial or business purposes whatsoever. The covenants set forth within this Section 3.1 shall not apply to Declarant's or its agent's real estate sales office, and the activities conducted in connection therewith.

3.2 Approval of Construction Plans.

- 3.2.1 No building or other structure shall be constructed, erected, or maintained on any Lot, nor shall any addition thereto or change or alteration therein be made

unless it complies with the Valley County, Idaho zoning ordinances in existence with respect to the property and until the complete plans and specifications (including, but not limited to, the floor, elevations, plot, grading, and landscaping plans); provisions for off-street parking; the specifications of principal exterior materials and color schemes; and the location, character and method of utilization of all utilities) have been submitted to the Architectural Control Committee approved in writing, by the Architectural Control Committee. Each building or other structure shall be constructed, erected, and maintained in strict accordance with the approved plans and specifications.

3.2.2 The procedures dealing with the submission of plans to the Architectural Control Committee are set forth in Article Four.

3.3 Minimum Floor Area and Building Heights.

3.3.1 Single Family Residence - no main residence structure shall be permitted on any Building Site covered by these covenants, the habitable floor area of which, exclusive of basements, porches, and garages, is less than 1,500 square feet.

3.3.2 Single Family Residence - no main residence structure shall be permitted to have more than two (2) above ground floors. In the case of a two (2) story structure, the first floor shall have no less than 800 square feet of the required 1,500 square feet of total habitable floor area.

3.3.3 Maid/Guest House - the attached Maid/Guest House referenced in these covenants shall not be permitted on any Building Site covered by these covenants, unless it is accepted and complies with all applicable zoning and health department requirements. The total number of habitable floors shall not be more than two (2).

3.3.4 The maximum height of any building shall be in compliance with the Valley County zoning ordinances.

3.4 In-House Fire Suppression Systems.

As a result of improvements made to West Mountain Road in 1995 and 1996, in-house fire suppression systems are no longer required to be installed within residential structures built in the Subdivision. In light of the rural nature of the Subdivision and the distance to the closest fire station it is recommended, however, that Owners install fully functional, in-house, fire suppression, water sprinkling systems or monitored fire - smoke - burglar alarm systems

(which have been inspected and approved by an inspector licensed by the Idaho State Fire Marshall's Office) in all residential structures.

3.5 Set Back Requirements.

Some Lots have designated building envelopes as per the recorded Master Plan and Plat, if a building envelope is designated for a given Lot, all Improvements must stay within the designated building envelope. In the case of Lots where a building envelope is not designated on the Master Plan and Plat, there shall be no general rule for the location of Improvements with relation to property lines but the location of such Improvements must receive the advance approval of the Architectural Control Committee, as more completely described herein. In all cases the location of all such Improvements shall conform to the Valley County zoning regulations then in effect.

3.6 Fences.

To maintain and preserve the natural beauty of land, no fence, wall, or similar type barrier of any kind shall be constructed, erected, or maintained on any Lot for any purpose whatsoever, except such fences, walls, or barriers that are attached to the main structure for privacy or enclosure of pets as may be approved by the Architectural Control Committee (in no case will chain link fencing, enclosures or barriers, be approved). No lot line fencing will be permitted.

3.7 Signs.

No signs of any kind shall be displayed to the public view on any part of the property, except one sign of not more than two (2) square feet designating the Owner of any Building Site, one sign of not more than six (6) square feet advertising the property for sale or rent, and except temporary signs used by Declarant, or its agent, to advertise property in Blackhawk Lake Subdivision.

3.8 Easements.

Easements and rights-of-way as described on the recorded plat of Blackhawk Lake Subdivision have been reserved for poles, wires, pipes, and conduits for electricity, gas, telephones, sewer, drainage water, snow removal and other utility and road purposes together with the right of ingress and egress for further construction, maintenance and repair thereof as shown on the recorded plat of the Subdivision. Road rights-of-way and easements shown on the plat contain utility, easements, and easements for other purposes. No dwelling,

Improvement, material, equipment, or refuse shall be placed on any part of said property within the area of easements reserved so as to interfere with the use thereof as reserved.

3.9 Garbage and Refuse Disposal.

- 3.9.1 No part of the Subdivision above or below ground shall be used or maintained as a dumping ground for refuse, trash, garbage, debris, or other waste; at all times the Subdivision shall be maintained in a sanitary condition.
- 3.9.2 All fish cleaning shall be performed at designated locations in the Common Areas or will be performed on the Owner's own Lot. All debris and waste from fish cleaning will be properly disposed of in appropriate garbage containers. Under no circumstances will dead fish or fish parts be left on the ground or thrown into the water of Blackhawk Lake or Blackhawk Pond.
- 3.9.3 Reasonable precaution shall be taken against fire hazards and no outdoor burning of any kind shall be permitted upon the Building Sites (except for cooking).
- 3.9.4 Each property Owner shall provide suitable receptacles for the temporary storage and collection of refuse of their Lot and all such receptacles shall be screened from public view and protected from disturbance.
- 3.9.5 These restrictions also apply to contractors doing construction work.

3.10 Trees.

Living trees, the trunk of which is four (4) inches or more in diameter, naturally existing upon a Lot, except to the extent necessary for construction purposes, shall not be cut, trimmed, or removed from the properties except as may be approved by the Architectural Control Committee.

3.11 Animals.

No animals, of any kind, except for household pets, (it is specifically noted that livestock, poultry and wild animals are not to be considered household pets) shall be raised, bred, or kept on any portion of the property. Household pets may be kept for personal or non-commercial recreational purposes only. Pets must be kept within the boundaries of the Lot unless accompanied by and under the control of the Owner.

All pet enclosures must match the colors of the main structure on the Lot, be attached to the main structure on the Lot and receive the prior approval of the Architectural Control Committee.

Idaho Law prohibits dogs from disturbing or chasing wildlife. Fish and Game Policy allows for destruction of dogs in the pursuit of big game animals. Owners may be cited and fined. When dogs are out of their enclosures the Owner is responsible to keep them on a leash and for cleanup of animal waste in the Common Areas or other areas outside their Lot.

3.12 Landscaping.

In order to insure protection of the water quality of Blackhawk Lake and Blackhawk Pond and the natural environment, all natural surface areas disturbed by construction shall be returned promptly to their natural condition and replanted in native grasses and trees. All previously prepared Sites will be landscaped and completely planted in native grasses and trees. The Architectural Control Committee may approve limited construction of gardens, lawns, and exterior living areas, however, no fertilizers containing molecular nitrates or phosphates shall be used or placed upon or within any Lot, and only such fertilizers shall be used, at such times and in such manner as prescribed by the Association. Well water shall be restricted to domestic use only (domestic use is deemed to include non-commercial use of water for human and animal consumption, cleaning, washing, sanitation systems and reasonable watering of houseplants and exterior gardens and lawns).

3.13 Continuity of Construction.

All structures commenced in this Subdivision shall be prosecuted diligently to completion and shall be completed within twelve (12) months of issuance of building permit unless approved in writing by the Architectural Control Committee.

3.14 Nuisance and Fire Arms.

No noxious or offensive activity shall be carried on within the Subdivision nor shall anything be done or permitted which will constitute a public nuisance therein; nor shall any fire arms be discharged within the Subdivision. Fire arms as used herein shall be construed to mean not only rifles, pistols and cannons, but also fireworks, explosives, air rifles, BB guns, or similar devices.

3.15 Sewage Disposal.

If public sewers become available, dwellings then under construction or subsequently to be built must make use thereof. Pending availability of public sewers, each dwelling must use

a sanitary disposal system of a design and installation approved by Valley County, the Central District Health Department and the Idaho Department of Health and Welfare.

3.16 Parking.

3.16.1 Parking shall be accommodated on Site with no parking allowed on Subdivision private or public streets. Each Site shall provide at least a two-car garage, and the minimum of two additional parking units. Each additional parking unit shall be located entirely within the Lot lines.

3.16.2 Parking in Common Areas shall be limited to those locations designated as being available for parking. Parking in these areas shall be for temporary purposes incidental to the use of the Common Areas and Common Facilities. No overnight parking or overnight camping shall be permitted in the vehicles located in the Common Areas.

3.17 Trailers and Motor Vehicles.

No boats; trailers; campers; motorhomes; commercial cars, trucks or vans; buses, or other portable vehicles, other than duly registered and licensed non-commercial cars, passenger vans, and light duty trucks, shall be parked forward of any dwelling at any time during three consecutive days. Notwithstanding the foregoing sentence, commercial vehicles may not regularly be parked forward of any dwelling on a daily or other continuing basis (It is the intent of this provision to prohibit Owners or Occupants from regularly parking commercial vehicles on Lots. This Subdivision is residential and Owner or Occupant commercial vehicles should be garaged or otherwise concealed when parked on a Lot). All boats, trailers, campers, motorhomes, snowmobiles, All Terrain Vehicles, motorcycles and other motorized vehicles, if parked for a period exceeding 72 hours, must be concealed from sight of any traffic along Subdivision roads by appropriate fencing, enclosure or other year round screening. Any screened area must be located to the side yard or rear yard of a dwelling. No motor vehicle shall be constructed, reconstructed, or repaired upon the front or side yard of any Lot or street; provided, however, that the provisions of this Section shall not apply to emergency vehicle repairs or construction vehicles used in connection with the construction of any Improvement as approved by the Architectural Control Committee. No motor vehicle of any type, or part thereof, shall be permitted to remain on any Lot or street in an exposed position and in a non-operative condition, for more than thirty (30) days in any calendar year. Any such vehicle or part thereof which does not display current or valid license plates and safety inspection stickers, as required by law, shall be deemed to be a "non-operating condition vehicle" and may be removed at the request of any Owner and at the expense of the Owner in violation, after a ten (10) day written notice has been provided.

3.18 Snow Mobiles, ATVs, Motor Cycles, Etcetera.

Snowmobiles, ATVs, motorcycles, and other recreational vehicles and equipment (all generally referred to as "Recreational Equipment"), shall not exceed 15 mph while operating in the Subdivision. It is the intent of the Declarant not to allow high speed use of Recreational Equipment anywhere within the Subdivision (including their operation on Lots, Private Roads and Common Areas). The 15 mile per hour speed limited is intended to allow Recreational Equipment to be driven to and from the Subdivision but is not intended to allow recreational use within the Subdivision. All recreational use is intended to occur outside of the Subdivision.

3.19 Commercial Machinery and Equipment.

No commercial machinery or equipment of any kind shall be placed, operated or maintained upon or adjacent to any Lot within the Subdivision except such machinery or equipment that is usual and customary in connection with the development, maintenance or construction of a residence, appurtenant structures, or other Improvements within the Subdivision.

3.20 Antennas.

Except as specified herein, antennas, satellite dishes, or other devices for the transmission or reception of television, radio or electric signals or any other form of electromagnetic radiation shall not be erected on the front yard of any Building Site. Notwithstanding the above, a television antenna may be attached to the side of a dwelling, if using a fireplace chimney for support; satellite dishes exceeding 18 inches in diameter shall be painted an earth tone color and shall be concealed from view of adjoining Owners by appropriate enclosure or other year-round screening, as approved by the Architectural Control Committee; and satellite or digital antenna dishes of 18 inches in diameter or less may be attached to any part (front, back, or side) of a dwelling.

3.21 Storage Tanks.

Any tank used in connection with any dwelling (e.g. for storage of gas, oil or water) and any type of refrigeration or heating apparatus must be located above ground and concealed from view of adjoining Owners by appropriate enclosure or other year-round screening, as approved by the Architectural Control Committee.

3.22 House Numbers and Mailboxes.

Each dwelling shall have a street number discreetly placed at or near the street entrance to the Lot. Mailboxes installed along the roads shall be of wood construction with a wood post in order to achieve a uniform appearance. Mailboxes shall be paid for by the Owner.

3.23 Fishery Management.

The Association shall establish fishery management procedures (including, but not limited to, stocking and harvesting procedures and fishing rules) as needed to protect the health and welfare of the fish habitat. In establishing fishery management procedures, the Association will endeavor to comply, where applicable, with the rules and regulations as established from time to time by Idaho Fish and Game. Owners and their guests shall be required to comply with the most current fishing rules published by the Association.

3.24 Maintenance of Dams, Water Conveyance Systems and Water Quality.

The Association shall have the authority to adopt rules and regulations to ensure and maintain the safety and function of the dams that retain water in the reservoirs known as Blackhawk Lake and Blackhawk Pond; the water conveyance systems leading into and out of Blackhawk Lake and Blackhawk Pond; and the natural beauty and water quality of Blackhawk Lake and Blackhawk Pond.

3.25 General Restrictions Applicable to Common Areas and Common Facilities.

3.25.1 The Common Areas and Common Facilities shall be under ownership and control of the Declarant until the Declarant creates and deeds over the said Common Areas and Common Facilities. Declarant retains the right to create and deed over Common Areas and Common Facilities as it deems appropriate, but Declarant must deed all Common Areas and Common Facilities to the Association as of the date Declarant owns not more than five percent (5%) of the Lots collectively then within the Subdivision.

3.25.2 Subject to the Association Rules, the following persons shall have the exclusive right of use of all Common Areas and Common Facilities:

- (a) Members of the Association (Owners), their immediate families, guests and the tenants of such members.
- (b) Declarant, its invitees, guests, tenants, employees and agents, and its successors and assigns, while Declarant, its successor or

assigns are engaged in the development and/or sale of property within the Subdivision.

- (c) Such other persons or entities as the Association shall from time to time grant the right of use.

3.25.3 The use of Common Areas and Common Facilities shall at all times be subject to the rules, regulations and user charges, if any, prescribed by the Declarant from time to time (prior to the deeding of such Common Areas and Common Facilities to the Association) and thereafter, as prescribed by the Association from time to time.

3.25.4 The use of said Common Areas and Common Facilities shall be subject to such easements and reservations of rights of Declarant hereinafter described and made of record.

3.25.5 Only the Declarant (prior to title to the Common Area vesting in the Association) or the Association (after vesting of title) shall be permitted to engage in construction, excavation or other work which in any way alters any Common Area or Common Facility. Construction, excavation or other work shall only be made in strict compliance with provisions of Section 3.26.

3.25.6 Any portion of a Common Area may be developed by constructing thereon one or more additional recreational facilities by the Association.

3.25.7 There shall be no use of a Common Area or Common Facility which injures, erodes, or scars the same or the vegetation thereon, or increases the cost of maintenance thereof, unless expressly permitted by the Association and in any event, there shall be no use of a Common Area or Common Facility which causes unreasonable embarrassment, disturbance, or annoyance to Owners in the enjoyment of their Lots.

3.25.8 There shall be no camping in any Common Area.

3.26 Common Areas: Construction and Alteration of Improvements, etc.
After title to a Common Area is vested in the Association, no Improvement, excavation or work which in any way alters such Common Area from its state on the date such Common Area is so conveyed, shall be made or done except upon strict compliance with the following provisions of this section:

3.26.1 With the exception of the Declarant (prior to the time that the Association is vested with fee title to said Common Area), or a public utility or governmental agency (by right of easement), only the Association shall have the right to construct Improvements upon, or make any excavation or fill upon, or change the natural or existing drainage of, or destroy or remove any tree, shrub, or other vegetation, upon, or plant any tree, shrub or other vegetation upon any Common Area.

3.26.2 If the Association, or any entity under right of easement, proposes to construct a new Improvement or alter the exterior of an existing Improvement upon a Common Area, or to make any excavation or fill upon, or to change the natural or existing drainage of surface waters, upon a Common Area, it shall not do so until a permit has been obtained from the Architectural Control Committee. The Association, or entity proposing to do such work shall submit to the Architectural Control Committee for approval plans for such work in such form and containing such information as the Architectural Control Committee may require. The Architectural Control Committee shall approve the plans so submitted if the following conditions have been satisfied:

- (a) If the plans are to construct any new Improvement, including any alteration of the exterior of any existing Improvement, the Architectural Control Committee finds that such Improvement complies with these Covenants and Conditions; and
- (b) That such work if under right of easement: (aa) is reasonably necessary for any utility installations serving any property within the Subdivision or any property to be annexed to the Subdivision, or any property for which an easement has been reserved or granted by Declarant, (bb) is desirable in order to provide or improve access to or to enhance the use and enjoyment of any such property, or (cc) is desirable to protect or preserve any property within the Subdivision; and
- (c) The Architectural Control Committee finds that the proposed work shall not materially prejudice the Subdivision.

3.26.3 Without approval of the Architectural Control Committee, the Association may:

- (a) Construct, reconstruct, replace or refinish any Improvement or portion thereof upon Common Areas in accordance with the plans

for such Improvement as they existed upon the Common Area when it was conveyed to the Association;

- (b) Replace destroyed trees or other vegetation with native plants, and, to the extent that the Association deems necessary; plant other native trees, shrubs, ground cover and other native vegetation;
- (c) Take whatever measures that may be necessary to prevent or retard the shifting or sliding of earth.

3.26.4 Without approval of the Architectural Control Committee, the Declarant may construct, reconstruct, replace or refinish any Improvement intended to be constructed on a Common Area, or any portion thereof, as a part of the development work of the Subdivision.

3.27 Mining/Oil Drilling.

No oil drilling, oil development operations, oil refining, quarrying, or mining operations of any kind, shall be permitted upon or in the Subdivision, nor shall oil wells, tanks, tunnels or mineral excavations or shafts be permitted upon the surface of the Subdivision or within five hundred (500) feet below the surface of the Subdivision. No derrick or other structure designed for use in boring for oil or natural gas shall be erected, maintained or permitted upon the Subdivision.

3.28 Work in Progress.

The Architectural Control Committee or its representative may inspect all grading and construction work while such work is in progress and give notice of non-compliance when it believes that the provisions of this Declaration have not been complied with, and such person(s) shall not be deemed guilty of trespass by reason of such entry. If no notice of non-compliance has been sent, then the Owner shall be deemed to be in compliance upon occupancy of the dwelling and related structure and other Improvements.

3.29 Restriction on Further Subdivision.

No Lot within the Subdivision shall be further subdivided or separated into smaller Lots or parcels by any Owner and no portion less than all of any such Lot shall be conveyed or transferred by any Owner. This provision shall not, in any way, limit Declarant from

subdividing any portion of the Subdivision or Lot owned by Declarant into multiple Lots. No portion of a Lot but for the entire Lot, together with the Improvements thereon, may be rented. The provision of this section shall not apply to the division of any Lot between adjoining Lots.

3.30 Boating and other Activities on the Lake and Pond.

In order to preserve the water quality and serenity of Blackhawk Lake and Blackhawk Pond, the following restrictions will apply:

- 3.30.1 Use of boats, canoes and rafts upon Blackhawk Lake and Blackhawk Pond is limited to sailing, floating, touring and fishing at speeds of less than fifteen (15) miles per hour.
- 3.30.2 Boats, canoes and rafts may be powered by electric motors, sails or human power, but (except as noted below in the case of the Declarant) no petroleum powered motors are permitted to be used or placed within Blackhawk Lake or Blackhawk Pond. The exception granted to the Declarant is as follows: the Declarant or its agents may operate a petroleum powered boat for sales presentation or maintenance purposes until the Declarant has sold all ownership interest in the Subdivision.
- 3.30.3 No water skiing, jet skiing or motorized racing of boats, canoes or rafts is permitted on Blackhawk Lake or Blackhawk Pond.
- 3.30.4 No snowmobiling is permitted on Blackhawk Lake or Blackhawk Pond at any time.
- 3.30.5 Only Lots having frontage on Blackhawk Lake are permitted to have private boat docks and no more than one dock will be permitted per Lot. Private boat docks shall not exceed 16 feet in length and 5 feet in width. Docks and walkways to docks shall not disturb wetland and riparian habitat that surrounds Blackhawk Lake. Dock design and location must be approved by the Architectural Control Committee and conform to Federal, State, and County laws.

ARTICLE FOUR
Architectural Control Committee

4.1 There is hereby established an Architectural Control Committee (the "Committee"), whose members shall be appointed or removed by Declarant except as provided in Section 4.3. This Committee shall consist of three voting members.

4.2 The initial members of the Architectural Control Committee are:

<u>Name</u>	<u>Address</u>
Larry B. Barnes	1401 Shoreline Drive P.O. Box 2797 Boise, Idaho 83701
James K. Ball	1401 Shoreline Drive P.O. Box 2797 Boise, Idaho 83701
David A. Clinger	23568 Pondview Place Golden, Colorado 80401

Each of said persons shall hold office until such time as they have resigned, have been removed, or their successor has been appointed.

4.3 The right to appoint and remove members of the Committee shall be vested in the board of Directors of the Association from and after the expiration of the eighteenth month following the date Declarant owns not more than five percent (5%) of the Lots collectively then within the Subdivision, unless during such eighteen (18) month period, Declarant's percentage of ownership is increased to more than five percent (5%) of the Lots collectively within the Subdivision by reason of the annexation of property to the Subdivision pursuant to Article Six Section 6.4, in which event said eighteen (18) month period will not start to run until Declarant again owns not more than five percent (5%) of the Lots collectively then within the Subdivision. Upon the right to appoint and remove members of the Committee being vested in the Board of Directors of the Association, the appointment and removal of members of the Committee shall be made by the Board of Directors of the Association in accordance with the By-Laws of the Association.

4.4 The Architectural Control Committee shall, in accordance with the procedures set forth in Article Three hereof, have the responsibility to interpret the Covenants and Conditions relating to the construction plans and plans for Improvements of the Lots, pursue approvals and certificates of compliance with the Covenants and Conditions and inspect and enforce the

Covenants and Conditions. In addition, the Committee, when appointed solely by Declarant, shall have the right from time to time to amend any of the Covenants and Conditions set forth in Article Three, upon a two-thirds majority vote of its members, but no amendment to the Covenants and Conditions shall be applied retroactively to affect plans and specifications (as that term is defined in Section 4.5 hereof) previously approved by the Committee, or Improvements constructed or being constructed pursuant thereto.

4.5 No Improvements shall be constructed, erected, placed, altered, maintained or permitted on any Building Site until the design, and construction plans, specifications, Site plan and landscaping plan, and time schedule for completion of construction and landscaping (collectively hereinafter referred to as "plans and specifications"), in manner and form satisfactory to the Committee, have been submitted to and approved by the Committee. Such plans and specifications shall be submitted in writing over the signature of the Owner or his authorized agent.

4.6 Proposed plans and specifications must be submitted to the Architectural Control Committee along with a non-refundable fee of \$250.00. Plans and specifications must be prepared or approved by a State licensed architect prior to submission to the Architectural Control Committee. The initial sketch or concept drawing indicating floor plan, elevations, site and plot plan indicating all buildings, driveways, and attached fencing if required, should be approved by the Architectural Control Committee before Owners are committed to a large investment for detailed architectural drawings.

4.7 Approval shall be based, among other things, on the Covenants and Conditions, the adequacy of Building Site dimensions, conformity and harmony of external design with neighboring structures, effect of location and use of Improvements on neighboring Building Sites, operations and uses; relation to topography, grade, finished ground elevation and landscaping of the Building Site being improved to that of neighboring Building Sites; proper facing of main elevation with respect to nearby streets; and conformity of the plans and specifications to the purpose and general plan and intent of these Covenants and Conditions. The Committee shall not arbitrarily or unreasonably withhold its approval.

4.8 If the Committee fails either to approve or to disapprove such plans and specifications (including resubmission of disapproved plans and specifications which have been revised) within forty-five (45) days after the same have been submitted to it (provided that all required information has been submitted), it shall conclusively be presumed that said plans and specifications have been approved subject, however, to the Covenants and Conditions contained in Article Three hereof or as amended and of record as of the date of submission of such plans and specifications. Provided, however, that if within said initial forty-five (45) day period, Declarant gives written notice of the fact that an additional forty-five (45) day period is required for examination and review of such plans and specifications, there shall be no

presumption that the same are approved until the expiration of the additional forty-five (45) day period of time as set forth in said notice. The Committee shall notify the Owner in writing upon receipt of all required plans and specifications and the aforesaid initial forty-five (45) day time period shall commence on the date of such notification.

4.9 Neither the Committee, its individual members, nor Declarant or their respective successors or assigns shall be liable in damages to any one submitting plans and specifications to them for approval, or to any Owner or Occupant of the Property affected by these Covenants, by reason of a mistake in judgment, negligence or nonfeasance arising out of or in connection with the approval or disapproval or failure to approve any such plans and specifications. Every person who submits plans and specifications to the Committee for approval agrees, by submission of such plans and specifications, and every Owner or Occupant of any Building Site agrees, by acquiring title thereto or an interest therein, that he will not bring any action or suit against the Committee, its individual members, or Declarant to recover such damages.

ARTICLE FIVE

Property Owner's Association

5.1 Organization.

5.1.1 The Declarant shall organize and establish a non-profit homeowners' corporation by the time Declarant's ownership of Lots collectively then within the Subdivision is not more than five percent (5%). This non-profit corporation shall be designated the "Blackhawk Lake Subdivision Property Owners Association" and is generally referred to herein as the "Association". The Declarant shall release control over the Subdivision Architectural Control Committee and control and ownership of the Subdivision Common Areas and Common Facilities to the Association within eighteen (18) months following the date Declarant owns not more than five percent (5%) of the Lots collectively then within the Subdivision (control may be transferred completely or on a case by case basis prior to the close of the eighteen (18) month deadline). Upon transfer of control from the Declarant, the Association shall then begin to exercise the powers and authority granted by these Covenants and Conditions (according to the Association's Bylaws and Articles of Incorporation).

5.1.2 The Declarant will set up a Foundation prior to the organization and establishment of the Association. The Foundation will collect "Maintenance Fees" until control over the Architectural Control Committee is transferred to the Association. The purpose of the Maintenance Fees shall be the maintenance of the roadways, traffic control, planting areas within roadways, security,

Common Areas, Common Facilities and common services of every kind and nature required or desired within the Subdivision for the general use and benefit of all Lot Owners. At the time Declarant transfers control to the Association, the Maintenance Fee funds then held by the Foundation shall also be transferred to the Association and the Association will then assume the Foundation's duty to oversee the maintenance of the Subdivision and the collection of Maintenance Fees. The Association will create and maintain a Maintenance Fee reserve fund in an amount which shall always be sufficient to maintain the purposes of the Association for at least a one year period.

5.1.3 Upon establishment by the Declarant, the Association shall be charged with the duties and empowered with the rights set forth herein and in its By-Laws. It shall be created by its Articles and its affairs shall be governed by its Articles and By-Laws and by these Covenants and Conditions.

5.1.4 In the event that the Association as a corporate entity is dissolved, a non-profit, unincorporated association shall forthwith and without further action or notice, be formed and succeed to all the assets, rights, privileges, duties, and obligations of the Association.

5.2 Membership.

5.2.1 Each Owner of a Lot shall be members of the Association:

5.2.2 If more than one person owns the Lot giving rise to the appurtenant membership, all of said persons shall be deemed one membership and the membership shall be in the name of one designated individual. With respect to each Lot, the Board of Directors (the "Board") shall at all times have the power to limit the number of persons (other than immediate family of the designated member) who shall have the right to use the Common Areas and Common Facilities under any one membership.

5.2.3 The rights, duties, privileges and obligations of a member shall be in accordance with these Covenants and Conditions, the Articles and By-Laws.

5.2.4 In the event of the dissolution of the Association, upon the formation of an unincorporated association, each member of the Association shall be a member of the unincorporated association and shall have an underlying beneficial interest in all of the property transferred to or for the benefit of said unincorporated association; provided, however, that there shall be no judicial partition of such

property, or any part thereof, nor shall any such member acquiring any interest in said property, or any part thereof, seek any such judicial partition.

5.3 Purpose.

The purpose of the Property Owner's Association shall be the maintenance of roads, traffic control, planting areas within roadways, security, fishing habitat, Common Areas, Common Facilities and common services of every kind and nature required or desired within the Subdivision for the general use and benefit of all lot Owners.

5.4 Voting Rights.

One vote for each Lot owned. Every member entitled to vote at any election of the Board may cumulate his votes and give any candidate a number of votes equal to the number of votes which the member has, multiplied by the number of directors to be elected. The right to vote may not be severed from the property to which it relates and any sale, transfer or conveyance of fee title of the property to a new Owner, shall operate to transfer the appurtenant vote or votes to the grantee.

5.5 Duties of the Association.

5.5.1 The Association shall accept as members all persons described in Section 5.2 above.

5.5.2 Immediately prior to any dissolution of the Association as a corporate entity, the Association shall convey all property vested in it to an independent corporate trustee to hold same in trust for the unincorporated association to be formed for the benefit of the Members.

5.5.3 The Association shall maintain and operate any Common Areas and Common Facilities which it owns for the benefit of those entitled to use such facilities pursuant to these Covenants and Conditions.

5.5.4 The Association shall, at the expense of the Owner, provide for the maintenance of any Lot or Improvement thereon which is not maintained by the Owner in accordance with the requirements of these Covenants and Conditions.

5.5.5 The Association shall pay all taxes and assessments levied upon any Association property.

5.5.6 The Association shall contract for or otherwise provide such services as required by majority vote of the membership.

5.5.7 At a minimum, the Association shall obtain and maintain in force the following policies of insurances:

- (a) Fire and extended coverage insurance on all property owned by the Association from time to time, the amount of such insurance to be not less than ninety percent (90%) of the aggregate full insurable value, meaning actual replacement value (exclusive of the cost of excavation, foundations and footings), of such improvements as determined by the Association.
- (b) Bodily injury liability insurance with limits of not less than Five Hundred Thousand Dollars (\$500,000.00) per person and One Million Dollars (\$1,000,000.00) per occurrence insuring against any and all liability with respect to its operations; and
- (c) Property damage liability insurance with a deductible of not more than One Thousand Five Hundred Dollars (\$1,500.00) and a limit of not less than Five Hundred Thousand Dollars (\$500,000.00) per accident.

The above policies of liability insurance shall cover as insureds the Declarant, the Association, the Board, the Architectural Control Committee, the Owners of all Lots in the Subdivision, and their agents, representatives, members and employees. Each policy of insurance obtained by the Association shall expressly waive any and all rights of subrogation against Declarant, its agents, representatives, and employees, and any Owner.

5.5.8 The Association shall accept and act upon applications submitted to it for the development of additional Common Facilities.

5.5.9 The Association shall from time to time make, establish, promulgate, amend and repeal Association rules and establish user charges for Common Facilities.

5.5.10 After the control of the Architectural Control Committee is transferred from the Declarant to the Board of Directors of the Association, the Association shall appoint and remove members of the Architectural Control Committee and insure that at all reasonable times there is a duly constituted and appointed Architectural Control Committee.

5.11 The Association shall levy assessments upon all members of the Association and take such action as the Board deems to be required for the collection of assessments and user charges.

5.5.12 The Association shall take such actions, whether or not expressly authorized by these Covenants and Conditions, as may reasonably be necessary to implement and enforce these Covenants and Conditions, the Association rules and the Architectural Control Committee rules.

5.6 Powers and Authority of the Association.

The Association shall have all of the powers set forth in its Articles of Incorporation, including the power to levy and collect assessments from all members hereinafter provided, together with its general powers as a non-profit corporation (subject only to the limitations upon the exercise of such powers as are expressly set forth in the Articles, the By-Laws and in these Covenants and Conditions) to do all lawful things which may be required to be done by the Association under these Covenants and Conditions and to do all acts which may be necessary for or incidental to the exercise of any express power of the Association or for the peace, health, comfort, safety and/or general welfare of the members of the Association. Without in any way limiting the generality of the foregoing:

5.6.1 The Association shall have the power and authority at any time without liability to any Owner, to enter upon any Lot for the purpose of enforcing these Covenants and Conditions, or for the purpose of maintaining any such Lot, and any Improvements thereon, if for any reason whatsoever the Owner thereof fails to maintain such Lot or any structure thereon as required under these Covenants and Conditions, and for the purpose of removing therefrom any improvement constructed or maintained on any Lot contrary to the provisions of these Covenants and Conditions. The Association shall have the power to commence and maintain actions to restrain and enjoin any breach or threatened breach of these Covenants and Conditions.

5.6.2 The Association, in fulfilling any of its duties, under these Covenants and Conditions, shall have the power and authority to:

- (a) Contract and pay for, or otherwise provide for, the maintenance, restoration and repair of all property which it owns from time to time, or leases from time to time when said lease provides that the Association shall be obligated to so maintain, restore and repair such leased property;

- (b) Obtain, maintain, and pay for such insurance policies or bonds, as the Association shall deem to be appropriate for the protection or benefit of the Subdivision, the Association, the members of the Board, the members of the Architectural Control Committee, or the members of the Association, including, but without limitation, war risk insurance, boiler insurance, workmen's compensation insurance, malicious mischief insurance, automobile non-ownership insurance, and performance and fidelity bonds;
- (c) Contract and pay for, or otherwise provide for, such utility services to property which it leases or owns, including, but without limitation, water, sewer, garbage, electrical, telephone and gas services, as may from time to time be required;
- (d) Contract and pay for, or otherwise provide for, the services of architects, engineers, attorneys and certified public accountants and such other professional and non-professional services as the Association deems necessary;
- (e) Contract and pay for, or otherwise provide for, fire, police, and such other protection services as the Association shall from time to time deem necessary for the benefit of the Subdivision, any property located within the Subdivision, and Owners;
- (f) Contract and pay for or otherwise provide for, such materials, supplies, furniture, equipment, and labor, as and to the extent the Association deems necessary; and
- (g) Pay and discharge any and all liens from time to time placed or imposed upon property of the Association on account of any work done or performed by the Association in fulfillment of any of its duties.
- (h) Employ the services of a manager to manage the affairs of the Association and, to the extent not inconsistent with the laws of the State of Idaho and upon such conditions as are otherwise deemed advisable by the Association, the Association may delegate to the manager any of its powers under these Covenants and Conditions.
- (i) Contract for the operational management of any or all of the Common Facilities as it shall from time to time see fit.

- (j) Pay, compromise or contest any and all taxes and assessments levied against all or part of any property belonging to the Association.
- (k) Subject to the provisions of these Covenants and Conditions adopt, amend and repeal rules and regulations to be known as "Associated Rules" governing, among other things:
 - (aa) The use of the Common Areas and Common Facilities including the Private Roads;
 - (bb) The use of Association property;
 - (cc) The collection and disposal of refuse;
 - (dd) The burning of open fires;
 - (ee) The keeping and maintenance of animals within the Subdivision; and
 - (ff) Other activities in the Subdivision which would adversely effect the peace and enjoyment of residents in the Subdivision.
- (l) Grant concessions and/or leases and approve subleases, with respect to any of the Common Facilities;
- (m) Establish and collect reasonable user charges for any Common Area or Common Facility which it owns.

5.7 Lien for Assessments.

- 5.7.1 If any lot Owner shall fail or refuse to make any such payment of dues and assessment when due, the amount thereof shall constitute a lien on the Lot as set forth in the deed of conveyance to the Owner, and upon the recording of notice thereof by the Association in the office of the Valley County Recorder, such lien shall be constituted upon such Owner's interest prior to all other liens and encumbrances, recorded or unrecorded, except only (a) taxes, special assessments and special taxes theretofore or thereafter levied by any political subdivision or municipal corporation of this state and any other state or federal taxes which by law are a lien on the interest of such lot Owner prior to pre-existing recorded encumbrances thereon, and (b) all sums unpaid on a first

mortgage or first deed of trust of record, including all unpaid obligatory sums as may be provided by such encumbrance.

- 5.7.2 The Association shall send a notice, postage prepaid, to any such encumbrancer whose encumbrance was recorded prior to the time of recording the notice of lien provided for in this section, at the address shown in the recorded encumbrance; provided that if such encumbrancer has furnished the Association with another address, then such other address shall be used, and said Association shall not foreclose its said lien until at least thirty (30) days after the date of depositing such notice in the United States mails, postage prepaid, to the address of such encumbrancer.

Any encumbrancer holding a lien on a Lot may pay any common expenses payable with respect to such Lot, and, if so provided in an encumbrance, may add the amount of such payment to the unpaid balance secured by his lien, and such added amount shall have the same priority and lien rights as the unpaid balance to which added.

- 5.7.3 The lien provided for in this section shall be in favor of the Association and shall be for the benefit of all other Lot Owners, and may be foreclosed by an action brought in the name of the Association in a like manner as a mortgagee of real property. In any such foreclosure the Owner shall be required to pay the costs and expenses of such proceedings, the costs and expenses for filing the notice or claim of lien, and all reasonable attorney fees. The Owners shall also be required to pay the Association all assessments for the Lot during the period of foreclosure, and the Association shall be entitled to a Receiver to collect the same. The Association shall have the power to bid in the interest so foreclosed at foreclosure sale and to acquire and hold, lease, mortgage and convey the same; and to subrogate so much of its rights to such lien as may be necessary to expedient to an insurance company which will continue to give total coverage in spite of nonpayment of such defaulting Owner's portion of the premium.

- 5.7.4 The Association and its officers and directors, shall not be liable or accountable in damages for any action taken pursuant to the provisions of this Declaration.

5.8 Certificate of Assessments.

Upon payment of a reasonable fee, as established by the Association and upon the written request of any Owner, mortgagee, prospective grantee or prospective mortgagee, of a Lot, the Association -- by its financial officer, shall issue a written Certificate setting forth the amount of unpaid common expenses, if any, with respect to the subject Lot; the amount of

the current assessment and the date upon which such assessment becomes due; and credit for advanced payments or for prepaid items (including, but not limited to, insurance premiums). Such Certificate shall be conclusive upon the Association in favor of all persons who rely thereon in good faith. Unless such request for a Certificate of Assessments be complied with within ten (10) days of the receipt of the request, then (a) in the case of a request by a mortgagee or prospective mortgagee, all unpaid common expenses which become due prior to the date of making such request shall be subordinate to the lien of said mortgagee or prospective mortgagee, or (b) in the case of a request by a prospective grantee, he shall not be liable for, nor shall the Lot conveyed be subject to a lien for, any unpaid assessments or common expenses which became due prior to the date of making such request. No failure of the Association to comply with a request for a Certificate shall relieve the Owner from personal liability for, or the subject Lot from the lien for, any unpaid assessments or common expenses. The provisions contained in this paragraph shall not apply upon the initial transfer of the Lot by Declarant.

ARTICLE SIX

6.0 Miscellaneous

6.1 A violation of covenants.

Whenever there shall have been built on any Lot, a structure which is in violation of these Covenants and Conditions, such persons as are authorized by the Board of the Association shall have the right to enter upon the property as to which such violation exists, and to summarily abate and remove at the expense of the Owners thereof, any erection, thing, or condition that may exist thereon contrary to the intent and meaning of the provisions thereof; and the Association, its agents, and assigns shall not thereby be deemed guilty of any manner of trespass for such entry, abatement, or removal. The costs and expenses of such entry, abatement, and removal shall become a lien upon the Lot upon the recording by the Association of a sworn statement with respect thereto in the Valley County real property records. In addition, if any person shall violate or threaten to violate any provisions of this instrument, it shall be lawful for any person or persons owning the real property in the Subdivision or for the Association to institute proceedings at law or in equity to enforce the provisions of this instrument, to restrain the person violating or threatening to violate them, and to recover damages, actual and punitive, together with reasonable attorney's fees, for such violations.

6.2 Term.

The Covenants and every provision hereof shall continue in full force and effect for a period of twenty-five (25) years from the date hereof, and shall thereafter be automatically

renewed for successive ten (10) year periods unless and until terminated as provided in Article Six, Section 6.3 hereof.

6.3 Termination and Modification.

To the extent set forth in Section 6.4 of this Article Six, the Declarant may supplement these Covenants and Conditions at any time during the term hereof. Otherwise, these Covenants and Conditions and every provision hereof may be terminated, extended, modified or amended, as to the whole of said Subdivision or any portion thereof, with the written consent of the Owners of sixty-five percent (65%) of the square footage of the Subdivision (other than Common Areas, Common Facilities, streets and other areas dedicated to the appropriate municipalities), subject to these restrictions: provided, however, that during the initial twenty-five (25) year term of these Covenants, no such termination, extension, modification or amendment shall be effective without the written approval of Declarant so long as the Declarant continues to own any ownership interest in the Subdivision. Such termination, extension, modification or amendment shall be immediately effective upon recording a proper instrument in writing, executed and acknowledged by such Owners (and/or by Declarant as provided herein) in the office of the Recorder of Valley County, Idaho.

6.4 Amendment.

The conditions, restrictions, stipulations and agreements, and covenants contained herein shall not be waived, abandoned, terminated, nor amended except by written consent of two-thirds of the Owners of Lots, provided however, the Architectural Control Committee (when appointed by the Declarant) may amend the Conditions and Covenants set forth in Article Three, as provided in Article Four, Section 4.4, and the Declarant may amend Article One to include additional land within the property covered by these Covenants and Conditions so long as such land adjoins land then covered by these Covenants and Conditions, and such land is owned by Declarant at the time of the Amendment: (for the purposes of this paragraph, land separated only by roads shall be deemed to "adjoin"). The Amendment to include such land shall be effected by Declarant having recorded a declaration describing the land to be included, setting forth such additional limitations, restrictions, covenants and conditions as are applicable to such land; and declaring the land is to be held, sold, conveyed, encumbered, leased, occupied and improved subject to the Covenants and Conditions, hereof.

6.5 Valley County Regulations.

To the extent that the applicable county or other governmental regulations, rules, or codes and ordinances or laws are more restrictive in their allowable land utilization than these Covenants and Conditions, they shall supersede these Covenants and Conditions and govern at all times.

6.6 Assignments of Declarant's Rights and Duties.

Any and all of the rights, powers and reservations of Declarant herein contained may be assigned by Declarant to any person, corporation or association which will assume any or all of the duties of Declarant hereunder, and upon any such person, corporation or association's evidencing its consent in writing to accept such assignment, said assignee shall, to the extent of such assignment, assume Declarant's duties hereunder, have the same rights and powers and be subject to the same obligations and duties as are given to and assumed by Declarant herein. Upon such assignment, and to the extent thereof, Declarant shall be relieved from all liabilities, obligations and duties hereunder. The term "Declarant" as used herein includes all such assignees and their heirs, successors and assigns. If at any time Declarant ceases to exist and has not made such an assignment, a successor Declarant may be appointed by the Owners of sixty-five percent (65%) of the Lots within the Subdivision upon compliance with the requirements of Section 6.3 of this Article Six.

6.7 No Waiver.

All of the conditions, covenants, restrictions and reservations contained in these Covenants and Conditions shall be construed together, but if it shall at any time be held that any one of said Covenants and Conditions, or any part thereof, is invalid, or for any reason becomes unenforceable, no other conditions, covenants, restrictions and reservations or any part thereof, shall be thereby affected or impaired.

6.8 Owner's Liability Subsequent to Sale.

Upon the sale of a Lot, the Owner so selling shall not have any further liability for the obligations thereon which accrue against the Lot sold after the date of the conveyance; provided, however, that nothing herein shall be construed so as to relieve an Owner of any Lot from any liabilities or obligations incurred prior to such sale pursuant to these Covenants and Conditions. Furthermore, any such sale shall not enlarge or extend the time for commencement of construction of a building upon a Building Site.

6.9 Personal Liability.

No member of the board or any committee of the Association or any officer of the Association, or the manager, if any, or member of the Architectural Control Committee or of Declarant, or any agent of Declarant, shall be personally liable to any Owner, or to any other party, including the Association, for any damage, loss or prejudice suffered or claimed on the account of any act, omission, error or negligence of any such person or entity in the administration or performance of duties imposed by this Declaration of Covenants, Conditions and Restrictions (or any Amendment thereof) provided that such person or entity has, upon the

basis of such information as may be possessed by him or it, acted in good faith without willful or intentional misconduct.

6.10 Benefits and Burdens.

The terms and provisions contained in this Declaration of Covenants, Conditions and Restrictions shall bind and inure to the benefit of the Declarant, the Owners and Occupants of all Lots located within the Subdivision, and their respective heirs, successors, personal representatives and assigns.

6.11 Notice.

Any notices required or permitted herein shall be in writing and mailed, postage prepaid by registered or certified mail, return receipt requested and shall be directed as follows: If intended for a Lot Owner (1) to the address of the if improved; (2) if the Lot is not improved to the address set forth in the purchase contract or purchase contract application; (3) if none of the foregoing, to the last known address of the Owner. If intended for Declarant, to the address previously set forth herein.

Fixtures, standards and all exposed accessories shall be harmonious with building design and shall be as approved by the Architectural Control Committee. Lighting shall be restrained in design, and excessive brightness shall be avoided. For instance, flood lights and other similar bright lights shall not be allowed; and all lighting shall be shielded and directed downward. Clear glass shall not be used on exterior light fixtures. All exterior lighting shall be in compliance with the Valley County lighting ordinance.

3.33 HOME OFFICE: A Lot may be used for a Home Office, so long as, in the Association's reasonable judgment, such activity would not:

- (a) create additional vehicular traffic to or from such Lot;
- (b) employ persons at such Lot other than those residing at such Lot;
- (c) require storage of any significant materials, machinery, inventory or other items on such Lot;
- (d) require processing of materials into finished products or the assembly of parts produced off site;

- (e) require additional parking at such Lot, whether for customers, delivery or otherwise;
- (f) be incompatible with the quiet enjoyment of the surrounding Lot by such Lots' Owners; or,
- (g) otherwise violate the provisions of the C&Rs.
- (h) As related to in section 3.1.1 no Lot shall be used for any retail, commercial, or business purpose, whatsoever other than a Home Office as defined here.

ARTICLE 4 ARCHITECTURAL CONTROL

- 4.1 **PURPOSE:** In order to preserve the natural beauty of Blackhawk Lake Estates and its setting, to maintain Subdivision as a pleasant and desirable environment, to establish and preserve a harmonious design for the community, and to protect and promote the value of property, exterior design, landscaping and use of all new development and additions, changes or alterations to existing use, landscaping and exterior design and development shall be subject to design review.
- 4.2 **OBJECTIVES:** Design review shall be directed towards attaining the following objectives for the Subdivision:
- 4.2.1 Preventing excessive or unsightly grading, indiscriminate earthmoving or clearing of property, removal of trees and vegetation which could cause disruption of natural watercourses or scar natural landforms.
 - 4.2.2 Ensuring that the location and configuration of structures are visually harmonious with the terrain and vegetation of the Lot and with surrounding Lots and structures;
 - 4.2.3 Ensuring that the architectural design of structures and their materials and colors are visually harmonious with the Subdivision's over-all appearance, history and cultural heritage, with surrounding development, with natural landforms and native vegetation, and with development plans, zoning requirements and other restrictions officially approved by the Association or any government or public authority, if any, for the areas in which the structures are proposed to be located;
 - 4.2.4 Ensuring that plans for the landscaping of open spaces provide visually pleasing settings for structures on such Lots and on adjoining and nearby Lots and blend harmoniously with the natural landscape;
 - 4.2.5 Ensuring that any development, structure, building or landscaping complies with the provisions of this Declaration, including but not limited to, those provisions set forth in Article 3, and all applicable provisions of the other Association Documents; and,
 - 4.2.6 Ensuring that building design and construction techniques respond to energy consumption and environmental quality considerations such as heat loss, air emissions, and run-off water quality.

4.3 ARCHITECTURAL CONTROL COMMITTEE:

- 4.3.1 The Association has established an Architectural Control Committee (“ACC”) which shall consist of three members appointed by the Board. The members need not be Owners or Lessees of Lots. The regular term of office for each member shall be one year, coinciding with the fiscal year of the Association or such other annual time period as the Board may determine. Any such member may be removed with or without cause by the Board at any time by written notice to such appointee. A successor or successors appointed to fill such vacancy shall serve the remainder of the term of the former member.
- 4.3.2 The ACC shall operate in accordance with its own rules of procedure. Said rules shall be filed with the Association and maintained in the records of the Association and shall be available to members of the Association.
- 4.3.3 The ACC is hereby authorized to retain the services of one or more consulting architects, landscape architects, urban designers, engineers, building contractors, consultants, inspectors and such other staff or consultants who shall be reasonably necessary to advise and assist the ACC in performing the design review functions prescribed in this Article 4. Such consultants may be retained to advise the ACC on a single project, on a number of projects, or on a continuing basis.

4.4 ACC APPROVAL AND CONTROL:

- 4.4.1 Neither the Association nor any Owner, lessee or any agent or contractor of the foregoing, shall perform any of the following without prior approval by the ACC of the plans and specifications for the project and the construction procedures to be used to insure compliance with Article 3: grading, clearing, or other ground disturbance; landscaping; construction of a building, fence, deck, patio, or other structure; erection of a sign; installation of exterior lighting; cutting, grubbing or removal of trees or vegetation; modification, change or alteration of the exterior of any existing structure, including staining or painting if a color materially different from the existing color; paving; the construction or exterior alteration of any improvements to any Lot or other property or building or structure thereon; or the change of the use of any Lot or other property or building or structure thereon. Alterations or remodeling which are completely within a building or structure and which do not change the exterior appearance and are not visible from the outside of the structure may be undertaken without ACC approval, provided such alterations or remodeling do not change the use of, or the number of dwelling units located on the Lot, or amount of commercial space in, the building or structure. All actions taken by the ACC shall be in accordance with Design Guidelines established by the ACC which shall be published as set forth in Section 4.5 and shall be in accordance with the purposes and intents of the Association Documents. Such Design Guidelines may be amended from time to time pursuant to Section 4.5 below. In the case of

any challenge to a decision of the ACC, the decision shall be upheld unless the Board finds by clear and convincing evidence the decision to be: (i) in express violation of the Association Documents; (ii) in express violation of an applicable federal, state, county or district statute, ordinance or regulation; or, (iii) arbitrary, capricious, unreasonable and oppressive. The ACC or its designated representative may inspect any approved project to the extent required to ensure that the construction or work on such project complies with any and all approved plans and construction procedures as well as any conditions of approval proposed by the ACC. The ACC or its designated representatives may enter upon any Property at any reasonable time or times to inspect the progress, work status, or completion of any project. In addition to any other remedies described herein, the ACC may withdraw approval of any project thereby stopping all activity at such project, as provided in the Design Guidelines.

4.4.2 Any material to be submitted or notice to be given to the ACC shall be submitted to the Board at its address, unless the ACC gives notice of a separate address to the members of the Association.

4.5 **DESIGN GUIDELINES:** The Association shall promulgate and publish rules and regulations that shall state the general design theme of all projects in the Subdivision, specific design requirements, and the general construction procedures that will or will not be allowed in the Subdivision. The Association shall also promulgate and publish rules and regulations that shall set forth the procedures to be followed and material which must be provided by any member of the Association or such member's authorized agents in order to obtain review of proposed construction by the ACC. The Design Guidelines may contain general provisions applicable to all of the Subdivision, as well as specific provisions which vary from one portion of the Subdivision to another depending upon the location, unique characteristics, and intended use.

4.6 **AMENDMENT OF DESIGN GUIDELINES:** The Design Guidelines may be amended as follows: the ACC may propose amendments to the Board, or the Board may adopt amendments of their own volition.

Any amendments to the Design Guidelines shall apply to construction and modification of structures and improvements commenced after the date of such amendment only and shall not apply to require modifications to or removal of Structures previously approved once the approved construction or modification has commenced; provided, the construction or modification has proceeded in accordance with the plans and specification therefore, as approved.

The ACC shall make the Design Guidelines available to Owners and Builders who seek to engage in development or construction within the Subdivision, and all such Persons shall conduct their activities in accordance with such Design Guidelines. The burden shall be on the owner and the builder to ensure that they have the most current Design Guidelines.

4.7 **REVIEW FEE:** The ACC may set a review fee schedule sufficient to cover all or part of the cost of ACC time, consultant's fees, and incidental expenses.

Applicants for design review may be required to deposit with the ACC a fee which the ACC deems sufficient to cover the costs of design review from which the actual costs shall be deducted when determined and the balance returned to the applicant following completion of the design review procedure.

- 4.8 **ENFORCEMENT OF PROVISIONS:** The Board shall be responsible for the enforcement of the restrictions set forth in Article 3 of this Declaration and the Design Guidelines; and, in the event that the ACC is unable through the process and procedures provided in the Design Guidelines to secure compliance, then the ACC shall refer the matter to the Board. This provision shall not limit the right of the Association to act under other provisions of the Covenants and Conditions. Subsequent to the completion of construction or action subject to review under Section 4.4, the Association shall have primary responsibility to enforce such restrictions.
- 4.9 **LAPSE OF ACC APPROVAL:** Approval of the design of a project shall lapse and become void eighteen months following the date of final approval of the project, unless prior to the expiration of one year, a building permit is issued, and construction is commenced and diligently pursued toward completion. An Owner may request an extension prior to expiration of the eighteen-month period by filing a written request therefore with the ACC, which request shall be reasonably granted; however, the ACC may grant such an extension subject to reasonable restrictions or conditions.
- 4.10 **LIABILITY:** Neither the Association nor the ACC nor any of their respective officers, directors, employees or agents shall be responsible or liable to any person for any defects in any plans or specifications submitted, revised or approved under this Article 4 nor for any defects in construction performed pursuant to such plans and specifications. Approval of plans and specifications under this Article 4 shall not relieve the Owner or Lessee of strict compliance with applicable governmental laws or regulations.
- 4.11 **EXTERIOR MAINTENANCE:** The Board may, by vote of a majority of the members present at any meeting, after 30 days notice to the Owner and, if applicable, the Lessee of the Lot, request that the Association provide exterior maintenance and repair upon any Lot, as follows:
- (a) If any Owner fails to maintain his Lot or improvements on such Lot or fails to perform any acts of maintenance or repair required under these Covenants and Conditions or the Design Guidelines, the Association may provide exterior maintenance and repair upon such Lot and improvements thereon, after 30 days prior written notice to the Owners and, if applicable, the Lessees of the Lot. In addition, the Association may, without notice, make such emergency repairs and maintenance as may in its judgment be necessary for the safety of any person or to prevent damage to any other property. The cost of such exterior maintenance and repair shall be assessed against the Owner of such Lot; shall be a lien and obligation of the Owner pursuant to Section 5.7 and Section 5.8 herein; shall be a joint and several liability of the Owners of the Lot. For the purpose of performing the exterior maintenance authorized by this Section, the Association,

through its duly authorized agents or employees, shall have the right, after reasonable notice to any Owner, to enter upon such Lot during reasonable hours on any day except Saturday or Sunday. The Association or its designee is hereby granted an irrevocable license over all property in the Subdivision to inspect (in a reasonable manner) property within the Subdivision in order to determine whether any maintenance or repair is necessary under this Section.

(b) Neither the Association, nor any of their respective directors, officers, agents or employees shall be liable for any incidental or consequential damages for failure to inspect any Lot or improvements or portion thereof or to repair or maintain the same. The Association or any other person, firm or corporation undertaking such repairs or maintenance shall not be liable for any personal injury or other incidental or consequential damages occasioned by any act or omission in the repair or maintenance of any Lot, improvements or portion thereof.

It is specifically noted, however, that all assessments shall be uniform as to each Lot. - 5.5.12 The Association shall take such actions, whether or not expressly authorized by these Covenants and Conditions, as may reasonably be necessary to implement and enforce these Covenants and Conditions, the Association rules and the Architectural Control Committee rules.

5.6 **POWERS AND AUTHORITY OF THE ASSOCIATION:** The Association shall have all of the powers set forth in its Articles of Incorporation, including the power to levy and collect assessments from all members hereinafter provided, together with its general powers as a non-profit corporation (subject only to the limitations upon the exercise of such powers as are expressly set forth in the Articles, the By-Laws and in these Covenants and Conditions) to do all lawful things which may be required to be done by the Association under these Covenants and Conditions and to do all acts which may be necessary for or incidental to the exercise of any express power of the Association or for the

5.7 ASSESSMENTS:

- 5.7.1 Obligation for Assessments and Other Amounts. Each Owner, by acceptance of a deed for his or her Lot, whether or not it shall be so expressed in any such deed or other conveyance, shall be conclusively deemed to have covenanted and agreed to pay to the Association Assessments and charges, fines, penalties or other amounts, to be levied, fixed, established and collected as set forth in these Covenants and Conditions and the Articles, Bylaws and rules and regulations of the Association as from time to time are in force and effect.

- 5.7.2 Purpose of Assessments and Other Amounts. The assessments levied and any charge, fine, penalty or other amount collected by the Association shall be used exclusively to pay expenses that the Association may incur in performing any actions or functions permitted or required under these Covenants and Conditions, or its Articles or Bylaws as from time to time are in force and effect, including the funding of Reserve and Contingency Accounts.

5.8 LIEN FOR ASSESSMENTS:

- 5.8.1 If any lot Owner shall fail or refuse to make any such payment of dues and assessment when due, the amount thereof shall constitute a lien on the Lot as set forth in the deed of conveyance to the Owner, and upon the recording of notice thereof by the Association in the office of the Valley County Recorder, such lien shall be constituted upon such Owner's interest prior to all other liens and encumbrances, recorded or unrecorded, except only (a) taxes, special assessments and special taxes theretofore or thereafter levied by any political subdivision or municipal corporation of this state and any other state or federal taxes which by law are a lien on the interest of such lot Owner prior to preexisting recorded encumbrances thereon, and (b) all sums unpaid on a first mortgage or first deed of trust of record, including all unpaid obligatory sums as may be provided by such encumbrance.

- 5.8.2 The Association shall send a notice, postage prepaid, to any such encumbrancer whose encumbrance was recorded prior to the time of recording the notice of lien provided for in this Section, at the address shown in the recorded encumbrance; provided that if such encumbrancer has furnished the Association with another address, then such other address shall be used, and said Association shall not foreclose its said lien until at least thirty (30) days after the date of depositing such notice in the United States mails, postage prepaid, to the address of such encumbrancer.

Any encumbrancer holding a lien on a Lot may pay any common expenses payable with respect to such Lot, and, if so provided in an encumbrance, may add the amount of such payment to the unpaid balance secured by his lien, and such added amount shall have the same priority and lien rights as the unpaid balance to which added.

- 5.8.3 The lien provided for in this Section shall be in favor of the Association and shall be for the benefit of all other Lot Owners and may be foreclosed by an action brought in the name of the Association in a like manner as a mortgagee of real property. In any such foreclosure the Owner shall be required to pay the costs and expenses of such proceedings, the costs and expenses for filing the notice or claim of lien, and all reasonable attorney fees. The Owners shall also be required to pay the Association all assessments for the Lot during the period of foreclosure, and the Association shall be entitled to a Receiver to collect the same. The Association shall have the power to bid in the interest so foreclosed at

foreclosure sale and to acquire and hold, lease, mortgage and convey the same; and to subrogate so much of its rights to such lien as may be necessary to expedient to an insurance company which will continue to give total coverage in spite of nonpayment of such defaulting Owner's portion of the premium.

5.8.4 The Association and its officers and directors, shall not be liable or accountable in damages for any action taken pursuant to the provisions of this Declaration.

5.9 **CERTIFICATE OF ASSESSMENTS:** Upon payment of a reasonable fee, as established by the Association and upon the written request of any Owner, mortgagee, prospective grantee or prospective mortgagee, of a Lot, the Association — by its financial officer, shall issue a written Certificate setting forth the amount of unpaid common expenses, if any, with respect to the subject Lot; the amount of the current assessment and the date upon which such assessment becomes due; and credit for advanced payments or for prepaid items (including, but not limited to, insurance premiums). Such Certificate shall be conclusive upon the Association in favor of all persons who rely thereon in good faith. Unless such request for a Certificate of Assessments be complied with within ten (10) days of the receipt of the request, then (a) in the case of a request by a mortgagee or prospective mortgagee, all unpaid common expenses which become due prior to the date of making such request shall be subordinate to the lien of said mortgagee or prospective mortgagee, or (b) in the case of a request by a prospective grantee, he shall not be liable for, nor shall the Lot conveyed be subject to a lien for, any unpaid assessments or common expenses which became due prior to the date of making such request. No failure of the Association to comply with a request for a Certificate shall relieve the Owner from personal liability for, or the subject Lot from the lien for, any unpaid assessments or common expenses.

ARTICLE 6 DISPUTE RESOLUTION

6.1 AGREEMENT TO ENCOURAGE RESOLUTION OF DISPUTES WITHOUT LITIGATION:

6.1.1 The Association and its officers, directors, all Members, and any Person not otherwise subject to these Covenants and Conditions who agrees to submit to this Article (collectively, “Bound Parties”), agree that it is in the best interest of all concerned to encourage the amicable resolution of disputes involving the Subdivision without the emotional and financial costs of litigation. Accordingly, each Bound Party agrees not to file suit in any court with respect to a Claim described in subsection 6.1.2 unless and until it has first submitted such Claim to the alternative dispute resolution procedures set forth in Section 6.2 in a good faith effort to resolve such Claim.

6.1.2 As used in this Article, the term “Claim” shall refer to any claim, tort claim, grievance or dispute arising out of or relating to:

- (i) the interpretation, application or enforcement of the Association Documents;
- (ii) the rights, obligations, and duties of any Bound Party under the Association Documents; or,
- (iii) the decisions of the Architectural Control Committee.

6.1.3 The following shall not be considered “Claims” unless all parties to the matter otherwise agree to submit the matter to the procedures set forth in Section 6.2:

- (i) any suit by the Association to collect Assessments or other amounts due from any Owner;
- (ii) any suit by the Association to obtain a temporary restraining order and such ancillary relief as the court may deem necessary in order to maintain the status quo and preserve the Association’s ability to enforce the provisions of any of the Association Documents;
- (iii) any suit between Owners, which does not include the Association as a party, if such suit asserts a Claim which would constitute a cause of action independent of the Association Documents;
- (iv) any suit in which any indispensable party is not a Bound Party;
- (v) any suit as to which any applicable statute of limitations would expire within 180 days of giving the Notice required by Section 6.2.1, unless the party or parties against whom the Claim is made agree to toll the statute of limitations as to such Claim for such period as may reasonably be necessary to comply with this Article; and,
- (vi) any suit by the Association to enjoin a continuing violation of or to enforce the provisions of any Association Document.

6.2 **DISPUTE RESOLUTION PROCEDURES:**

6.2.1 **NOTICE:** The Bound Party asserting a Claim (“Claimant”) against another Bound Party (“Respondent”) shall give written notice to each Respondent and to the Board stating plainly and concisely:

- (i) the nature of the Claim, including the person involved and the Respondent’s role in the Claim;
- (ii) the legal basis of the Claim (i.e. the specific authority out of which the Claim arises);
- (iii) the Claimant’s proposed resolution or remedy; and,
- (iv) the Claimant’s desire to meet with the Respondent to discuss in good faith ways to resolve the Claim.

6.2.2 **NEGOTIATION:** The Claimant and Respondent shall make every reasonable effort to meet in person and confer for the purpose of resolving the Claim by good faith negotiation. If requested in writing, accompanied

by a copy of the Notice, the Board may appoint a representative to assist the parties in negotiating a resolution of the Claim.

- 6.2.3 **MEDIATION:** If the parties have not resolved the Claim through negotiation within 30 days after the date of the Notice (or within such other time period as the parties may mutually agree upon), the Claimant shall have 45 additional days to submit the Claim to mediation with an entity designated by the Association (if the Association is not a party to the Claim) or to a mutually acceptable individual providing dispute resolution services in Idaho.

If the Claimant does not submit the Claim to mediation within such time, or does not appear for the mediation when scheduled, the Claimant shall be deemed to have waived the Claim, and the Respondent shall be relieved of any and all liability to the Claimant (but not third parties) on account of such Claim.

If the Parties do not settle the Claim in mediation, the mediator shall issue a notice of termination of the mediation proceedings indicating that the parties are at an impasse and the date that mediation was terminated. The Claimant shall thereafter be entitled to file suit.

Each party shall bear its own costs of the mediation, including attorney's fees, and each Party shall share equally all fees charged by the mediator.

- 6.2.4 **SETTLEMENT:** Any settlement of the Claim through negotiation or mediation shall be documented in writing and signed by the parties. If any party thereafter fails to abide by the terms of such agreement, the any other party may file suit or initiate administrative proceedings to enforce such agreement without the need to again comply with the procedures set for this in this Section. In such event the party taking action to enforce the agreement or award shall, upon prevailing, be entitled to recover for the non-complying party (or if more than one non-complying party, from all such parties) all costs incurred in enforcing such agreement or award, including, without limitation, attorneys' fees and court costs.

ARTICLE 7 MISCELLANEOUS

- 7.1 **A VIOLATION OF COVENANTS:** Whenever there shall have been built on any Lot, a structure which is in violation of these Covenants and Conditions, such persons as are authorized by the Board of the Association shall have the right to enter upon the property as to which such violation exists, and to summarily abate and remove at the expense of the Owners thereof, any erection, thing, or condition that may exist thereon contrary to the intent and meaning of the provisions thereof; and the Association, its agents, and assigns shall not thereby be deemed guilty of any manner of trespass for such entry, abatement, or removal. The costs and expenses of such entry, abatement, and removal shall become a lien upon the Lot upon the recording by the Association of a sworn statement with respect thereto in the Valley County real property records. In addition, if any person shall

violate or threaten to violate any provisions of this instrument, it shall be lawful for any person or persons owning the real property in the Subdivision or for the Association to institute proceedings at law or in equity to enforce the provisions of this instrument, to restrain the person violating or threatening to violate them, and to recover damages, actual and punitive, together with reasonable attorney's fees, for such violations.

- 7.2 **TERM:** The Covenants and every provision hereof shall continue in full force and effect for a period of twenty-five (25) years from the date hereof, and shall thereafter be automatically renewed for successive ten (10) year periods unless and until terminated as provided in Article 7, Section 7.3 hereof.
- 7.3 **AMENDMENT / TERMINATION BY THE OWNERS:** These Covenants and Conditions and every provision hereof may be terminated, extended, modified or amended, as to the whole of said Subdivision or any portion thereof, with the affirmative vote of the Owners of sixty-five percent (65 %) of Lots within the Subdivision who are present at a meeting at which a quorum is established, in person or by proxy and entitled to vote on such matter. Such termination, extension, modification or amendment shall be immediately effective upon recording a proper instrument in writing, executed and acknowledged by the Board in the office of the Recorder of Valley County, Idaho.
- 7.4 **AMENDMENT BY THE BOARD:** The Board may amend Article 1 to include additional land within the property covered by these Covenants and Conditions pursuant to the Settlement Agreement between the Prior Declarants and the Association dated February 9, 2007.

SECOND AMENDMENT TO THE RESTATED BLACKHAWK LAKE ESTATES DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS

This instrument constitutes the Second Amendment to the Restated Blackhawk Lake Estates Declaration of Covenants, Conditions and Restrictions (hereinafter generally referred to as the "Covenants and Conditions") which was recorded on November 6, 1996 as Instrument Number 222414 of the Official Records of Valley County, Idaho.

COMES NOW, at least two-thirds (2/3) of the current owners of the Lots in Blackhawk Lake Estates and do hereby declare that Article 5 and 6 of the Covenants and Conditions are hereby amended pursuant to Article 6, Section 6.4 of the Covenants and Conditions.

The specific modifications to Article 5 and 6 are set forth below.

ARTICLE FIVE Property Owner's Association

5.5 Duties of the Association

5.5.11 The Association shall levy assessments upon all members of the Association and take such action as the Board deems to be required for the collection of assessments and user charges. It is specifically noted, however, that all assessments shall be uniform as to each Lot. The cost of maintenance, repair and snow removal of Private Roads, and the cost of maintenance and repair of all Common Areas and Common Facilities in the Subdivision shall be divided equally between the Building Sites so that each Lot is assessed an equal prorated portion of the total assessment for the Subdivision.

ARTICLE SIX 6.0 Miscellaneous

6.3 Termination and Modification.

To the extent set forth in Section 6.4 of this Article Six, the Declarant may supplement these Covenants and Conditions at any time during the term hereof. Otherwise, these Covenants and Conditions and every provision hereof may be terminated, extended, modified or amended, as to the whole of said Subdivision or any portion thereof, with the written consent of the Owners of sixty-five percent (65%) of the Lots within the Subdivision, subject to these restrictions: provided, however, that during the initial twenty-five (25) year term of these Covenants, no such termination, extension, modification or amendment shall be effective without the written approval of Declarant so long as the Declarant continues to own any ownership interest in the Subdivision. Such termination, extension, modification or amendment shall be immediately effective upon recording a proper

instrument in writing, executed and acknowledged by such Owners (and/or by Declarant as provided herein) in the office of the Recorder of Valley County, Idaho.

6.4 Amendment.

The conditions, restrictions, stipulations and agreements, and covenants contained herein shall not be waived, abandoned, terminated, nor amended except by written consent of the Owners of sixty-five percent (65%) of the Lots within the Subdivision, provided however, the Architectural Control Committee (when appointed by the Declarant) may amend the Conditions and Covenants set forth in Article Three, as provided in Article Four, Section 4.4, and the Declarant may amend Article One to include additional land within the property covered by these Covenants and Conditions so long as such land adjoins land then covered by these Covenants and Conditions, and such land is owned by Declarant at the time of the Amendment (for the purposes of this paragraph, land separated only by roads shall be deemed to "adjoin"). The Amendment to include such land shall be effected by Declarant having recorded a declaration describing the land to be included, setting forth such additional limitations, restrictions, covenants and conditions as are applicable to such land; and declaring the land is to be held, sold, conveyed, encumbered, leased, occupied and improved subject to the Covenants and Conditions, hereof.

Pursuant to Article 6, Paragraph 6.4 of the existing Revised and Restated Covenants, Conditions and Restrictions of Blackhawk Lake Estates as amended, this Second Amendment to the Revised and Restated Covenants, Conditions and Restrictions have been approved by at least two-thirds of the Owners of the Lots in Blackhawk Lake Estates. Please note that this amendment has been approved by 44 out of 56 Owners of the Lots as shown by the attached original voting slips.

IN WITNESS WHEREOF, Declarant has executed this instrument this 6th day of Sept, 2000.

Prior to the creation of the Association by the Declarant, all rights granted to the Association by these Covenants and Conditions shall be reserved to and exercisable by Declarant.

2.2.3 "Building Site(s)" of "Sites" shall mean any contiguous plot of the Subdivision the size and dimensions of which shall be established by the legal description in the original conveyance from Declarant to the first fee Owner (other than Declarant) of said plot of the Subdivision. ARTICLE THREE

3.0 Covenants and Conditions

3.1 Land Use and Building Type.

No Building Site shall be used except for residential purposes, and each Site shall be limited to one Single Family Residence which may include an attached Maid/Guest House if it complies with applicable zoning and health department requirements. No building shall be erected, altered, placed, or permitted to remain on any Site other than for residential or recreational purposes or for a private garage, barn, and other out buildings incidental to residential use of the premises. All structures constructed on any Building Site shall be constructed with a substantial quantity of new materials and no used structure shall be relocated or placed on any Building Site. No trailer, motor or mobile home, basement, tent, shack, garage, barn, or other out building located or erected on a Building Site covered by these covenants shall at any time be used for private habitation, except in the following situations:

- (a) During the construction period for a given Lot (which must be completed within twelve (12) months - see Section 3.13) a recreational vehicle (camping trailer or motorhome) may be used for temporary habitation of the Lot Owner and/or Occupants as approved on a case by case basis by the Architectural Control Committee.
- (b) After the construction of a Single Family Residence has been completed upon a Lot, a recreational vehicle (camping trailer or motorhome) may be used for temporary habitation by guests for consecutive periods not exceeding fourteen (14) days or nights. At the conclusion of such fourteen (14) consecutive day or night occupancy period, the recreational vehicle must be removed from the Building Site for at least fourteen (14) consecutive days.

No Lot shall be used for any retail commercial or business purposes whatsoever. The covenants set forth within this Section 3.1 shall not apply to Declarant's or its agent's real estate sales office, and the activities conducted in connection therewith.

3.2 Approval of Construction Plans.

- 3.2.1 No building or other structure shall be constructed, erected, or maintained on any Lot, nor shall any addition thereto or change or alteration therein be made

unless it complies with the Valley County, Idaho zoning ordinances in existence with respect to the property and until the complete plans and specifications (including, but not limited to, the floor, elevations, plot, grading, and landscaping plans); provisions for off-street parking; the specifications of principal exterior materials and color schemes; and the location, character and method of utilization of all utilities) have been submitted to the Architectural Control Committee approved in writing, by the Architectural Control Committee. Each building or other structure shall be constructed, erected, and maintained in strict accordance with the approved plans and specifications.

3.2.2 The procedures dealing with the submission of plans to the Architectural Control Committee are set forth in Article Four.

3.3 Minimum Floor Area and Building Heights.

3.3.1 Single Family Residence - no main residence structure shall be permitted on any Building Site covered by these covenants, the habitable floor area of which, exclusive of basements, porches, and garages, is less than 1,500 square feet.

3.3.2 Single Family Residence - no main residence structure shall be permitted to have more than two (2) above ground floors. In the case of a two (2) story structure, the first floor shall have no less than 800 square feet of the required 1,500 square feet of total habitable floor area.

3.3.3 Maid/Guest House - the attached Maid/Guest House referenced in these covenants shall not be permitted on any Building Site covered by these covenants, unless it is accepted and complies with all applicable zoning and health department requirements. The total number of habitable floors shall not be more than two (2).

3.3.4 The maximum height of any building shall be in compliance with the Valley County zoning ordinances.

3.4 In-House Fire Suppression Systems.

As a result of improvements made to West Mountain Road in 1995 and 1996, in-house fire suppression systems are no longer required to be installed within residential structures built in the Subdivision. In light of the rural nature of the Subdivision and the distance to the closest fire station it is recommended, however, that Owners install fully functional, in-house, fire suppression, water sprinkling systems or monitored fire - smoke - burglar alarm systems

(which have been inspected and approved by an inspector licensed by the Idaho State Fire Marshall's Office) in all residential structures.

3.5 Set Back Requirements.

Some Lots have designated building envelopes as per the recorded Master Plan and Plat, if a building envelope is designated for a given Lot, all Improvements must stay within the designated building envelope. In the case of Lots where a building envelope is not designated on the Master Plan and Plat, there shall be no general rule for the location of Improvements with relation to property lines but the location of such Improvements must receive the advance approval of the Architectural Control Committee, as more completely described herein. In all cases the location of all such Improvements shall conform to the Valley County zoning regulations then in effect.

3.6 Fences.

To maintain and preserve the natural beauty of land, no fence, wall, or similar type barrier of any kind shall be constructed, erected, or maintained on any Lot for any purpose whatsoever, except such fences, walls, or barriers that are attached to the main structure for privacy or enclosure of pets as may be approved by the Architectural Control Committee (in no case will chain link fencing, enclosures or barriers, be approved). No lot line fencing will be permitted.

3.7 Signs.

No signs of any kind shall be displayed to the public view on any part of the property, except one sign of not more than two (2) square feet designating the Owner of any Building Site, one sign of not more than six (6) square feet advertising the property for sale or rent, and except temporary signs used by Declarant, or its agent, to advertise property in Blackhawk Lake Subdivision.

3.8 Easements.

Easements and rights-of-way as described on the recorded plat of Blackhawk Lake Subdivision have been reserved for poles, wires, pipes, and conduits for electricity, gas, telephones, sewer, drainage water, snow removal and other utility and road purposes together with the right of ingress and egress for further construction, maintenance and repair thereof as shown on the recorded plat of the Subdivision. Road rights-of-way and easements shown on the plat contain utility, easements, and easements for other purposes. No dwelling,

Improvement, material, equipment, or refuse shall be placed on any part of said property within the area of easements reserved so as to interfere with the use thereof as reserved.

3.9 Garbage and Refuse Disposal.

- 3.9.1 No part of the Subdivision above or below ground shall be used or maintained as a dumping ground for refuse, trash, garbage, debris, or other waste; at all times the Subdivision shall be maintained in a sanitary condition.
- 3.9.2 All fish cleaning shall be performed at designated locations in the Common Areas or will be performed on the Owner's own Lot. All debris and waste from fish cleaning will be properly disposed of in appropriate garbage containers. Under no circumstances will dead fish or fish parts be left on the ground or thrown into the water of Blackhawk Lake or Blackhawk Pond.
- 3.9.3 Reasonable precaution shall be taken against fire hazards and no outdoor burning of any kind shall be permitted upon the Building Sites (except for cooking).
- 3.9.4 Each property Owner shall provide suitable receptacles for the temporary storage and collection of refuse of their Lot and all such receptacles shall be screened from public view and protected from disturbance.
- 3.9.5 These restrictions also apply to contractors doing construction work.

3.10 Trees.

Living trees, the trunk of which is four (4) inches or more in diameter, naturally existing upon a Lot, except to the extent necessary for construction purposes, shall not be cut, trimmed, or removed from the properties except as may be approved by the Architectural Control Committee.

3.11 Animals.

No animals, of any kind, except for household pets, (it is specifically noted that livestock, poultry and wild animals are not to be considered household pets) shall be raised, bred, or kept on any portion of the property. Household pets may be kept for personal or non-commercial recreational purposes only. Pets must be kept within the boundaries of the Lot unless accompanied by and under the control of the Owner.

All pet enclosures must match the colors of the main structure on the Lot, be attached to the main structure on the Lot and receive the prior approval of the Architectural Control Committee.

Idaho Law prohibits dogs from disturbing or chasing wildlife. Fish and Game Policy allows for destruction of dogs in the pursuit of big game animals. Owners may be cited and fined. When dogs are out of their enclosures the Owner is responsible to keep them on a leash and for cleanup of animal waste in the Common Areas or other areas outside their Lot.

3.12 Landscaping.

In order to insure protection of the water quality of Blackhawk Lake and Blackhawk Pond and the natural environment, all natural surface areas disturbed by construction shall be returned promptly to their natural condition and replanted in native grasses and trees. All previously prepared Sites will be landscaped and completely planted in native grasses and trees. The Architectural Control Committee may approve limited construction of gardens, lawns, and exterior living areas, however, no fertilizers containing molecular nitrates or phosphates shall be used or placed upon or within any Lot, and only such fertilizers shall be used, at such times and in such manner as prescribed by the Association. Well water shall be restricted to domestic use only (domestic use is deemed to include non-commercial use of water for human and animal consumption, cleaning, washing, sanitation systems and reasonable watering of houseplants and exterior gardens and lawns).

3.13 Continuity of Construction.

All structures commenced in this Subdivision shall be prosecuted diligently to completion and shall be completed within twelve (12) months of issuance of building permit unless approved in writing by the Architectural Control Committee.

3.14 Nuisance and Fire Arms.

No noxious or offensive activity shall be carried on within the Subdivision nor shall anything be done or permitted which will constitute a public nuisance therein; nor shall any fire arms be discharged within the Subdivision. Fire arms as used herein shall be construed to mean not only rifles, pistols and cannons, but also fireworks, explosives, air rifles, BB guns, or similar devices.

3.15 Sewage Disposal.

If public sewers become available, dwellings then under construction or subsequently to be built must make use thereof. Pending availability of public sewers, each dwelling must use

a sanitary disposal system of a design and installation approved by Valley County, the Central District Health Department and the Idaho Department of Health and Welfare.

3.16 Parking.

3.16.1 Parking shall be accommodated on Site with no parking allowed on Subdivision private or public streets. Each Site shall provide at least a two-car garage, and the minimum of two additional parking units. Each additional parking unit shall be located entirely within the Lot lines.

3.16.2 Parking in Common Areas shall be limited to those locations designated as being available for parking. Parking in these areas shall be for temporary purposes incidental to the use of the Common Areas and Common Facilities. No overnight parking or overnight camping shall be permitted in the vehicles located in the Common Areas.

3.17 Trailers and Motor Vehicles.

No boats; trailers; campers; motorhomes; commercial cars, trucks or vans; buses, or other portable vehicles, other than duly registered and licensed non-commercial cars, passenger vans, and light duty trucks, shall be parked forward of any dwelling at any time during three consecutive days. Notwithstanding the foregoing sentence, commercial vehicles may not regularly be parked forward of any dwelling on a daily or other continuing basis (It is the intent of this provision to prohibit Owners or Occupants from regularly parking commercial vehicles on Lots. This Subdivision is residential and Owner or Occupant commercial vehicles should be garaged or otherwise concealed when parked on a Lot). All boats, trailers, campers, motorhomes, snowmobiles, All Terrain Vehicles, motorcycles and other motorized vehicles, if parked for a period exceeding 72 hours, must be concealed from sight of any traffic along Subdivision roads by appropriate fencing, enclosure or other year round screening. Any screened area must be located to the side yard or rear yard of a dwelling. No motor vehicle shall be constructed, reconstructed, or repaired upon the front or side yard of any Lot or street; provided, however, that the provisions of this Section shall not apply to emergency vehicle repairs or construction vehicles used in connection with the construction of any Improvement as approved by the Architectural Control Committee. No motor vehicle of any type, or part thereof, shall be permitted to remain on any Lot or street in an exposed position and in a non-operative condition, for more than thirty (30) days in any calendar year. Any such vehicle or part thereof which does not display current or valid license plates and safety inspection stickers, as required by law, shall be deemed to be a "non-operating condition vehicle" and may be removed at the request of any Owner and at the expense of the Owner in violation, after a ten (10) day written notice has been provided.

3.18 Snow Mobiles, ATVs, Motor Cycles, Etcetera.

Snowmobiles, ATVs, motorcycles, and other recreational vehicles and equipment (all generally referred to as "Recreational Equipment"), shall not exceed 15 mph while operating in the Subdivision. It is the intent of the Declarant not to allow high speed use of Recreational Equipment anywhere within the Subdivision (including their operation on Lots, Private Roads and Common Areas). The 15 mile per hour speed limited is intended to allow Recreational Equipment to be driven to and from the Subdivision but is not intended to allow recreational use within the Subdivision. All recreational use is intended to occur outside of the Subdivision.

3.19 Commercial Machinery and Equipment.

No commercial machinery or equipment of any kind shall be placed, operated or maintained upon or adjacent to any Lot within the Subdivision except such machinery or equipment that is usual and customary in connection with the development, maintenance or construction of a residence, appurtenant structures, or other Improvements within the Subdivision.

3.20 Antennas.

Except as specified herein, antennas, satellite dishes, or other devices for the transmission or reception of television, radio or electric signals or any other form of electromagnetic radiation shall not be erected on the front yard of any Building Site. Notwithstanding the above, a television antenna may be attached to the side of a dwelling, if using a fireplace chimney for support; satellite dishes exceeding 18 inches in diameter shall be painted an earth tone color and shall be concealed from view of adjoining Owners by appropriate enclosure or other year-round screening, as approved by the Architectural Control Committee; and satellite or digital antenna dishes of 18 inches in diameter or less may be attached to any part (front, back, or side) of a dwelling.

3.21 Storage Tanks.

Any tank used in connection with any dwelling (e.g. for storage of gas, oil or water) and any type of refrigeration or heating apparatus must be located above ground and concealed from view of adjoining Owners by appropriate enclosure or other year-round screening, as approved by the Architectural Control Committee.

3.22 House Numbers and Mailboxes.

Each dwelling shall have a street number discreetly placed at or near the street entrance to the Lot. Mailboxes installed along the roads shall be of wood construction with a wood post in order to achieve a uniform appearance. Mailboxes shall be paid for by the Owner.

3.23 Fishery Management.

The Association shall establish fishery management procedures (including, but not limited to, stocking and harvesting procedures and fishing rules) as needed to protect the health and welfare of the fish habitat. In establishing fishery management procedures, the Association will endeavor to comply, where applicable, with the rules and regulations as established from time to time by Idaho Fish and Game. Owners and their guests shall be required to comply with the most current fishing rules published by the Association.

3.24 Maintenance of Dams, Water Conveyance Systems and Water Quality.

The Association shall have the authority to adopt rules and regulations to ensure and maintain the safety and function of the dams that retain water in the reservoirs known as Blackhawk Lake and Blackhawk Pond; the water conveyance systems leading into and out of Blackhawk Lake and Blackhawk Pond; and the natural beauty and water quality of Blackhawk Lake and Blackhawk Pond.

3.25 General Restrictions Applicable to Common Areas and Common Facilities.

3.25.1 The Common Areas and Common Facilities shall be under ownership and control of the Declarant until the Declarant creates and deeds over the said Common Areas and Common Facilities. Declarant retains the right to create and deed over Common Areas and Common Facilities as it deems appropriate, but Declarant must deed all Common Areas and Common Facilities to the Association as of the date Declarant owns not more than five percent (5%) of the Lots collectively then within the Subdivision.

3.25.2 Subject to the Association Rules, the following persons shall have the exclusive right of use of all Common Areas and Common Facilities:

- (a) Members of the Association (Owners), their immediate families, guests and the tenants of such members.
- (b) Declarant, its invitees, guests, tenants, employees and agents, and its successors and assigns, while Declarant, its successor or

assigns are engaged in the development and/or sale of property within the Subdivision.

- (c) Such other persons or entities as the Association shall from time to time grant the right of use.

3.25.3 The use of Common Areas and Common Facilities shall at all times be subject to the rules, regulations and user charges, if any, prescribed by the Declarant from time to time (prior to the deeding of such Common Areas and Common Facilities to the Association) and thereafter, as prescribed by the Association from time to time.

3.25.4 The use of said Common Areas and Common Facilities shall be subject to such easements and reservations of rights of Declarant hereinafter described and made of record.

3.25.5 Only the Declarant (prior to title to the Common Area vesting in the Association) or the Association (after vesting of title) shall be permitted to engage in construction, excavation or other work which in any way alters any Common Area or Common Facility. Construction, excavation or other work shall only be made in strict compliance with provisions of Section 3.26.

3.25.6 Any portion of a Common Area may be developed by constructing thereon one or more additional recreational facilities by the Association.

3.25.7 There shall be no use of a Common Area or Common Facility which injures, erodes, or scars the same or the vegetation thereon, or increases the cost of maintenance thereof, unless expressly permitted by the Association and in any event, there shall be no use of a Common Area or Common Facility which causes unreasonable embarrassment, disturbance, or annoyance to Owners in the enjoyment of their Lots.

3.25.8 There shall be no camping in any Common Area.

3.26 Common Areas: Construction and Alteration of Improvements, etc.
After title to a Common Area is vested in the Association, no Improvement, excavation or work which in any way alters such Common Area from its state on the date such Common Area is so conveyed, shall be made or done except upon strict compliance with the following provisions of this section:

3.26.1 With the exception of the Declarant (prior to the time that the Association is vested with fee title to said Common Area), or a public utility or governmental agency (by right of easement), only the Association shall have the right to construct Improvements upon, or make any excavation or fill upon, or change the natural or existing drainage of, or destroy or remove any tree, shrub, or other vegetation, upon, or plant any tree, shrub or other vegetation upon any Common Area.

3.26.2 If the Association, or any entity under right of easement, proposes to construct a new Improvement or alter the exterior of an existing Improvement upon a Common Area, or to make any excavation or fill upon, or to change the natural or existing drainage of surface waters, upon a Common Area, it shall not do so until a permit has been obtained from the Architectural Control Committee. The Association, or entity proposing to do such work shall submit to the Architectural Control Committee for approval plans for such work in such form and containing such information as the Architectural Control Committee may require. The Architectural Control Committee shall approve the plans so submitted if the following conditions have been satisfied:

- (a) If the plans are to construct any new Improvement, including any alteration of the exterior of any existing Improvement, the Architectural Control Committee finds that such Improvement complies with these Covenants and Conditions; and
- (b) That such work if under right of easement: (aa) is reasonably necessary for any utility installations serving any property within the Subdivision or any property to be annexed to the Subdivision, or any property for which an easement has been reserved or granted by Declarant, (bb) is desirable in order to provide or improve access to or to enhance the use and enjoyment of any such property, or (cc) is desirable to protect or preserve any property within the Subdivision; and
- (c) The Architectural Control Committee finds that the proposed work shall not materially prejudice the Subdivision.

3.26.3 Without approval of the Architectural Control Committee, the Association may:

- (a) Construct, reconstruct, replace or refinish any Improvement or portion thereof upon Common Areas in accordance with the plans

for such Improvement as they existed upon the Common Area when it was conveyed to the Association;

- (b) Replace destroyed trees or other vegetation with native plants, and, to the extent that the Association deems necessary; plant other native trees, shrubs, ground cover and other native vegetation;
- (c) Take whatever measures that may be necessary to prevent or retard the shifting or sliding of earth.

3.26.4 Without approval of the Architectural Control Committee, the Declarant may construct, reconstruct, replace or refinish any Improvement intended to be constructed on a Common Area, or any portion thereof, as a part of the development work of the Subdivision.

3.27 Mining/Oil Drilling.

No oil drilling, oil development operations, oil refining, quarrying, or mining operations of any kind, shall be permitted upon or in the Subdivision, nor shall oil wells, tanks, tunnels or mineral excavations or shafts be permitted upon the surface of the Subdivision or within five hundred (500) feet below the surface of the Subdivision. No derrick or other structure designed for use in boring for oil or natural gas shall be erected, maintained or permitted upon the Subdivision.

3.28 Work in Progress.

The Architectural Control Committee or its representative may inspect all grading and construction work while such work is in progress and give notice of non-compliance when it believes that the provisions of this Declaration have not been complied with, and such person(s) shall not be deemed guilty of trespass by reason of such entry. If no notice of non-compliance has been sent, then the Owner shall be deemed to be in compliance upon occupancy of the dwelling and related structure and other Improvements.

3.29 Restriction on Further Subdivision.

No Lot within the Subdivision shall be further subdivided or separated into smaller Lots or parcels by any Owner and no portion less than all of any such Lot shall be conveyed or transferred by any Owner. This provision shall not, in any way, limit Declarant from

subdividing any portion of the Subdivision or Lot owned by Declarant into multiple Lots. No portion of a Lot but for the entire Lot, together with the Improvements thereon, may be rented. The provision of this section shall not apply to the division of any Lot between adjoining Lots.

3.30 Boating and other Activities on the Lake and Pond.

In order to preserve the water quality and serenity of Blackhawk Lake and Blackhawk Pond, the following restrictions will apply:

- 3.30.1 Use of boats, canoes and rafts upon Blackhawk Lake and Blackhawk Pond is limited to sailing, floating, touring and fishing at speeds of less than fifteen (15) miles per hour.
- 3.30.2 Boats, canoes and rafts may be powered by electric motors, sails or human power, but (except as noted below in the case of the Declarant) no petroleum powered motors are permitted to be used or placed within Blackhawk Lake or Blackhawk Pond. The exception granted to the Declarant is as follows: the Declarant or its agents may operate a petroleum powered boat for sales presentation or maintenance purposes until the Declarant has sold all ownership interest in the Subdivision.
- 3.30.3 No water skiing, jet skiing or motorized racing of boats, canoes or rafts is permitted on Blackhawk Lake or Blackhawk Pond.
- 3.30.4 No snowmobiling is permitted on Blackhawk Lake or Blackhawk Pond at any time.
- 3.30.5 Only Lots having frontage on Blackhawk Lake are permitted to have private boat docks and no more than one dock will be permitted per Lot. Private boat docks shall not exceed 16 feet in length and 5 feet in width. Docks and walkways to docks shall not disturb wetland and riparian habitat that surrounds Blackhawk Lake. Dock design and location must be approved by the Architectural Control Committee and conform to Federal, State, and County laws.

ARTICLE FOUR
Architectural Control Committee

4.1 There is hereby established an Architectural Control Committee (the "Committee"), whose members shall be appointed or removed by Declarant except as provided in Section 4.3. This Committee shall consist of three voting members.

4.2 The initial members of the Architectural Control Committee are:

<u>Name</u>	<u>Address</u>
Larry B. Barnes	1401 Shoreline Drive P.O. Box 2797 Boise, Idaho 83701
James K. Ball	1401 Shoreline Drive P.O. Box 2797 Boise, Idaho 83701
David A. Clinger	23568 Pondview Place Golden, Colorado 80401

Each of said persons shall hold office until such time as they have resigned, have been removed, or their successor has been appointed.

4.3 The right to appoint and remove members of the Committee shall be vested in the board of Directors of the Association from and after the expiration of the eighteenth month following the date Declarant owns not more than five percent (5%) of the Lots collectively then within the Subdivision, unless during such eighteen (18) month period, Declarant's percentage of ownership is increased to more than five percent (5%) of the Lots collectively within the Subdivision by reason of the annexation of property to the Subdivision pursuant to Article Six Section 6.4, in which event said eighteen (18) month period will not start to run until Declarant again owns not more than five percent (5%) of the Lots collectively then within the Subdivision. Upon the right to appoint and remove members of the Committee being vested in the Board of Directors of the Association, the appointment and removal of members of the Committee shall be made by the Board of Directors of the Association in accordance with the By-Laws of the Association.

4.4 The Architectural Control Committee shall, in accordance with the procedures set forth in Article Three hereof, have the responsibility to interpret the Covenants and Conditions relating to the construction plans and plans for Improvements of the Lots, pursue approvals and certificates of compliance with the Covenants and Conditions and inspect and enforce the

Covenants and Conditions. In addition, the Committee, when appointed solely by Declarant, shall have the right from time to time to amend any of the Covenants and Conditions set forth in Article Three, upon a two-thirds majority vote of its members, but no amendment to the Covenants and Conditions shall be applied retroactively to affect plans and specifications (as that term is defined in Section 4.5 hereof) previously approved by the Committee, or Improvements constructed or being constructed pursuant thereto.

4.5 No Improvements shall be constructed, erected, placed, altered, maintained or permitted on any Building Site until the design, and construction plans, specifications, Site plan and landscaping plan, and time schedule for completion of construction and landscaping (collectively hereinafter referred to as "plans and specifications"), in manner and form satisfactory to the Committee, have been submitted to and approved by the Committee. Such plans and specifications shall be submitted in writing over the signature of the Owner or his authorized agent.

4.6 Proposed plans and specifications must be submitted to the Architectural Control Committee along with a non-refundable fee of \$250.00. Plans and specifications must be prepared or approved by a State licensed architect prior to submission to the Architectural Control Committee. The initial sketch or concept drawing indicating floor plan, elevations, site and plot plan indicating all buildings, driveways, and attached fencing if required, should be approved by the Architectural Control Committee before Owners are committed to a large investment for detailed architectural drawings.

4.7 Approval shall be based, among other things, on the Covenants and Conditions, the adequacy of Building Site dimensions, conformity and harmony of external design with neighboring structures, effect of location and use of Improvements on neighboring Building Sites, operations and uses; relation to topography, grade, finished ground elevation and landscaping of the Building Site being improved to that of neighboring Building Sites; proper facing of main elevation with respect to nearby streets; and conformity of the plans and specifications to the purpose and general plan and intent of these Covenants and Conditions. The Committee shall not arbitrarily or unreasonably withhold its approval.

4.8 If the Committee fails either to approve or to disapprove such plans and specifications (including resubmission of disapproved plans and specifications which have been revised) within forty-five (45) days after the same have been submitted to it (provided that all required information has been submitted), it shall conclusively be presumed that said plans and specifications have been approved subject, however, to the Covenants and Conditions contained in Article Three hereof or as amended and of record as of the date of submission of such plans and specifications. Provided, however, that if within said initial forty-five (45) day period, Declarant gives written notice of the fact that an additional forty-five (45) day period is required for examination and review of such plans and specifications, there shall be no

presumption that the same are approved until the expiration of the additional forty-five (45) day period of time as set forth in said notice. The Committee shall notify the Owner in writing upon receipt of all required plans and specifications and the aforesaid initial forty-five (45) day time period shall commence on the date of such notification.

4.9 Neither the Committee, its individual members, nor Declarant or their respective successors or assigns shall be liable in damages to any one submitting plans and specifications to them for approval, or to any Owner or Occupant of the Property affected by these Covenants, by reason of a mistake in judgment, negligence or nonfeasance arising out of or in connection with the approval or disapproval or failure to approve any such plans and specifications. Every person who submits plans and specifications to the Committee for approval agrees, by submission of such plans and specifications, and every Owner or Occupant of any Building Site agrees, by acquiring title thereto or an interest therein, that he will not bring any action or suit against the Committee, its individual members, or Declarant to recover such damages.

ARTICLE FIVE

Property Owner's Association

5.1 Organization.

5.1.1 The Declarant shall organize and establish a non-profit homeowners' corporation by the time Declarant's ownership of Lots collectively then within the Subdivision is not more than five percent (5%). This non-profit corporation shall be designated the "Blackhawk Lake Subdivision Property Owners Association" and is generally referred to herein as the "Association". The Declarant shall release control over the Subdivision Architectural Control Committee and control and ownership of the Subdivision Common Areas and Common Facilities to the Association within eighteen (18) months following the date Declarant owns not more than five percent (5%) of the Lots collectively then within the Subdivision (control may be transferred completely or on a case by case basis prior to the close of the eighteen (18) month deadline). Upon transfer of control from the Declarant, the Association shall then begin to exercise the powers and authority granted by these Covenants and Conditions (according to the Association's Bylaws and Articles of Incorporation).

5.1.2 The Declarant will set up a Foundation prior to the organization and establishment of the Association. The Foundation will collect "Maintenance Fees" until control over the Architectural Control Committee is transferred to the Association. The purpose of the Maintenance Fees shall be the maintenance of the roadways, traffic control, planting areas within roadways, security,

Common Areas, Common Facilities and common services of every kind and nature required or desired within the Subdivision for the general use and benefit of all Lot Owners. At the time Declarant transfers control to the Association, the Maintenance Fee funds then held by the Foundation shall also be transferred to the Association and the Association will then assume the Foundation's duty to oversee the maintenance of the Subdivision and the collection of Maintenance Fees. The Association will create and maintain a Maintenance Fee reserve fund in an amount which shall always be sufficient to maintain the purposes of the Association for at least a one year period.

5.1.3 Upon establishment by the Declarant, the Association shall be charged with the duties and empowered with the rights set forth herein and in its By-Laws. It shall be created by its Articles and its affairs shall be governed by its Articles and By-Laws and by these Covenants and Conditions.

5.1.4 In the event that the Association as a corporate entity is dissolved, a non-profit, unincorporated association shall forthwith and without further action or notice, be formed and succeed to all the assets, rights, privileges, duties, and obligations of the Association.

5.2 Membership.

5.2.1 Each Owner of a Lot shall be members of the Association:

5.2.2 If more than one person owns the Lot giving rise to the appurtenant membership, all of said persons shall be deemed one membership and the membership shall be in the name of one designated individual. With respect to each Lot, the Board of Directors (the "Board") shall at all times have the power to limit the number of persons (other than immediate family of the designated member) who shall have the right to use the Common Areas and Common Facilities under any one membership.

5.2.3 The rights, duties, privileges and obligations of a member shall be in accordance with these Covenants and Conditions, the Articles and By-Laws.

5.2.4 In the event of the dissolution of the Association, upon the formation of an unincorporated association, each member of the Association shall be a member of the unincorporated association and shall have an underlying beneficial interest in all of the property transferred to or for the benefit of said unincorporated association; provided, however, that there shall be no judicial partition of such

property, or any part thereof, nor shall any such member acquiring any interest in said property, or any part thereof, seek any such judicial partition.

5.3 Purpose.

The purpose of the Property Owner's Association shall be the maintenance of roads, traffic control, planting areas within roadways, security, fishing habitat, Common Areas, Common Facilities and common services of every kind and nature required or desired within the Subdivision for the general use and benefit of all lot Owners.

5.4 Voting Rights.

One vote for each Lot owned. Every member entitled to vote at any election of the Board may cumulate his votes and give any candidate a number of votes equal to the number of votes which the member has, multiplied by the number of directors to be elected. The right to vote may not be severed from the property to which it relates and any sale, transfer or conveyance of fee title of the property to a new Owner, shall operate to transfer the appurtenant vote or votes to the grantee.

5.5 Duties of the Association.

5.5.1 The Association shall accept as members all persons described in Section 5.2 above.

5.5.2 Immediately prior to any dissolution of the Association as a corporate entity, the Association shall convey all property vested in it to an independent corporate trustee to hold same in trust for the unincorporated association to be formed for the benefit of the Members.

5.5.3 The Association shall maintain and operate any Common Areas and Common Facilities which it owns for the benefit of those entitled to use such facilities pursuant to these Covenants and Conditions.

5.5.4 The Association shall, at the expense of the Owner, provide for the maintenance of any Lot or Improvement thereon which is not maintained by the Owner in accordance with the requirements of these Covenants and Conditions.

5.5.5 The Association shall pay all taxes and assessments levied upon any Association property.

5.5.6 The Association shall contract for or otherwise provide such services as required by majority vote of the membership.

5.5.7 At a minimum, the Association shall obtain and maintain in force the following policies of insurances:

- (a) Fire and extended coverage insurance on all property owned by the Association from time to time, the amount of such insurance to be not less than ninety percent (90%) of the aggregate full insurable value, meaning actual replacement value (exclusive of the cost of excavation, foundations and footings), of such improvements as determined by the Association.
- (b) Bodily injury liability insurance with limits of not less than Five Hundred Thousand Dollars (\$500,000.00) per person and One Million Dollars (\$1,000,000.00) per occurrence insuring against any and all liability with respect to its operations; and
- (c) Property damage liability insurance with a deductible of not more than One Thousand Five Hundred Dollars (\$1,500.00) and a limit of not less than Five Hundred Thousand Dollars (\$500,000.00) per accident.

The above policies of liability insurance shall cover as insureds the Declarant, the Association, the Board, the Architectural Control Committee, the Owners of all Lots in the Subdivision, and their agents, representatives, members and employees. Each policy of insurance obtained by the Association shall expressly waive any and all rights of subrogation against Declarant, its agents, representatives, and employees, and any Owner.

5.5.8 The Association shall accept and act upon applications submitted to it for the development of additional Common Facilities.

5.5.9 The Association shall from time to time make, establish, promulgate, amend and repeal Association rules and establish user charges for Common Facilities.

5.5.10 After the control of the Architectural Control Committee is transferred from the Declarant to the Board of Directors of the Association, the Association shall appoint and remove members of the Architectural Control Committee and insure that at all reasonable times there is a duly constituted and appointed Architectural Control Committee.

5.11 The Association shall levy assessments upon all members of the Association and take such action as the Board deems to be required for the collection of assessments and user charges.

5.5.12 The Association shall take such actions, whether or not expressly authorized by these Covenants and Conditions, as may reasonably be necessary to implement and enforce these Covenants and Conditions, the Association rules and the Architectural Control Committee rules.

5.6 Powers and Authority of the Association.

The Association shall have all of the powers set forth in its Articles of Incorporation, including the power to levy and collect assessments from all members hereinafter provided, together with its general powers as a non-profit corporation (subject only to the limitations upon the exercise of such powers as are expressly set forth in the Articles, the By-Laws and in these Covenants and Conditions) to do all lawful things which may be required to be done by the Association under these Covenants and Conditions and to do all acts which may be necessary for or incidental to the exercise of any express power of the Association or for the peace, health, comfort, safety and/or general welfare of the members of the Association. Without in any way limiting the generality of the foregoing:

5.6.1 The Association shall have the power and authority at any time without liability to any Owner, to enter upon any Lot for the purpose of enforcing these Covenants and Conditions, or for the purpose of maintaining any such Lot, and any Improvements thereon, if for any reason whatsoever the Owner thereof fails to maintain such Lot or any structure thereon as required under these Covenants and Conditions, and for the purpose of removing therefrom any improvement constructed or maintained on any Lot contrary to the provisions of these Covenants and Conditions. The Association shall have the power to commence and maintain actions to restrain and enjoin any breach or threatened breach of these Covenants and Conditions.

5.6.2 The Association, in fulfilling any of its duties, under these Covenants and Conditions, shall have the power and authority to:

- (a) Contract and pay for, or otherwise provide for, the maintenance, restoration and repair of all property which it owns from time to time, or leases from time to time when said lease provides that the Association shall be obligated to so maintain, restore and repair such leased property;

- (b) Obtain, maintain, and pay for such insurance policies or bonds, as the Association shall deem to be appropriate for the protection or benefit of the Subdivision, the Association, the members of the Board, the members of the Architectural Control Committee, or the members of the Association, including, but without limitation, war risk insurance, boiler insurance, workmen's compensation insurance, malicious mischief insurance, automobile non-ownership insurance, and performance and fidelity bonds;
- (c) Contract and pay for, or otherwise provide for, such utility services to property which it leases or owns, including, but without limitation, water, sewer, garbage, electrical, telephone and gas services, as may from time to time be required;
- (d) Contract and pay for, or otherwise provide for, the services of architects, engineers, attorneys and certified public accountants and such other professional and non-professional services as the Association deems necessary;
- (e) Contract and pay for, or otherwise provide for, fire, police, and such other protection services as the Association shall from time to time deem necessary for the benefit of the Subdivision, any property located within the Subdivision, and Owners;
- (f) Contract and pay for or otherwise provide for, such materials, supplies, furniture, equipment, and labor, as and to the extent the Association deems necessary; and
- (g) Pay and discharge any and all liens from time to time placed or imposed upon property of the Association on account of any work done or performed by the Association in fulfillment of any of its duties.
- (h) Employ the services of a manager to manage the affairs of the Association and, to the extent not inconsistent with the laws of the State of Idaho and upon such conditions as are otherwise deemed advisable by the Association, the Association may delegate to the manager any of its powers under these Covenants and Conditions.
- (i) Contract for the operational management of any or all of the Common Facilities as it shall from time to time see fit.

- (j) Pay, compromise or contest any and all taxes and assessments levied against all or part of any property belonging to the Association.
- (k) Subject to the provisions of these Covenants and Conditions adopt, amend and repeal rules and regulations to be known as "Associated Rules" governing, among other things:
 - (aa) The use of the Common Areas and Common Facilities including the Private Roads;
 - (bb) The use of Association property;
 - (cc) The collection and disposal of refuse;
 - (dd) The burning of open fires;
 - (ee) The keeping and maintenance of animals within the Subdivision; and
 - (ff) Other activities in the Subdivision which would adversely effect the peace and enjoyment of residents in the Subdivision.
- (l) Grant concessions and/or leases and approve subleases, with respect to any of the Common Facilities;
- (m) Establish and collect reasonable user charges for any Common Area or Common Facility which it owns.

5.7 Lien for Assessments.

- 5.7.1 If any lot Owner shall fail or refuse to make any such payment of dues and assessment when due, the amount thereof shall constitute a lien on the Lot as set forth in the deed of conveyance to the Owner, and upon the recording of notice thereof by the Association in the office of the Valley County Recorder, such lien shall be constituted upon such Owner's interest prior to all other liens and encumbrances, recorded or unrecorded, except only (a) taxes, special assessments and special taxes theretofore or thereafter levied by any political subdivision or municipal corporation of this state and any other state or federal taxes which by law are a lien on the interest of such lot Owner prior to pre-existing recorded encumbrances thereon, and (b) all sums unpaid on a first

mortgage or first deed of trust of record, including all unpaid obligatory sums as may be provided by such encumbrance.

- 5.7.2 The Association shall send a notice, postage prepaid, to any such encumbrancer whose encumbrance was recorded prior to the time of recording the notice of lien provided for in this section, at the address shown in the recorded encumbrance; provided that if such encumbrancer has furnished the Association with another address, then such other address shall be used, and said Association shall not foreclose its said lien until at least thirty (30) days after the date of depositing such notice in the United States mails, postage prepaid, to the address of such encumbrancer.

Any encumbrancer holding a lien on a Lot may pay any common expenses payable with respect to such Lot, and, if so provided in an encumbrance, may add the amount of such payment to the unpaid balance secured by his lien, and such added amount shall have the same priority and lien rights as the unpaid balance to which added.

- 5.7.3 The lien provided for in this section shall be in favor of the Association and shall be for the benefit of all other Lot Owners, and may be foreclosed by an action brought in the name of the Association in a like manner as a mortgagee of real property. In any such foreclosure the Owner shall be required to pay the costs and expenses of such proceedings, the costs and expenses for filing the notice or claim of lien, and all reasonable attorney fees. The Owners shall also be required to pay the Association all assessments for the Lot during the period of foreclosure, and the Association shall be entitled to a Receiver to collect the same. The Association shall have the power to bid in the interest so foreclosed at foreclosure sale and to acquire and hold, lease, mortgage and convey the same; and to subrogate so much of its rights to such lien as may be necessary to expedient to an insurance company which will continue to give total coverage in spite of nonpayment of such defaulting Owner's portion of the premium.

the current assessment and the date upon which such assessment becomes due; and credit for advanced payments or for prepaid items (including, but not limited to, insurance premiums). Such Certificate shall be conclusive upon the Association in favor of all persons who rely thereon in good faith. Unless such request for a Certificate of Assessments be complied with within ten (10) days of the receipt of the request, then (a) in the case of a request by a mortgagee or prospective mortgagee, all unpaid common expenses which become due prior to the date of making such request shall be subordinate to the lien of said mortgagee or prospective mortgagee, or (b) in the case of a request by a prospective grantee, he shall not be liable for, nor shall the Lot conveyed be subject to a lien for, any unpaid assessments or common expenses which became due prior to the date of making such request. No failure of the Association to comply with a request for a Certificate shall relieve the Owner from personal liability for, or the subject Lot from the lien for, any unpaid assessments or common expenses. The provisions contained in this paragraph shall not apply upon the initial transfer of the Lot by Declarant.

ARTICLE SIX

6.0 Miscellaneous

6.1 A violation of covenants.

The costs and expenses of such entry, abatement, and removal shall become a lien upon the Lot upon the recording by the Association of a sworn statement with respect thereto in the Valley County real property records. In addition, if any person shall violate or threaten to violate any provisions of this instrument, it shall be lawful for any person or persons owning the real property in the Subdivision or for the Association to institute proceedings at law or in equity to enforce the provisions of this instrument, to restrain the person violating or threatening to violate them, and to recover damages, actual and punitive, together with reasonable attorney's fees, for such violations.

6.2 Term.

The Covenants and every provision hereof shall continue in full force and effect for a period of twenty-five (25) years from the date hereof, and shall thereafter be automatically

6.3 Termination and Modification.

To the extent set forth in Section 6.4 of this Article Six, the Declarant may supplement these Covenants and Conditions at any time during the term hereof. Any and all of the rights, powers and reservations of Declarant herein contained may be assigned by Declarant to any person, corporation or association which will assume any or all of the duties of Declarant hereunder, and upon any such person, corporation or association's evidencing its consent in writing to accept such assignment, said assignee shall, to the extent of such assignment, assume Declarant's duties hereunder, have the same rights and powers and be subject to the same obligations and duties as are given to and assumed by Declarant herein. Upon such assignment, and to the extent thereof, Declarant shall be relieved from all liabilities, obligations and duties hereunder. The term "Declarant" as used herein includes all such assignees and their heirs, successors and assigns. If at any time Declarant ceases to exist and has not made such an assignment, a successor Declarant may be appointed by the Owners of sixty-five percent (65%) of the Lots within the Subdivision upon compliance with the requirements of Section 6.3 of this Article Six.

6.8 Owner's Liability Subsequent to Sale.

Upon the sale of a Lot, the Owner so selling shall not have any further liability for the obligations thereon which accrue against the Lot sold after the date of the conveyance; provided, however, that nothing herein shall be construed so as to relieve an Owner of any Lot from any liabilities or obligations incurred prior to such sale pursuant to these Covenants and Conditions. Furthermore, any such sale shall not enlarge or extend the time for commencement of construction of a building upon a Building Site.

The regular term of office for each member shall be one year, coinciding with the fiscal year of the Association or such other annual time period as the Board may determine. Any such member may be removed with or without cause by the Board at any time by written notice to such appointee. 4.4 ACC APPROVAL AND CONTROL:

- 4.4.1 Neither the Association nor any Owner, lessee or any agent or contractor of the foregoing, shall perform any of the following without prior approval by the ACC of the plans and specifications for the project and the construction procedures to be used to insure compliance with Article 3: grading, clearing, or other ground disturbance; landscaping; construction of a building, fence, deck, patio, or other structure; erection of a sign; installation of exterior lighting; cutting, grubbing or removal of trees or vegetation; modification, change or alteration of the exterior of any existing structure, including staining or painting if a color materially different from the existing color; paving; the construction or exterior alteration of any improvements to any Lot or other property or building or structure thereon; or the change of the use of any Lot or other property or building or structure thereon. All actions taken by the ACC shall be in accordance with Design Guidelines established by the ACC which shall be published as set forth in Section 4.5 and shall be in accordance with the purposes and intents of the Association Documents. Such Design Guidelines may be amended from time to time pursuant to Section 4.5 below. In the case of any challenge to a decision of the ACC, the decision shall be upheld unless the Board finds by clear and convincing evidence the decision to be: (i) in express violation of the Association Documents; (ii) in express violation of an applicable federal, state, county or district statute, ordinance or regulation; or, (iii) arbitrary, capricious, unreasonable and oppressive. The ACC or its designated representative may inspect any approved project to the extent required to insure that the construction or work on such project complies with any and all approved plans and construction procedures as well as any conditions of approval proposed by the ACC. The ACC or its designated representatives may enter upon any Property at any reasonable time or times to inspect the progress, work status, or completion of any project. In addition to any other remedies described herein, the ACC may withdraw approval of any project thereby stopping all activity at such project, as provided in the Design Guidelines.

The Design Guidelines may contain general provisions applicable to all of the Subdivision, as well as specific provisions which vary from one portion of the Subdivision to another depending upon the location, unique characteristics, and intended use.

- 4.10 **LIABILITY:** Neither the Association nor the ACC nor any of their respective officers, directors, employees or agents shall be responsible or liable to any person for any defects in any plans or specifications submitted, revised or approved under this Article 4 nor for any defects in construction performed pursuant to such plans and specifications. Approval of plans and specifications under this Article 4 shall not relieve the Owner or Lessee of strict compliance with applicable governmental laws or regulations.
- 4.11 **EXTERIOR MAINTENANCE:** The Board may, by vote of a majority of the members present at any meeting, after 30 days notice to the Owner and, if applicable, the Lessee of the Lot, request that the Association provide exterior maintenance and repair upon any Lot, as follows:

In addition, the Association may, without notice, make such emergency repairs and maintenance as may in its judgment be necessary for the safety of any person or to prevent damage to any other property. The cost of such exterior maintenance and repair shall be assessed against the Owner of such Lot; shall be a lien and obligation of the Owner pursuant to Section 5.7 and Section 5.8 herein; shall be a joint and several liability of the Owners of the Lot. For the purpose of performing the exterior maintenance authorized by this Section, the Association, through its duly authorized agents or employees, shall have the right, after reasonable notice to any Owner, to enter upon such Lot during reasonable hours on any day except Saturday or Sunday. The Association or its designee is hereby granted an irrevocable license over all property in the Subdivision to inspect (in a reasonable manner) property within the Subdivision in order to determine whether any maintenance or repair is necessary under this Section.
- (b) Neither the Association, nor any of their respective directors, officers, agents or employees shall be liable for any incidental or consequential damages for failure to inspect any Lot or improvements or portion thereof or to repair or maintain the same. The Association or any other person, firm or corporation undertaking such repairs or maintenance shall not be liable for any personal injury or other incidental or consequential damages occasioned by any act or omission in the repair or maintenance of any Lot, improvements or portion thereof.

- (i) Contract for the operational management of any or all of the Common Facilities as it shall from time to time see fit.
- (j) Pay, compromise or contest any and all taxes and assessments levied against all or part of any property belonging to the Association.
- (k) Subject to the provisions of these Covenants and Conditions adopt, amend and repeal rules and regulations to be known as "Associated Rules" governing, among other things:
 - (aa) The use of the Common Areas and Common Facilities, including the Private Roads;
 - (bb) The use of Association property;
 - (cc) The collection and disposal of refuse;
 - (dd) The burning of open fires;
 - (ee) The keeping and maintenance of animals within the Subdivision; and
 - (ff) Other activities in the Subdivision which would adversely effect the peace and enjoyment of residents in the Subdivision.
- (l) Grant concessions and/or leases and approve subleases, with respect to any of the Common Facilities;
- (m) Establish and collect reasonable user charges for any Common Area or Common Facility which it owns.

5.7 ASSESSMENTS:

- 5.7.1 Obligation for Assessments and Other Amounts. Each Owner, by acceptance of a deed for his or her Lot, whether or not it shall be so expressed in any such deed or other conveyance, shall be conclusively deemed to have covenanted and agreed to pay to the Association Assessments and charges, fines, penalties or other amounts, to be levied, fixed, established and collected as set forth in these Covenants and Conditions and the Articles, Bylaws and rules and regulations of the Association as from time to time are in force and effect.
- 5.7.2 Purpose of Assessments and Other Amounts. The assessments levied and any charge, fine, penalty or other amount collected by the Association shall be used exclusively to pay expenses that the Association may incur in performing any actions or functions permitted or required under these Covenants and Conditions, or its Articles or Bylaws as from time to time are in force and effect, including the funding of Reserve and Contingency Accounts.

5.8 LIEN FOR ASSESSMENTS:

5.8.1 If any lot Owner shall fail or refuse to make any such payment of dues and assessment when due, the amount thereof shall constitute a lien on the Lot as set forth in the deed of conveyance to the Owner, and upon the recording of notice thereof by the Association in the office of the Valley County Recorder, such lien shall be constituted upon such Owner's interest prior to all other liens and encumbrances, recorded or unrecorded, except only (a) taxes, special assessments and special taxes theretofore or thereafter levied by any political subdivision or municipal corporation of this state and any other state or federal taxes which by law are a lien on the interest of such lot Owner prior to preexisting recorded encumbrances thereon, and (b) all sums unpaid on a first mortgage or first deed of trust of record, including all unpaid obligatory sums as may be provided by such encumbrance.

5.8.2 The Association shall send a notice, postage prepaid, to any such encumbrancer whose encumbrance was recorded prior to the time of recording the notice of lien provided for in this Section, at the address shown in the recorded encumbrance; provided that if such encumbrancer has furnished the Association with another address, then such other address shall be used, and said Association shall not foreclose its said lien until at least thirty (30) days after the date of depositing such notice in the United States mails, postage prepaid, to the address of such encumbrancer.

Any encumbrancer holding a lien on a Lot may pay any common expenses payable with respect to such Lot, and, if so provided in an encumbrance, may add the amount of such payment to the unpaid balance secured by his lien, and such added amount shall have the same priority and lien rights as the unpaid balance to which added.

5.8.3 The lien provided for in this Section shall be in favor of the Association and shall be for the benefit of all other Lot Owners, and may be foreclosed by an action brought in the name of the Association in a like manner as a mortgagee of real property. In any such foreclosure the Owner shall be required to pay the costs and expenses of such proceedings, the costs and expenses for filing the notice or claim of lien, and all reasonable attorney fees. The Owners shall also be required to pay the Association all assessments for the Lot during the period of foreclosure, and the Association shall be entitled to a Receiver to collect the same. The Association shall have the power to bid in the interest so foreclosed at foreclosure sale and to acquire and hold, lease, mortgage and convey the same; and to subrogate so much of its rights to such lien as may be necessary to expedient to an insurance company which will continue to give total coverage in spite of nonpayment of such defaulting Owner's portion of the premium.

5.8.4 The Association and its officers and directors, shall not be liable or accountable in damages for any action taken pursuant to the provisions of this Declaration.

5.9 **CERTIFICATE OF ASSESSMENTS:** Upon payment of a reasonable fee, as established by the Association and upon the written request of any Owner, mortgagee, prospective grantee or prospective mortgagee, of a Lot, the Association — by its financial officer, shall issue a written Certificate setting forth the amount of unpaid common expenses, if any, with respect to the subject Lot; the amount of the current assessment and the date upon which such assessment becomes due; and credit for advanced payments or for prepaid items (including, but not limited to, insurance premiums). Such Certificate shall be conclusive upon the Association in favor of all persons who rely thereon in good faith. Unless such request for a Certificate of Assessments be complied with within ten (10) days of the receipt of the request, then (a) in the case of a request by a mortgagee or prospective mortgagee, all unpaid common expenses which become due prior to the date of making such request shall be subordinate to the lien of said mortgagee or prospective mortgagee, or (b) in the case of a request by a prospective grantee, he shall not be liable for, nor shall the Lot conveyed be subject to a lien for, any unpaid assessments or common expenses which became due prior to the date of making such request. No failure of the Association to comply with a request for a Certificate shall relieve the Owner from personal liability for, or the subject Lot from the lien for, any unpaid assessments or common expenses.

ARTICLE 6 DISPUTE RESOLUTION

6.1 AGREEMENT TO ENCOURAGE RESOLUTION OF DISPUTES WITHOUT LITIGATION:

6.1.1 The Association and its officers, directors, all Members, and any Person not otherwise subject to these Covenants and Conditions who agrees to submit to this Article (collectively, "Bound Parties"), agree that it is in the best interest of all concerned to encourage the amicable resolution of disputes involving the Subdivision without the emotional and financial costs of litigation. Accordingly, each Bound Party agrees not to file suit in any court with respect to a Claim described in subsection 6.1.2 unless and until it has first submitted such Claim to the alternative dispute resolution procedures set forth in Section 6.2 in a good faith effort to resolve such Claim.

6.1.2 As used in this Article, the term "Claim" shall refer to any claim, tort claim, grievance or dispute arising out of or relating to:

- (i) the interpretation, application or enforcement of the Association Documents;
- (ii) the rights, obligations, and duties of any Bound Party under the Association Documents; or,
- (iii) the decisions of the Architectural Control Committee.

6.1.3 The following shall not be considered "Claims" unless all parties to the matter otherwise agree to submit the matter to the procedures set forth in Section 6.2:

- (i) any suit by the Association to collect Assessments or other amounts due from any Owner;
- (ii) any suit by the Association to obtain a temporary restraining order and such ancillary relief as the court may deem necessary in order to maintain the status quo and preserve the Association's ability to enforce the provisions of any of the Association Documents;
- (iii) any suit between Owners, which does not include the Association as a party, if such suit asserts a Claim which would constitute a cause of action independent of the Association Documents;
- (iv) any suit in which any indispensable party is not a Bound Party;
- (v) any suit as to which any applicable statute of limitations would expire within 180 days of giving the Notice required by Section 6.2.1, unless the party or parties against whom the Claim is made agree to toll the statute of limitations as to such Claim for such period as may reasonably be necessary to comply with this Article; and,
- (vi) any suit by the Association to enjoin a continuing violation of or to enforce the provisions of any Association Document.

6.2 DISPUTE RESOLUTION PROCEDURES:

6.2.1 **NOTICE:** The Bound Party asserting a Claim ("Claimant") against another Bound Party ("Respondent") shall give written notice to each Respondent and to the Board stating plainly and concisely:

- (i) the nature of the Claim, including the person involved and the Respondent's role in the Claim;
- (ii) the legal basis of the Claim (i.e. the specific authority out of which the Claim arises);
- (iii) the Claimant's proposed resolution or remedy; and,
- (iv) the Claimant's desire to meet with the Respondent to discuss in good faith ways to resolve the Claim.

6.2.2 **NEGOTIATION:** The Claimant and Respondent shall make every reasonable effort to meet in person and confer for the purpose of resolving the Claim by good faith negotiation. If requested in writing, accompanied by a copy of the Notice, the Board may appoint a representative to assist the parties in negotiating a resolution of the Claim.

6.2.3 **MEDIATION:** If the parties have not resolved the Claim through negotiation within 30 days after the date of the Notice (or within such other time period as the parties may mutually agree upon), the Claimant

shall have 45 additional days to submit the Claim to mediation with an entity designated by the Association (if the Association is not a party to the Claim) or to a mutually acceptable individual providing dispute resolution services in Idaho.

If the Claimant does not submit the Claim to mediation within such time, or does not appear for the mediation when scheduled, the Claimant shall be deemed to have waived the Claim, and the Respondent shall be relieved of any and all liability to the Claimant (but not third parties) on account of such Claim.

If the Parties do not settle the Claim in mediation, the mediator shall issue a notice of termination of the mediation proceedings indicating that the parties are at an impasse and the date that mediation was terminated. The Claimant shall thereafter be entitled to file suit.

Each party shall bear its own costs of the mediation, including attorney's fees, and each Party shall share equally all fees charged by the mediator.

- 6.2.4 **SETTLEMENT:** Any settlement of the Claim through negotiation or mediation shall be documented in writing and signed by the parties. If any party thereafter fails to abide by the terms of such agreement, the any other party may file suit or initiate administrative proceedings to enforce such agreement without the need to again comply with the procedures set for this in this Section. In such event the party taking action to enforce the agreement or award shall, upon prevailing, be entitled to recover for the non-complying party (or if more than one non-complying party, from all such parties) all costs incurred in enforcing such agreement or award, including, without limitation, attorneys' fees and court costs.

ARTICLE 7 MISCELLANEOUS

The costs and expenses of such entry, abatement, and removal shall become a lien upon the Lot upon the recording by the Association of a sworn statement with respect thereto in the Valley County real property records. In addition, if any person shall violate or threaten to violate any provisions of this instrument, it shall be lawful for any person or persons owning the real property in the Subdivision or for the Association to institute proceedings at law or in equity to enforce the provisions of this instrument, to restrain the person violating or threatening to violate them, and to recover damages, actual and punitive, together with reasonable attorney's fees, for such violations.

Furthermore, any such sale shall not enlarge or extend the time for commencement of construction of a building upon a Building Site.
- 7.8 **PERSONAL LIABILITY:** No member of the board or any committee of the Association or any officer of the Association, or the manager, if any, or member of the Architectural Control Committee, shall be personally liable to any Owner, or to any other party, including the Association, for any damage, loss or prejudice suffered or claimed on the account of any act, omission, error or negligence of any such person or entity in the administration or performance of duties imposed by this Declaration of Covenants, Conditions and Restrictions (or any Amendment thereof) provided that such person or entity has, upon the basis of

Any screened area must be located to the side yard or rear yard of a dwelling. No motor vehicle shall be constructed, reconstructed, or repaired upon the front or side yard of any lot or street; provided, however, that the provisions of this Section shall not apply to emergency vehicle repairs or construction vehicles used in connection with the construction of any Improvement as approved by the Architectural Control Committee. No motor vehicle of any type, or part thereof, shall be permitted to remain on any Lot or street in an exposed

- 3.2.1 No building or other structure shall be constructed, erected, or maintained on any Lot, nor shall any addition thereto or change or alteration therein be made unless it complies with the Valley County, Idaho zoning ordinances in existence with respect to the property and until the complete plans and specification (including, but not limited to, the floor, elevations, plot, grading, and landscaping plans); provisions for off-street parking; the specifications of principal exterior materials and color schemes; and the location, character and method of utilization of all utilities) have been submitted to the Architectural Control Committee approved in writing, by the Architectural Control Committee Each building or other structure shall be constructed, erected, and maintained in strict accordance with the approved plans and specifications.

3.4 **IN-HOUSE FIRE SUPPRESSION SYSTEMS:** As a result of improvements made to West Mountain Road in 1995 and 1996, in-house fire suppression systems are no longer required to be installed within residential structures built in the Subdivision. All pet enclosures must match the colors of the main structure on the Lot, be attached to the main structure on the Lot and receive the prior approval of the Architectural Control Committee.

Only approved fertilizers shall be used, at such times and in such manner as prescribed by the Association.** Well water shall be restricted to domestic use only (domestic use is deemed to include non-commercial use of water for human and animal consumption, cleaning, washing, sanitation systems and reasonable watering of houseplants and exterior gardens and lawns).

- 4.1 **PURPOSE:** In order to preserve the natural beauty of Blackhawk Lake Estates and its setting, to maintain Subdivision as a pleasant and desirable environment, to establish and preserve a harmonious design for the community, and to protect and promote the value of property, exterior design, landscaping and use of all new development and additions, changes or alterations to existing use, landscaping and exterior design and development shall be subject to design review.
- 4.2 **OBJECTIVES:** Design review shall be directed towards attaining the following objectives for the Subdivision:
- 4.2.1 Preventing excessive or unsightly grading, indiscriminate earthmoving or clearing of property, removal of trees and vegetation which could cause disruption of natural watercourses or scar natural landforms.
 - 4.2.2 Ensuring that the location and configuration of structures are visually harmonious with the terrain and vegetation of the Lot and with surrounding Lots and structures;
 - 4.2.3 Ensuring that the architectural design of structures and their materials and colors are visually harmonious with the Subdivision's over-all appearance, history and cultural heritage, with surrounding development, with natural landforms and native vegetation, and with development plans, zoning requirements and other restrictions officially approved by the Association or any government or public authority, if any, for the areas in which the structures are proposed to be located;
 - 4.2.4 Ensuring that plans for the landscaping of open spaces provide visually pleasing settings for structures on such Lots and on adjoining and nearby Lots and blend harmoniously with the natural landscape;
 - 4.2.5 Ensuring that any development, structure, building or landscaping complies with the provisions of this Declaration, including but not limited to, those provisions set forth in Article 3, and all applicable provisions of the other Association Documents; and,
 - 4.2.6 Ensuring that building design and construction techniques respond to energy consumption and environmental quality considerations such as heat loss, air emissions, and run-off water quality.

4.3 ARCHITECTURAL CONTROL COMMITTEE:

- 4.3.1 The Association has established an Architectural Control Committee (“ACC”) which shall consist of three members appointed by the Board. The members need not be Owners or Lessees of Lots. The regular term of office for each member shall be one year, coinciding with the fiscal year of the Association or such other annual time period as the Board may determine. Any such member may be removed with or without cause by the Board at any time by written notice to such appointee. A successor or successors appointed to fill such vacancy shall serve the remainder of the term of the former member.
- 4.3.2 The ACC shall operate in accordance with its own rules of procedure. Said rules shall be filed with the Association and maintained in the records of the Association and shall be available to members of the Association.
- 4.3.3 The ACC is hereby authorized to retain the services of one or more consulting architects, landscape architects, urban designers, engineers, building contractors, consultants, inspectors and such other staff or consultants who shall be reasonably necessary to advise and assist the ACC in performing the design review functions prescribed in this Article 4. Such consultants may be retained to advise the ACC on a single project, on a number of projects, or on a continuing basis.

4.4 ACC APPROVAL AND CONTROL:

- 4.4.1 Neither the Association nor any Owner, lessee or any agent or contractor of the foregoing, shall perform any of the following without prior approval by the ACC of the plans and specifications for the project and the construction procedures to be used to insure compliance with Article 3: grading, clearing, or other ground disturbance; landscaping; construction of a building, fence, deck, patio, or other structure; erection of a sign; installation of exterior lighting; cutting, grubbing or removal of trees or vegetation; modification, change or alteration of the exterior of any existing structure, including staining or painting if a color materially different from the existing color; paving; the construction or exterior alteration of any improvements to any Lot or other property or building or structure thereon; or the change of the use of any Lot or other property or building or structure thereon. Alterations or remodeling which are completely within a building or structure and which do not change the exterior appearance and are not visible from the outside of the structure may be undertaken without ACC approval, provided such alterations or remodeling do not change the use of, or the number of dwelling units located on the Lot, or amount of commercial space in, the building or structure. All actions taken by the ACC shall be in accordance with Design Guidelines established by the ACC which shall be published as set forth in Section 4.5 and shall be in accordance with the purposes and intents of the Association Documents. Such Design Guidelines may be amended from time to time pursuant to Section 4.5 below. In the case of

any challenge to a decision of the ACC, the decision shall be upheld unless the Board finds by clear and convincing evidence the decision to be: (i) in express violation of the Association Documents; (ii) in express violation of an applicable federal, state, county or district statute, ordinance or regulation; or, (iii) arbitrary, capricious, unreasonable and oppressive. The ACC or its designated representative may inspect any approved project to the extent required to ensure that the construction or work on such project complies with any and all approved plans and construction procedures as well as any conditions of approval proposed by the ACC. The ACC or its designated representatives may enter upon any Property at any reasonable time or times to inspect the progress, work status, or completion of any project. In addition to any other remedies described herein, the ACC may withdraw approval of any project thereby stopping all activity at such project, as provided in the Design Guidelines.

4.4.2 Any material to be submitted or notice to be given to the ACC shall be submitted to the Board at its address, unless the ACC gives notice of a separate address to the members of the Association.

4.5 **DESIGN GUIDELINES:** The Association shall promulgate and publish rules and regulations that shall state the general design theme of all projects in the Subdivision, specific design requirements, and the general construction procedures that will or will not be allowed in the Subdivision. The Association shall also promulgate and publish rules and regulations that shall set forth the procedures to be followed and material which must be provided by any member of the Association or such member's authorized agents in order to obtain review of proposed construction by the ACC. The Design Guidelines may contain general provisions applicable to all of the Subdivision, as well as specific provisions which vary from one portion of the Subdivision to another depending upon the location, unique characteristics, and intended use.

4.6 **AMENDMENT OF DESIGN GUIDELINES:** The Design Guidelines may be amended as follows: the ACC may propose amendments to the Board, or the Board may adopt amendments of their own volition.

Any amendments to the Design Guidelines shall apply to construction and modification of structures and improvements commenced after the date of such amendment only and shall not apply to require modifications to or removal of Structures previously approved once the approved construction or modification has commenced; provided, the construction or modification has proceeded in accordance with the plans and specification therefore, as approved.

The ACC shall make the Design Guidelines available to Owners and Builders who seek to engage in development or construction within the Subdivision, and all such Persons shall conduct their activities in accordance with such Design Guidelines. The burden shall be on the owner and the builder to ensure that they have the most current Design Guidelines.

4.7 **REVIEW FEE:** The ACC may set a review fee schedule sufficient to cover all or part of the cost of ACC time, consultant's fees, and incidental expenses.

Applicants for design review may be required to deposit with the ACC a fee which the ACC deems sufficient to cover the costs of design review from which the actual costs shall be deducted when determined and the balance returned to the applicant following completion of the design review procedure.

- 4.8 **ENFORCEMENT OF PROVISIONS:** The Board shall be responsible for the enforcement of the restrictions set forth in Article 3 of this Declaration and the Design Guidelines; and, in the event that the ACC is unable through the process and procedures provided in the Design Guidelines to secure compliance, then the ACC shall refer the matter to the Board. This provision shall not limit the right of the Association to act under other provisions of the Covenants and Conditions. Subsequent to the completion of construction or action subject to review under Section 4.4, the Association shall have primary responsibility to enforce such restrictions.
- 4.9 **LAPSE OF ACC APPROVAL:** Approval of the design of a project shall lapse and become void eighteen months following the date of final approval of the project, unless prior to the expiration of one year, a building permit is issued, and construction is commenced and diligently pursued toward completion. An Owner may request an extension prior to expiration of the eighteen-month period by filing a written request therefore with the ACC, which request shall be reasonably granted; however, the ACC may grant such an extension subject to reasonable restrictions or conditions.
- 4.10 **LIABILITY:** Neither the Association nor the ACC nor any of their respective officers, directors, employees or agents shall be responsible or liable to any person for any defects in any plans or specifications submitted, revised or approved under this Article 4 nor for any defects in construction performed pursuant to such plans and specifications. Approval of plans and specifications under this Article 4 shall not relieve the Owner or Lessee of strict compliance with applicable governmental laws or regulations.
- 4.11 **EXTERIOR MAINTENANCE:** The Board may, by vote of a majority of the members present at any meeting, after 30 days notice to the Owner and, if applicable, the Lessee of the Lot, request that the Association provide exterior maintenance and repair upon any Lot, as follows:
- (a) If any Owner fails to maintain his Lot or improvements on such Lot or fails to perform any acts of maintenance or repair required under these Covenants and Conditions or the Design Guidelines, the Association may provide exterior maintenance and repair upon such Lot and improvements thereon, after 30 days prior written notice to the Owners and, if applicable, the Lessees of the Lot. In addition, the Association may, without notice, make such emergency repairs and maintenance as may in its judgment be necessary for the safety of any person or to prevent damage to any other property. The cost of such exterior maintenance and repair shall be assessed against the Owner of such Lot; shall be a lien and obligation of the Owner pursuant to Section 5.7 and Section 5.8 herein; shall be a joint and several liability of the Owners of the Lot. For the purpose of performing the exterior maintenance authorized by this Section, the Association,

through its duly authorized agents or employees, shall have the right, after reasonable notice to any Owner, to enter upon such Lot during reasonable hours on any day except Saturday or Sunday. The Association or its designee is hereby granted an irrevocable license over all property in the Subdivision to inspect (in a reasonable manner) property within the Subdivision in order to determine whether any maintenance or repair is necessary under this Section.

(b) Neither the Association, nor any of their respective directors, officers, agents or employees shall be liable for any incidental or consequential damages for failure to inspect any Lot or improvements or portion thereof or to repair or maintain the same. The Association or any other person, firm or corporation undertaking such repairs or maintenance shall not be liable for any personal injury or other incidental or consequential damages occasioned by any act or omission in the repair or maintenance of any Lot, improvements or portion thereof.

5.8 LIEN FOR ASSESSMENTS:

- 5.8.1 If any lot Owner shall fail or refuse to make any such payment of dues and assessment when due, the amount thereof shall constitute a lien on the Lot as set forth in the deed of conveyance to the Owner, and upon the recording of notice thereof by the Association in the office of the Valley County Recorder, such lien shall be constituted upon such Owner's interest prior to all other liens and encumbrances, recorded or unrecorded, except only (a) taxes, special assessments and special taxes theretofore or thereafter levied by any political subdivision or municipal corporation of this state and any other state or federal taxes which by law are a lien on the interest of such lot Owner prior to preexisting recorded encumbrances thereon, and (b) all sums unpaid on a first mortgage or first deed of trust of record, including all unpaid obligatory sums as may be provided by such encumbrance.

- 5.8.2 The Association shall send a notice, postage prepaid, to any such encumbrancer whose encumbrance was recorded prior to the time of recording the notice of lien provided for in this Section, at the address shown in the recorded encumbrance; provided that if such encumbrancer has furnished the Association with another address, then such other address shall be used, and said Association shall not foreclose its said lien until at least thirty (30) days after the date of depositing such notice in the United States mails, postage prepaid, to the address of such encumbrancer.

Any encumbrancer holding a lien on a Lot may pay any common expenses payable with respect to such Lot, and, if so provided in an encumbrance, may add the amount of such payment to the unpaid balance secured by his lien, and such added amount shall have the same priority and lien rights as the unpaid balance to which added.

- 5.8.3 The lien provided for in this Section shall be in favor of the Association and shall be for the benefit of all other Lot Owners and may be foreclosed by an action brought in the name of the Association in a like manner as a mortgagee of real property. In any such foreclosure the Owner shall be required to pay the costs and expenses of such proceedings, the costs and expenses for filing the notice or claim of lien, and all reasonable attorney fees. The Owners shall also be required to pay the Association all assessments for the Lot during the period of foreclosure, and the Association shall be entitled to a Receiver to collect the same. The Association shall have the power to bid in the interest so foreclosed at

foreclosure sale and to acquire and hold, lease, mortgage and convey the same; and to subrogate so much of its rights to such lien as may be necessary to expedient to an insurance company which will continue to give total coverage in spite of nonpayment of such defaulting Owner's portion of the premium.

5.8.4 The Association and its officers and directors, shall not be liable or accountable in damages for any action taken pursuant to the provisions of this Declaration.

5.9 **CERTIFICATE OF ASSESSMENTS:** Upon payment of a reasonable fee, as established by the Association and upon the written request of any Owner, mortgagee, prospective grantee or prospective mortgagee, of a Lot, the Association — by its financial officer, shall issue a written Certificate setting forth the amount of unpaid common expenses, if any, with respect to the subject Lot; the amount of the current assessment and the date upon which such assessment becomes due; and credit for advanced payments or for prepaid items (including, but not limited to, insurance premiums). Such Certificate shall be conclusive upon the Association in favor of all persons who rely thereon in good faith. Unless such request for a Certificate of Assessments be complied with within ten (10) days of the receipt of the request, then (a) in the case of a request by a mortgagee or prospective mortgagee, all unpaid common expenses which become due prior to the date of making such request shall be subordinate to the lien of said mortgagee or prospective mortgagee, or (b) in the case of a request by a prospective grantee, he shall not be liable for, nor shall the Lot conveyed be subject to a lien for, any unpaid assessments or common expenses which became due prior to the date of making such request. No failure of the Association to comply with a request for a Certificate shall relieve the Owner from personal liability for, or the subject Lot from the lien for, any unpaid assessments or common expenses.

ARTICLE 6 DISPUTE RESOLUTION

6.1 AGREEMENT TO ENCOURAGE RESOLUTION OF DISPUTES WITHOUT LITIGATION:

6.1.1 The Association and its officers, directors, all Members, and any Person not otherwise subject to these Covenants and Conditions who agrees to submit to this Article (collectively, “Bound Parties”), agree that it is in the best interest of all concerned to encourage the amicable resolution of disputes involving the Subdivision without the emotional and financial costs of litigation. Accordingly, each Bound Party agrees not to file suit in any court with respect to a Claim described in subsection 6.1.2 unless and until it has first submitted such Claim to the alternative dispute resolution procedures set forth in Section 6.2 in a good faith effort to resolve such Claim.

6.1.2 As used in this Article, the term “Claim” shall refer to any claim, tort claim, grievance or dispute arising out of or relating to:

- (i) the interpretation, application or enforcement of the Association Documents;
- (ii) the rights, obligations, and duties of any Bound Party under the Association Documents; or,
- (iii) the decisions of the Architectural Control Committee.

6.1.3 The following shall not be considered “Claims” unless all parties to the matter otherwise agree to submit the matter to the procedures set forth in Section 6.2:

- (i) any suit by the Association to collect Assessments or other amounts due from any Owner;
- (ii) any suit by the Association to obtain a temporary restraining order and such ancillary relief as the court may deem necessary in order to maintain the status quo and preserve the Association’s ability to enforce the provisions of any of the Association Documents;
- (iii) any suit between Owners, which does not include the Association as a party, if such suit asserts a Claim which would constitute a cause of action independent of the Association Documents;
- (iv) any suit in which any indispensable party is not a Bound Party;
- (v) any suit as to which any applicable statute of limitations would expire within 180 days of giving the Notice required by Section 6.2.1, unless the party or parties against whom the Claim is made agree to toll the statute of limitations as to such Claim for such period as may reasonably be necessary to comply with this Article; and,
- (vi) any suit by the Association to enjoin a continuing violation of or to enforce the provisions of any Association Document.

6.2 **DISPUTE RESOLUTION PROCEDURES:**

6.2.1 **NOTICE:** The Bound Party asserting a Claim (“Claimant”) against another Bound Party (“Respondent”) shall give written notice to each Respondent and to the Board stating plainly and concisely:

- (i) the nature of the Claim, including the person involved and the Respondent’s role in the Claim;
- (ii) the legal basis of the Claim (i.e. the specific authority out of which the Claim arises);
- (iii) the Claimant’s proposed resolution or remedy; and,
- (iv) the Claimant’s desire to meet with the Respondent to discuss in good faith ways to resolve the Claim.

6.2.2 **NEGOTIATION:** The Claimant and Respondent shall make every reasonable effort to meet in person and confer for the purpose of resolving the Claim by good faith negotiation. If requested in writing, accompanied

by a copy of the Notice, the Board may appoint a representative to assist the parties in negotiating a resolution of the Claim.

- 6.2.3 **MEDIATION:** If the parties have not resolved the Claim through negotiation within 30 days after the date of the Notice (or within such other time period as the parties may mutually agree upon), the Claimant shall have 45 additional days to submit the Claim to mediation with an entity designated by the Association (if the Association is not a party to the Claim) or to a mutually acceptable individual providing dispute resolution services in Idaho.

If the Claimant does not submit the Claim to mediation within such time, or does not appear for the mediation when scheduled, the Claimant shall be deemed to have waived the Claim, and the Respondent shall be relieved of any and all liability to the Claimant (but not third parties) on account of such Claim.

If the Parties do not settle the Claim in mediation, the mediator shall issue a notice of termination of the mediation proceedings indicating that the parties are at an impasse and the date that mediation was terminated. The Claimant shall thereafter be entitled to file suit.

Each party shall bear its own costs of the mediation, including attorney's fees, and each Party shall share equally all fees charged by the mediator.

- 6.2.4 **SETTLEMENT:** Any settlement of the Claim through negotiation or mediation shall be documented in writing and signed by the parties. If any party thereafter fails to abide by the terms of such agreement, the any other party may file suit or initiate administrative proceedings to enforce such agreement without the need to again comply with the procedures set for this in this Section. In such event the party taking action to enforce the agreement or award shall, upon prevailing, be entitled to recover for the non-complying party (or if more than one non-complying party, from all such parties) all costs incurred in enforcing such agreement or award, including, without limitation, attorneys' fees and court costs.

ARTICLE 7 MISCELLANEOUS

- 7.1 **A VIOLATION OF COVENANTS:** Whenever there shall have been built on any Lot, a structure which is in violation of these Covenants and Conditions, such persons as are authorized by the Board of the Association shall have the right to enter upon the property as to which such violation exists, and to summarily abate and remove at the expense of the Owners thereof, any erection, thing, or condition that may exist thereon contrary to the intent and meaning of the provisions thereof; and the Association, its agents, and assigns shall not thereby be deemed guilty of any manner of trespass for such entry, abatement, or removal. The costs and expenses of such entry, abatement, and removal shall become a lien upon the Lot upon the recording by the Association of a sworn statement with respect thereto in the Valley County real property records. In addition, if any person shall

- 7.7 **OWNER'S LIABILITY SUBSEQUENT TO SALE:** Upon the sale of a Lot, the Owner so selling shall not have any further liability for the obligations thereon which accrue against the Lot sold after the date of the conveyance; provided, however, that nothing herein shall be construed so as to relieve an Owner of any Lot from any liabilities or obligations incurred prior to such sale pursuant to these Covenants and Conditions. Furthermore, any such sale shall not enlarge or extend the time for commencement of construction of a building upon a Building Site.
- 7.8 **PERSONAL LIABILITY:** No member of the board or any committee of the Association or any officer of the Association, or the manager, if any, or member

of the Architectural Control Committee, shall be personally liable to any Owner, or to any other party, including the Association, for any damage, loss or prejudice suffered or claimed on the account of any act, omission, error or negligence of any such person or entity in the administration or performance of duties imposed by this Declaration of Covenants, Conditions and Restrictions (or any Amendment thereof) provided that such person or entity has, upon the basis of such information as may be possessed by him or it, acted in good faith without willful or intentional misconduct.

2.3 Delegation of Use: Any Member may delegate, in accordance with the rules and regulations adopted from time to time by the Board of the Association, its right of enjoyment to the Common Area and facilities to the members of its family, its tenants, or contract purchasers, if such family members, tenants, or contract purchasers reside on the Property at the time of use.

ARTICLE III **ASSOCIATION**

3.1 Membership. Every Owner, including Declarant, of a Lot that is subject to assessment shall be a "**Member**" of the Association. The foregoing is not intended to include persons or entities that hold an interest merely as security for the payment of an obligation. Membership shall be appurtenant to and may not be separated from ownership of any Lot which is subject to assessment. Any attempt to make a prohibited transfer of a membership shall be void and shall not be reflected on the books of the Association. Such ownership shall be the sole qualification for membership and shall automatically commence upon a person becoming such Owner and shall automatically terminate and lapse when such ownership in said Lot shall terminate or be transferred.

DECLARATION OF COVENANTS, CONDITIONS, RESTRICTIONS, AND EASEMENTS FOR
EAST VIEW SUBDIVISION - P. 6

3.2 Voting Rights. The Association shall have two (2) classes of voting membership:

3.2.1 Class A: Class A Members shall be all Owners, with the exception of the Declarant, and shall be entitled to one vote for each Lot owned. When more than one person holds an interest in any Lot, all such persons shall be the Member entitled to exercise the rights. The vote for such Lot shall be exercised as they determine, but in no event shall more than one vote be cast with respect to any Lot, and fractional voting shall not be allowed. The vote of a Member whose Lot is being sold under contract of purchase shall be exercised by the contract buyer, unless the contract expressly provides otherwise.

3.2.2 Class B: Class B Member(s) shall be the Declarant and any successor(s) in title to any Lot(s) to whom Declarant has assigned in a recorded instrument all of its rights as Declarant hereunder, and shall be entitled to ten (10) votes for each Lot owned. The Owner of any Lot or any number of Lots shall not be a Class B Member absent such written assignment by Declarant. The Class B membership shall cease and be converted to Class A membership on the happening of any of the following events, whichever occurs first:

3.2.2.1 When the total votes outstanding in the Class A membership equal the total votes outstanding in the Class B membership; or

3.2.2.2 Upon the Change of Control Date as defined in Section 16.7, terminating and converting all of the Class B membership to Class A membership.

3.2.3 Quorum of Members at Meeting of Members. The presence at any meeting requiring action by the Members of the Association, of twenty percent (20%) of the Members, in person or by proxy, of those represented by their presence or proxy at a duly noticed meeting shall constitute a quorum. If the required quorum is not present, another meeting may be called subject to the same notice requirement, and the required quorum at the subsequent meeting shall be one-half (1/2) of the required quorum at the preceding meeting, such subsequent meeting not to be held more than sixty (60) days following the preceding meeting. The departure of, or refusal to participate, or recusal of any Member shall not cause a quorum to be lost once a quorum exists at any meeting. For purposes of establishing a quorum, no proxy may be revoked once a quorum is established.

3.3 Powers of Association. The Association shall have all powers of a nonprofit corporation organized under the laws of the State of Idaho, subject only to such limitations as are expressly set forth in the Articles, the Bylaws, or this Declaration. The Association shall be directed by directors and officers chosen in accordance with the Articles, Bylaws, or this Declaration. It shall have the power to do any and all lawful things that may be authorized, required, or permitted to be done under the Articles, Bylaws, or this Declaration, and to do and perform any and all acts which may be necessary or proper for, or incident to, the proper management and operation of the Common Area and the performance of the duties of the Association and other responsibilities set forth in this Declaration, including, but not limited to, the following:

Neither any member of the Board nor any officers of the Association shall be personally liable to any Owner, or to any other party, for any damage, loss, or prejudice suffered or claimed on account of any act or omission of the Association, the Board, its officer, a manager, or any other representative or employee of the Association, or the Architectural Control Committee, provided that said Board Member, officer, manager, or other person has, upon the basis of such information as was available, acted in good faith and without willful or intentional misconduct.

3.3.5 Association Rules. The Association has the power to adopt, amend, and repeal such rules and regulations as the Association deems necessary. Such rules shall govern the use by Owners, their tenants, guests, and any other person, of Common Area and other property owned or controlled by the Association; provided, however, Association rules shall not discriminate among Owners and shall not be inconsistent with the Articles, the Bylaws, or this Declaration. A copy of Association rules, as they may, from time-to-time, be adopted, amended, or repealed, shall be mailed or otherwise delivered to each Owner. Upon such mailings, said Association rules shall have the same force and effect as if they were set forth in and were part of this Declaration. In the event of any conflict between the Association rule and any provision of the Articles, the Bylaws, or this Declaration, the conflicting provisions of the Association rules shall be deemed superseded to the extent of any such inconsistency.

3.3.6 Emergency Powers. The Association, or any person authorized by the Association, may enter onto any Lot, Improvement, or other structure on a Lot in the event of any emergency involving illness or potential danger to life or property, or when necessary in connection with any maintenance or construction for which it is responsible. Such entry shall be made with as little inconvenience to the occupants as practicable and any damage caused thereby shall be repaired by the Association, unless said entry was necessitated by a condition caused by the Owner or occupant.

3.3.7 Licenses, Easements, and Rights of Way. The power to grant and convey to any third party such licenses, easements, rights-of-way, or fee title in, on, over, through, under, or of the Common Area or any easement reserved by the Declarant or granted to the Association hereunder over any portion of the Property as may be necessary or

3.3.7.4 Any common facility, portion of the Common Area, where such common facility or Common Area is located, whether located on the Common Area or upon a Lot owned by an Owner.

3.3.8 Establishment of Fines and Fees. The provisions contained in the subsections of this Section 3.3.8 are intended to, and do, comply with the requirements of Idaho Code § 55-115.

3.3.8.1 The Board shall have the power to adopt a schedule of fines and fees in accordance with the procedures for establishing Association rules, set forth above.

3.3.8.2 The Board shall have the power to assess such fines and fees for violations of the covenants, conditions, or restrictions contained in this Declaration.

3.3.8.3 A majority vote by the Board shall be required prior to imposing any fine on a Member for a violation of any covenant, condition, or restriction contained in this Declaration.

3.3.8.4 Thirty (30) days' prior written notice of the Board meeting at which the vote required in Subsection 3.3.8.3 will be held shall be given to the Member alleged to be in violation of a covenant, condition, or restriction contained in this Declaration. For purposes of this Subsection 3.3.8.4, the term "written notice" shall mean written notice of the date, time, and location of the meeting delivered to the subject Member by personal service or by Certified Mail at least thirty (30) days prior to the meeting at which the vote will be held.

3.3.8.5 If the Member begins resolving the violation prior to the meeting at which the vote will be held, then no fine shall be imposed if the Member continues in good faith to resolve the violation until it is fully resolved.

3.3.8.6 The prerequisites contained in Subsection 3.3.8 for imposing fees or fines is not intended, and shall not have the effect of, limiting the Association's authority to require reimbursement of its attorneys' fees by a Member.

EAST VIEW SUBDIVISION - P. 9

3.3.9 Fiscal Year. The Board shall have the right to elect a fiscal year for the Association instead of a calendar year for budget, Assessment, and accounting purposes.

3.4.4.3 If elected by the Board, full coverage directors' and officers' liability insurance, in an amount determined by the Board.

3.4.4.4 Such other insurance, including worker's compensation insurance, to the extent necessary to comply with all applicable laws and indemnity, faithful performance, fidelity, and other bonds as the Board deems necessary or expedient to carry out the Association's functions or to insure the Association against any loss from malfeasance or dishonesty of any person charged with the management or possession of the Association funds or other property.

3.4.4.6 Insurance premiums for the above insurance coverage shall be deemed a common expense to be included in the Regular Assessments levied by the Association.

3.4.4.7 Notwithstanding any other provision herein to the contrary, the Association shall continuously maintain in effect such casualty, liability and other insurance and a fidelity bond meeting the insurance and fidelity bond requirements for PUD projects established by Federal National Mortgage Association ("FNMA"), the Government National Mortgage Association ("GNMA") and the Federal Home Loan Mortgage Corporation ("FHLMC"), so long as any of which is a Mortgagee or Owner of a Lot within the Subdivision, except to the extent such coverage is not available or has been waived in writing by FNMA, GNMA or FHLMC, as applicable.

Pay to the Declarant, so long as the Declarant manages the Association, all actual out of pocket costs paid or incurred by the Declarant in the management and administration of the affairs of the Association plus an administrative fee equal to ten percent (10%) of the total income received by the Association, which administrative fee shall be compensation to the Declarant for the services provided to the Association.

3.4.10 Enforcement of Restrictions and Rules. Perform such other acts, whether or not expressly authorized by this Declaration, as may be reasonably necessary to enforce any of the provisions of this Declaration and the Association rules.

3.4.11 Preservation of Common Area. Take such steps as it deems necessary to prevent those persons not authorized by this Declaration to use the Common Area from using the Common Area for ingress, egress, parking, recreation or any other purpose. Such steps shall include, without limitation, posting the property with such notices as may be appropriate and taking any legal action as may be necessary to prevent such use.

3.5 Quorum Requirements for Board. A majority of the individual members of the Board shall constitute a quorum for the transaction of business by the Board, and the votes of a majority of the directors present at a meeting at which a quorum is present shall constitute the decision of the Board. If the required quorum is not present, the meeting may be rescheduled by the Board for a date not later than thirty (30) days after the date of initial meeting. The departure of, or refusal to participate, or recusal of any member of the Board shall not cause a quorum to be lost once a quorum exists at any meeting.

3.6 Appeal and Hearing Rights. Actions by the Architectural Control Committee and the Association as set forth herein shall be subject to the following appeal and hearing provisions.

3.6.1 Hearing by Architectural Control Committee. An Owner submitting an application to the Architectural Control Committee, or served with a written notice of deviation or violation by the Architectural Control Committee, shall have the right to request and be heard at a hearing held by the Architectural Control Committee for the purpose of presenting facts and information to the Architectural Control Committee. Such hearing must be requested by such party within ten (10) days from the date the written notice of the decision of the Architectural Control Committee is mailed to the Owner as evidenced by the records of the Architectural Control Committee. The hearing shall be held within ten (10) days following receipt by the Architectural Control Committee of the request for a hearing, unless the Architectural Control Committee shall extend said period of time because of the unavailability of Architectural Control Committee members. A hearing may be continued by the Architectural Control Committee for the purpose of further investigation or to receive additional evidence. Upon completion of the hearing, the Architectural Control Committee shall issue a written opinion to the involved parties within ten (10) days thereafter which opinion shall set forth the findings of the Architectural Control Committee with respect to the matters at issue and shall affirm, modify or rescind its previous decision as contained in the original written notice.

3.6.2 Appeals. An Owner shall have the right to appeal to the Board (a) a decision of the Architectural Control Committee on an application with respect to the conditions imposed thereon or a denial thereof, or a decision of the Architectural Control Committee adverse to the Owner reached following a hearing held pursuant to Section 3.6.1 or (b) any

other action by the Association to enforce the provisions of this Declaration upon receipt of notice of any violation pursuant to Section 16.3 hereof ("**Notice of Violation**"). A notice of appeal shall be in writing and shall be delivered by mail to the Secretary of the Board within ten (10) days from the date of the decision by the Architectural Control Committee or Notice of Violation. Said notice of appeal shall be dated and shall contain the name of the Owner and a copy of the written decision or determination of the Architectural Control Committee or the Notice of Violation. The failure of an Owner to appeal in the manner and within the time herein provided shall terminate all rights of said Owner to appeal said decision and it shall be binding and enforceable. The Board shall fix a date for the hearing of such an appeal which date shall be no later than ten (10) days from the date of receipt of a notice of appeal unless extended by the Board because of the unavailability of Board members. The Owner shall be advised of the time and place of the hearing by a mailed written notice. Written notice of time and place for hearing shall also be served by mail upon each member of the Architectural Control Committee. The Board may require the Owner to provide additional information to facilitate the Board's decision and the failure of such party to comply promptly with such a request shall entitle the Board to deny the appeal, in which event the decision by the Architectural Control Committee or the Notice of Violation shall be considered final and not subject to further appeal. At the hearing the Owner shall present their position to the Board. The Architectural Control Committee or the agent issuing the Notice of Violation shall also have the opportunity to be heard and to participate in the appeal hearing. The order of presentation and the evidence to be admitted shall be solely within the discretion of the Board provided, however, that the participating parties shall have the opportunity to question and cross examine witnesses presented by the other and to present final argument consistent with rules adopted by the Board for such hearing process. Any party may be represented by an attorney at any hearing by the Architectural Control Committee or the Board. Upon receiving all of the evidence, oral and documentary, and following the conclusion of the hearing, the Board shall retire to deliberate and shall reconvene at a time and place determined by the Board, at which time the Board shall cast its official ballot and the decision shall be duly recorded in the minutes of the meeting. The Owner shall be given written notice of the decision which shall be deemed given when deposited in the United States mail, postage prepaid and properly addressed. A decision of the Board of an appeal of a decision of the Architectural Control Committee or Notice of Violation shall be final and shall not be subject to reconsideration or further appeal.

ARTICLE IV **ASSESSMENTS**

4.1 Covenant to Pay Assessments. Each Owner hereby, and by acceptance of a deed to a Lot, covenants and agrees to pay when due all Regular Assessments, Special Assessments, and Limited Assessments or charges made by the Association. All Assessments, together with interest, costs and reasonable attorneys' fees which may be incurred in collecting the same, shall be a charge on the land and shall be a continuing lien upon the Lot against which each such Assessment is made, and shall be also the personal obligation of the Owner of such Lot at the time when the Assessment becomes due and payable. The personal obligation for delinquent Assessments shall not pass to an Owner's successors in title unless it is expressly assumed. No Owner may waive or otherwise avoid liability for any Assessment by non-use of the Common Area or by abandonment of its Lot.

DECLARATION OF COVENANTS, CONDITIONS, RESTRICTIONS, AND EASEMENTS FOR
EAST VIEW SUBDIVISION - P. 13

4.2 Regular Assessments. Regular Assessments shall be made by the Association in such amounts and at times and intervals deemed appropriate by the Board. The Regular Assessments shall be based upon advance estimates of cash requirements as determined by the Board for the maintenance and operation of the Common Area, owned or controlled by the Association and for the performance by the Association of its other duties and responsibilities. Such estimates may include, but shall not be limited to, expenses of management, taxes and special assessments of local governmental units, premiums for all insurance which the Association is required or permitted to maintain hereunder, landscaping and care of grounds, lighting, water charges, trash collection, sewage charges, repair and maintenance, reasonable fees for legal, management, or accounting services, and any deficit remaining from previous periods and the creation of a reserve, surplus and/or sinking fund(s). The Board shall fix the amount of the Regular Assessment against each Lot at least thirty (30) days in advance of each Regular Assessment period. Written notice of the Regular Assessment shall be sent to every Owner subject thereto.

4.3 Limitations upon Regular Assessments. Until January 1 of the year immediately following conveyance of the first Lot to an Owner, the initial Regular Assessment by the Association shall not exceed One Thousand Five Hundred Dollars, and No/100s (\$1,500).

4.3.1 From and after January 1 of the year immediately following the conveyance of the first Lot to an Owner, Regular Assessments imposed by the Association may be increased each year not more than ten percent (10%), or the maximum percentage increase allowable by FNMA (whichever is greater), above the initial Regular Assessment as set forth above.

4.3.2 From and after January 1 of the year immediately following conveyance of the first Lot to an Owner, Regular Assessments may be increased above the limit set forth in the preceding paragraph by a vote of two-thirds (2/3) of the votes of each class of Members who are voting in person or by proxy at a meeting duly called for this purpose by the Association.

4.3.3 The Board may fix the annual assessment at an amount not in excess of the maximum; and said assessments shall be payable to the Association in regular annual, semiannual, or quarterly installments as may be determined by the Board.

4.4 Special Assessments. In addition to Regular Assessments, provided that two-thirds (2/3) of the votes of each class voting in person or by proxy at an annual or special meeting duly called for the purpose of approving a Special Assessment vote to approve the Special Assessment, the Association may levy at any time a Special Assessment payable over such period as the Board may deem appropriate for the following purposes:

4.4.1 To defray, in whole or in part, the cost of any construction or reconstruction of Improvements on a Common Area, unexpected repair or replacement of a Common Area or any facility located thereon or an easement area controlled by the Association, the furnishing of a special service or services (other than those appropriate for a Limited Assessment), or for any other expenses incurred or to be incurred as provided in this Declaration.

DECLARATION OF COVENANTS, CONDITIONS, RESTRICTIONS, AND EASEMENTS FOR
EAST VIEW SUBDIVISION - P. 14

4.4.2 To cure a deficit in the common and ordinary expenses of the Association for which Regular Assessments for a given calendar or fiscal year are or will be inadequate to pay, as determined by the Board.

4.5 Limited Assessments. Each Owner of any Lot, by acceptance of a deed therefor (whether or not it shall be so expressed in such deed), is deemed to acknowledge that in addition to Regular Assessments and Special Assessments, in the event of an Owners' default under this Declaration, the Association, after having provided notice and an opportunity to cure pursuant to Section 16.3, below, shall have the power to impose, and the Owner shall have the obligation to pay, Limited Assessments as follows:

4.5.1 Limited Purpose. The Association shall have the power to levy a Limited Assessment against Owners and Lots for any limited special purpose, which the Board believes necessary with respect to certain Lots but not an appropriate expense for payment by the Association.

4.5.2 Maintenance and Repair. The Association shall have the power to incur expenses for maintenance and repair of any Lot or any Improvements on a Lot, if such maintenance and repair is necessary, in the opinion of the Board, to protect the Common Area or any other portion of the Subdivision, and if the Owner of said Lot has failed or refused to perform said maintenance or repair within a reasonable time after written notice of the necessity thereof has been delivered by the Board to said Owner. Limited Assessments for maintenance of a Lot shall be authorized pursuant to Section 8.3 below. The Board shall perform all such work specified in the written notice provided to the Owner of the Lot and shall levy a Limited Assessment against the Owner of the Lot owned by said Owner to pay for the cost of such maintenance and repair, and any other cost or expense, including attorneys' fees and management fees, arising out of or incident to such maintenance and repair and the Assessment therefor.

4.5.3 Correction of Violations. In addition to maintenance and repair, the Board, upon the failure or refusal of an Owner to correct a violation of this Declaration or the Architecture Control Committee Standards after completion of the initial development and construction of Improvements on a Lot, shall have the power to correct any such violation on a Lot or any Improvement on a Lot, and incur costs necessary in connection therewith. The cost of such corrective action, together with interest, related expenses, management fees, and attorneys' fees shall be assessed and collected as set forth in this Article IV and in Article V of this Declaration. Consistent with the provisions of this Declaration, including (without limitation) the provisions of Subsection 3.3.8., the Board may impose fees or fines in lieu of undertaking correction of any violation.

4.6 Commencement of Regular Assessments. Regular Assessments of the Association against each Lot shall commence on the date of the closing of the first sale of a Lot to an Owner. However, the Association may waive Regular Assessments until the Association determines that such Regular Assessments are necessary to the Association. Provided, however, that no Lot owned by the Declarant shall be assessed a Regular Assessment or Special Assessment.

DECLARATION OF COVENANTS, CONDITIONS, RESTRICTIONS, AND EASEMENTS FOR
EAST VIEW SUBDIVISION - P. 15

4.7 Initial Assessment and Transfer Assessment. The following Special Assessments shall be levied against each Lot as set forth herein. At the closing of the initial sale of each Lot by the Declarant, an "Initial Assessment" in the amount of Five Hundred Dollars (\$500.00) shall be collected from the purchaser of the Lot as payment to the Association for the set up costs and the maintenance of the Common Area and landscape easements to be maintained by the Association. Upon the transfer of ownership of a Lot by an Owner to a third party, a "Transfer Assessment" in the amount of Two Hundred Dollars (\$200.00) shall be payable by the Owner as payment to the Association to fund the costs associated with the conveyance for the time of the Association confirming payment of prior assessments and to reflect the modification to the Association's records to evidence the conveyance.

4.8 Uniform Rate of Assessment. Except as expressly provided to the contrary in this Declaration, Regular Assessments and Special Assessments of the Association shall be fixed at a uniform rate for all Lots. Limited Assessments imposed pursuant to Section 4.5 above shall not be subject to the requirements of this Section.

4.9 Assessment Due Date. The due dates for Regular Assessment or Special Assessment shall be the last day of the first month of the calendar quarter for which assessments are due pursuant to Section 4.3.3, unless some other due date is established by the Board. Limited Assessments shall be paid within ten (10) days of the date that the Board invoices the Owner of the Lot upon which a Limited Assessment. All installments of Assessment shall be delinquent if not paid within ten (10) days after the due date thereof. Nothing herein contained shall prohibit the Board from requiring that Special Assessments or Limited Assessments be paid in a lump sum instead of installments. The duty and obligation to pay Assessments by any Owner is independent of any other obligation or claim, as such Owners shall pay all Assessments without offset or deduction.

4.10 Interest and Penalties. Any Regular, Special, or Limited Assessment levied by the Association on Lots, if not paid when due, shall bear interest at an annual rate as shall be set by the Board from time to time, or if none is so set, at an annual rate of twelve percent (12%). Such interest shall commence on the date the Assessment becomes due and payable. In addition to the interest charge the Board may, in accordance with rules and regulations promulgated by it, impose additional fines or charges for the failure of an Owner to timely pay any Assessment when due. The right of the Board to charge interest or impose additional fines or charges shall be in addition to, and not in lieu of, any other right of enforcement or sanction available to the Board in the event of non-payment of an Assessment.

4.11 Estoppel Certificate. The Association, upon not less than ten (10) days prior written request, shall execute, acknowledge, and deliver to the party making such request a statement in writing stating whether or not, to the knowledge of the Association, a particular Owner is in default under the provisions of this Declaration and further stating the dates to which Assessments have been paid by said Owner, it being intended that any such certificate delivered pursuant to this Section may be relied upon by any prospective purchaser or Mortgagee of said Lot, but reliance on such certificate may not extend to any default as to which the signer of such Certificate has no actual knowledge. The Association shall have the right to charge a reasonable fee for the certification herein provided.

DECLARATION OF COVENANTS, CONDITIONS, RESTRICTIONS, AND EASEMENTS FOR
EAST VIEW SUBDIVISION - P. 16

4.12 Notice Requirements. Notwithstanding anything to the contrary contained in either the Articles or the Bylaws of the Association, written notice of any meeting called for the purpose of levying a Special Assessment described in Section 4.4, above, or a Limited Assessment described in Section 4.5, above, shall be sent to each Owner whose Lot is subject to the levy of such Special or Limited Assessment not less than thirty (30) nor more than sixty (60) days in advance of the meeting.

4.13 Subordination of the Lien to Mortgages. The lien of the Assessments provided for herein shall be subordinate to the lien of any first mortgage. Sale or transfer of any Lot shall not affect the Assessment lien. However, the sale or transfer of any Lot pursuant to mortgage foreclosure or any proceeding in lieu thereof shall extinguish the lien of such Assessments as to payments which became due prior to such sale or transfer. No sale or transfer shall relieve such Lot from liability for any Assessments thereafter becoming due or from the lien thereof.

4.14 Exempt Property. The following property, subject to this Declaration, shall be exempt from Assessments by the Association created herein:

4.14.1 All property expressly dedicated to and accepted by a local public authority;

4.14.2 The Common Area;

4.14.3 All portions of the Property owned by the Declarant or the Association;
and

4.14.4 All Lots owned by Declarant, until title is transferred to another person or entity, or until occupancy, whichever occurs first.

ARTICLE V

ENFORCEMENT OF ASSESSMENTS

5.1 Right to Enforce. The right to collect and enforce payment of the Assessments made by the Association is vested in the Association. Each Owner of a Lot hereby agrees to the enforcement of the payment of all Assessments in the manner herein provided. In the event an attorney is employed for the collection of an Assessment, whether by suit or otherwise, or to enforce compliance with or specific performance of any of the terms and conditions of this Declaration, the Owner against whom such enforcement is sought shall pay reasonable attorneys' fees, management fees, and collection fees in connection therewith.

5.2 Creation of Assessment Liens. There is hereby created a continuing claim of lien with power of sale on each and every Lot to secure payment of any and all Regular Assessments and Special Assessments levied against any and all Lots within the Subdivision pursuant to this Declaration, together with interest thereon and all costs of collection which may be paid or incurred by the Association in connection therewith, including reasonable attorneys' fees, which amounts shall be deemed to be Assessments once incurred by the Association. Said lien shall be prior and superior to all other liens or claims created subsequent to the

recordation of this Declaration except only for: (i) valid tax and special assessment liens on Lots in favor of any governmental unit assessing authority; (ii) a lien for all sums unpaid and secured by first Mortgage, duly recorded in Valley County, Idaho, including all unpaid obligatory advances to be made pursuant thereto; and (iii) labor or materialman's liens, if the same are prior and superior by reason of applicable law. All other lien holders acquiring liens on any Lot after recordation of this Declaration shall be deemed to consent that such liens shall be inferior liens to the lien for Regular Assessments and Special Assessments levied by the Association, whether or not such consent is specifically set forth in the instruments creating such other liens.

5.3 Notice of Assessment Lien. If an Owner fails to pay an Assessment within thirty (30) days of the Owner's receipt of notice of the Assessment, then the Association shall prepare a written Notice of Assessment Lien. The Notice of Assessment Lien shall include:

- (a) A true statement of the amount due for the unpaid Assessment after deducting all just credits and offsets;

The appropriate Association shall, as soon as practicable, determine the share of the condemnation award to which each Owner is entitled. Such shares shall be paid into separate accounts, one account for each Lot. Each such account shall remain in the name of the appropriate Association and shall be further identified by Lot number and the name of the Owner thereof. From each separate account, the Association, as attorney-in-fact, shall use and disburse the total amount of such accounts, without contribution from one account to the other, first to Mortgagees and other lienors in the order of priority of their Mortgages and other liens and the balance remaining to each respective Owner.

14.5.3 By act or omission change, waive or abandon any scheme of regulations, or enforcement thereof, pertaining to the architectural design or the exterior appearance of Dwellings, the maintenance of the Common Area property, party walls, or common fences and driveways, or the upkeep of lawns and plantings in the subdivision.
