SEVENTH AMENDMENT TO

DECLARATION OF PROTECTIVE COVENANTS

OF CAREFREE SUBDIVISION

CAREFREE SUB. No. 1 HOMEOWNERS ASSOCIATION

Pursuant to Paragraph G of the Declaration of Protective Covenants of the Carefree Subdivision, Valley County, Idaho, on file and of record in the office of the Recorder of Valley County, Idaho, as Instrument No. 92259, the undersigned, being more than two-thirds (2/3) of the lot owners in the Carefree No. 1 subdivision, do hereby approve the following amendment to said Declaration of Protective Covenants, as follows:

I.

That Paragraph C, the Protective Covenants, Section 2, Structure and Landscaping, be and is hereby amended to read as follows:

2. Structure and Landscaping. A residence shall contain a minimum of 1,600 square feet of living space. There must be a minimum of 1,000 square feet of finished living space on the ground floor. The remaining 600 sq. ft. must be attached finished living space (basement, first floor, or second floor) as an integral part of the main house. A garage or other storage space or out building does not qualify as living space for the purpose of meeting this covenant requirement. All construction must be of good quality and done in a good and workman-like manner. Home construction is restricted to original, on-site, construction only. Pre-fab homes, modular homes, or any similar type of pre-constructed homes, and existing homes moved onto any lot (remodeled or not) are specifically prohibited by this covenant. A structure shall include the alteration, construction, or installation of any building, fence, antenna, flag pole, patio, retaining wall, dam, windmill, or similar object.

Landscaping shall include any alternation of the natural surface of the land including the removal or addition of any plant, tree, or shrubs, with the exception of normal lot clean-up and maintenance. The cutting of any live trees more than four (4) inches in diameter measured at a point 30 inches above the immediate ground shall require the prior approval of the Executive Committee.

All landscaping, exterior structure surfaces, building dimensions, and location of any structure on the lot shall be approved by the Executive Committee, prior to commencement of any work thereon. No structure or landscaping shall be approved which shall detract from the attractiveness or desirability of the subdivision.

The use of a good quality exterior paint on exterior surfaces is allowed, however, painted surfaces must be kept in good condition. Any dilapidated appearance, or state of disrepair of exterior surfaces, would be a violation of these covenants. Colors must be submitted to the Executive Committee for approval prior to painting.

No reflective roofing material may be exposed on any lot. Colored metal roofing, however, is allowed. Galvanized, silver, white, or otherwise unpainted "reflective" metal roofing is not allowed.

Carefree Subdivision
Seventh Amendment to Protective Covenants
Paragraph C, Protective Covenants, Section 2 (continued)

All exterior walls of any structure may be of natural materials such as wood, stained wood, rock, or brick. In addition, exterior walls may be made of good quality manufactured man-made products, such as embossed cement board siding. However, a sample of the man-made product, together with the manufacturer's specifications, must be submitted for approval by the Executive Committee prior to its installation.

Any lot owner involved in a construction or remodeling project must insure that the builder/contractor provides portable toilet(s) for use on the construction site for the duration of the project or until indoor toilet facilities are available to construction crews.

Prior to any construction, the Executive Committee has the authority to request samples of any exterior construction material, roofing, paint, and/or the manufacture's specification sheets for those products, for their approval.

II.

That paragraph C, the Protective Covenants, Section 10, Fences, be and is hereby amended to read as follows:

10. Fences. No fence, wall or hedge higher than four (4) feet shall be erected or maintained on said lots or any thereof, save and except, however, with the consent in writing of all adjoining lot owners, first had and obtained. A fence, wall, or hedge of not to exceed six (6) feet in height may be erected and maintained around any lot, or portion thereof, provided, however, this sub-section is subject to the limitations set forth in Section 9 above ("Sight Distance at Intersections") and further is subject to approval of the Executive Committee.

Fencing should be of traditional post and wire construction, roundy pole, split rail, buck and pole, or other similar construction. If colored or stained, all fencing must be colored with natural earth tone colors, Vinyl fencing (white or any other color) is prohibited. Wood pole or board fencing painted white or any other non-earth tone color is prohibited. Electrical "tape" fencing (any color) is also prohibited. Regular hot wire electrical fencing is permitted where necessary.

III.

That Paragraph C, the Protective covenants, be and is hereby amended to add Section 12, Night Time Exterior Light Pollution, to read as follows:

12. Night Time Exterior Light Pollution. Night time exterior lighting should be restricted so as to not become nuisance lighting, light pollution, or excessive lighting shining onto and/or across neighboring property. Exterior flood lights, yard lights, or other similar large lighting fixtures must be controlled by motion detectors, or electrical timers controlling delayed shut off time. Such lighting must

not be allowed to operate continuously during all hours of darkness. Whenever possible, lighting should be shielded to prevent glare and directed downward toward the ground and not out or upward. A reasonable number of normal size porch light fixtures are excluded from this lighting restriction.

After Declarants have transferred of record fifteen or more lots to others, or within two years, whichever shall first occur, they shall assist such owners to form a homeowners non-profit mutual protective association to enforce these protective covenants and to otherwise act to further the common interests of the owners of lots in said tract in the place of Declarants.

lot owners by ballot mailed or delivered to each of them by the elected secretary of the association before June of each year at the address of each as it is shown on the books of the association. To be counted, a ballot must be returned to such secretary before July 1 of such year. The tally shall be made at the annual meeting by clerks chosen by the membership.

(c) Officers. The executive committee shall select its own chairman and secretary.

(d) Rule Making Power. The executive committee may develop and those present at any annual meeting may adopt such procedures governing the selection and conduct of the executive committee, and such amendment to, and rules governing the modification, construction, application, and enforcement of the protective covenants herein set forth, as shall have been proposed in writing mailed to members with notice of meeting and adopted by a majority of those present.

(f) The executive committee is hereby authorized to levy an assessment on each lot in proportion to its assessed value for county tax purposes to cover the annual operating expenses of all systems established and activities conducted, which shall, however, not exceed actual and necessary expenses for any system, as the owners association shall approve from time to time. Provided that for the purposes of maintaining the tract in a neat and attractive appearance and to reduce

the hazard of fire the Declarants or the executive committee when established, shall have the right to pasture or make hay on any lot free of fences until an owner commences construction of a residence thereon, at which time the owner must fence all or such portion of the premises he is occupying for such construction, including construction materials and storage. (g) The association may also levy assessments on those whom the executive committee finds have violated any of these protective covenants in such sum as the executive committee shall find is reasonable together with such sums as may be needed to cover the costs incurred by the association in enforcing compliance with such protective covenants by policing, hearings, and court actions as required. Any assessments referred to in this series of protective covenants shall constitute a lien on the lot owned by any person from the date the executive committee records a notice of lien until it is paid and thereby discharged. The assessments hereinabove referred to, are hereby declared to be among the damages to which every owner expresses his consent, by acquiring an interest in the tract.

(h) The executive committee shall also consider and act upon any and all proposals or plans and specifications submitted for its approval for landscaping and construction, and perform such other duties as from time to time shall be assigned to it by the association, including the inspection of construction in progress to assure its conformance with the plans approved by the executive committee. The executive committee shall approve proposal or plans and specifications

submitted for its approval only if it deems that the landscaping, construction, alterations, or additions contemplated thereby in the locations indicated will not be detrimental to the appearance of the surroundings or the subdivision as a whole, and that the appearance of any structure affected thereby will be in harmony with the surrounding structures. The executive committee may condition its approval of proposals or plans and specifications or such changes therein as it deems appropriate and may require submission of plans for approval, or additional factors which it will take into consideration in reviewing submissions. The executive committee may require detail in plans, elevation drawings and description or samples of exterior material and colors as hereinafter set forth. Until receipt by the executive committee of any required plans and specifications, the executive committee may postpone review of any plan submitted for approval.

The executive committee shall meet from time to time as necessary to perform its duties hereunder. The approval of the executive committee of any proposals or plans and specifications or drawings for any work done or proposed or in connection with any other matter requiring the approval and consent of the executive committee, shall not be deemed to constitute a waiver of any right to withhold approval or consent as to any similar proposals, plans and specifications, drawings or matter whatever subsequently or additionally submitted for approval or consent.

The members of the executive committee shall receive no compensation.

8. Signs. No sign of any kind containing more than 14 square feet shall be displayed to the public view on any lot.

9. Sight Distance at Intersections. No fence, wall, hedge or shrub planting which obstructs sight lines at elevations between two and six feet above the roadways shall be placed or permitted to remain on any corner lot within the triangular area formed by the street property lines and a line connecting them at points 25 feet from the intersection of the street lines, or in the case of a rounded property corner from the intersection of the street property lines extended.

No tree shall be permitted to remain within such distance

of such intersections unless the foliage line is maintained at sufficient height to prevent obstruction of such sight lines.

10. Fences. No fence, wall or hedge higher than four feet shall be erected or maintained on said lots or any thereof, save and except, however, with the consent in writing of all adjoining lot owners, first had and obtained, a fence, wall or hedge of not to exceed six feet in height may be erected and maintained around any lot, or portion thereof. Provided, however, this sub-section is subject to the limitations set forth in Section 9 above and further is subject to approval of the Declarants or executive committee when established.

11. Exception to Declarants. The Declarants shall be exempt from these covenants during the period they are engaged in selling any lots within the tract.

D. Park. The Declarants have established a park area to be used for the use and enjoyment of lot owners. Upon formation of the homeowners association as hereinabove provided, to which association all lot owners shall become members, the Declarants shall transfer to said association such park and said lot owners shall thereby obtain an equal and undivided interest in said park. An interest in the park may not be separated from a lot ownership and upon transfer of a lot ownership such park interest shall follow such transfer.

E. Additional Lands. In the event Declarants shall elect to subdivide additional lands this declaration of protective covenants shall apply thereto and each owner shall be a member of the homeowners association referred to herein with all rights, privileges, duties and obligations as owners in Carefree Subdivision.

F. Enforcement. These protective covenants may be enforced by any persons or entities entitled to enforce these covenants as set forth in Article A hereof, through action for injunction and/or damages, (including attorney's fees to be fixed by the Court).

G. Amendments. These covenants may be amended or terminated or parts thereof may be added or deleted, from time to time, by the then owners of at least 2/3 of the lots in said tract, by a writing which they execute and cause to be recorded in the office of the County Recorder of Valley County, Idaho.

H. Severability and Interpretation. Invalidity of any part of this declaration shall not affect any other part hereof.

Examples shall be for illustrative purposes and are not limiting in any way the overall desire to enhance the value, attractiveness, and desirability of the tract. Where applicable the plural and singular are interchangeable as are the masculine and feminine.

IN WITNESS WHEREOF, the Declarants have hereunto set their hands to this instrument this 14th day of July, 1977.

I.

That Paragraph C, the Protective Covenants, Section 2, Structure and Landscaping, be and is hereby amended to read as follows:

2. Structure and Landscaping. A residence shall contain a minimum of 1,600 square feet of living space. There must be a minimum of 1,000 square feet of finished living space on the ground floor. The remaining 600 sq. ft. must be attached finished living space (basement, first floor, or second floor) as an integral part of the main house. A garage or other storage space or out building does not qualify as living space for the purpose of meeting this covenant requirement. All construction must be of good quality and done in a good and workman-like manner. Home construction is restricted to original, on-site, construction only. Pre-fab homes, modular homes, or any similar type of pre-constructed homes, and existing homes moved onto any lot (remodeled or not) are specifically prohibited by this covenant. A structure shall include the alteration, construction, or installation of any building, fence, antenna, flag pole, patio, retaining wall, dam, windmill, or similar object.

Landscaping shall include any alternation of the natural surface of the land including the removal or addition of any plant, tree, or shrubs, with the exception of normal lot clean-up and maintenance. The cutting of any live trees more than four (4) inches in diameter measured at a point 30 inches above the immediate ground shall require the prior approval of the Executive Committee.

All landscaping, exterior structure surfaces, building dimensions, and location of any structure on the lot shall be approved by the Executive Committee, prior to commencement of any work thereon. No structure or landscaping shall be approved which shall detract from the attractiveness or desirability of the subdivision.

The use of a good quality exterior paint on exterior surfaces is allowed, however, painted surfaces must be kept in good condition. Any dilapidated appearance, or state of disrepair of exterior surfaces, would be a violation of these covenants. Colors must be submitted to the Executive Committee for approval prior to painting.

No reflective roofing material may be exposed on any lot. Colored metal roofing, however, is allowed. Galvanized, silver, white, or otherwise unpainted "reflective" metal roofing is not allowed.

Carefree Subdivision

All exterior walls of any structure may be of natural materials such as wood, stained wood, rock, or brick. In addition, exterior walls may be made of good quality manufactured man-made products, such as embossed cement board siding. However, a sample of the man-made product, together with the manufacturer's specifications, must be submitted for approval by the Executive Committee prior to its installation.

Any lot owner involved in a construction or remodeling project must insure that the builder/contractor provides portable toilet(s) for use on the construction site for the duration of the project or until indoor toilet facilities are available to construction crews.

Prior to any construction, the Executive Committee has the authority to request samples of any exterior construction material, roofing, paint, and/or the manufacturer's specification sheets for those products, for their approval.

II.

That paragraph C, the Protective Covenants, Section 10, Fences, be and is hereby amended to read as follows:

No fence, wall or hedge higher than four (4) feet shall be erected or maintained on said lots or any thereof, save and except, however, with the consent in writing of all adjoining lot owners, first had and obtained. A fence, wall, or hedge of not to exceed six (6) feet in height may be erected and maintained around any lot, or portion thereof, provided, however, this sub-section is subject to the limitations set forth in Section 9 above ("Sight Distance at Intersections") and further is subject to approval of the Executive Committee.

Fencing should be of traditional post and wire construction, roundy pole, split rail, buck and pole, or other similar construction. 12. Night Time Exterior Light Pollution. Night time exterior lighting should be restricted so as to not become nuisance lighting, light pollution, or excessive lighting shining onto and/or across neighboring property. **AMENDED AND RESTATED
DECLARATION OF PROTECTIVE COVENANTS
OF
AMENDED CAREFREE SUBDIVISION
Valley County, Idaho**

On July 14, 1977 John P. Joyce and Martha C. Joyce, husband and wife, executed a Declaration of Protective Covenants of Carefree Subdivision, Valley County, Idaho, establishing and declaring that said real property known as Carefree Subdivision shall be subject to the protective covenants set forth therein. Said original Declaration was recorded in the records of Valley County, Idaho on the 14th day of July, 1977 as Instrument No. 92259.

The Official Plat of said Carefree Subdivision is known and designated Amended Carefree Subdivision recorded in the office of the recorder for Valley County, Idaho, on August 30, 1977, as Instrument No. 92925, and is sometimes known and referred to as Carefree No. 1 Subdivision.

Since July 14, 1977, said Declaration of Protective Covenants has been amended on eight occasions. This Amended and Restated Declaration restates said original Declaration, incorporating each of the eight Amendments made subsequent thereto.

John P. Joyce and Maratha, husband and wife, are hereinafter called Declarants.

NOW, THEREFORE, the Declaration of Protective Covenants for Carefree Subdivision, Valley County, Idaho, as amended, is hereby restated as follows:

A. Application.

1. Establishment and Enforcement. Declarants, to carry out the purposes herein recited, hereby declare that the real property situate in Valley County, Idaho, hereinafter described, all of which is owned by Declarants and collectively referred to herein as "tract" shall be subject to the protective covenants hereinafter set forth which are established as a plan for the general and uniform improvement of said tract and for the mutual benefit of Declarants and all of their successors in ownership of any portion of said tract, and as amended from time to time as hereinafter provided, are hereby declared to run with the land and to bind the Declarants and all persons claiming under them until terminated. To this end these covenants shall be specifically enforceable by Declarants, by the Association hereinafter described, the Executive Committee to be established thereby and/or by those successors to and assigns

of Declarants who directly or through mesne conveyances become and at the time remain the owners of any lot in or part of said tract.

2. Description of Tract. The premises owned by Declarants and to which these covenants apply are more particularly described as follows, to-wit:

All lots in the Carefree Subdivision according to the official plat thereof on file and of record in the office of the recorder of Valley County, Idaho, and any other land as the Declarants shall specifically make subject hereto at any subsequent time.

3. Delineation of the Dominant and Servient Tenements. Said tract as a whole is hereby declared to constitute the dominant tenement for the benefit of every lot in which and every part of which these covenants are created, and each lot in said tract is hereby declared also to be the servient tenement hereby made subject to these restrictions as a mutual equitable servitude on each for the benefit of the others. Each person who accepts ownership of any interest in any lot subject to these covenants thereby irrevocably indicates his consent to assume all of the risks and perform all of the obligations herein imposed on the owner of a servient tenement, including those in Article B, Sections 5 (f) and (g), and in Article F hereof.

4. Definitions.

(a) A "lot" is any parcel designated as such on a recorded map of any part of said tract.

(b) "Owner" means one or more persons owning title to a lot of record, unless the lot is then being sold under an executory contract of sale, in which latter case the contract buyer is meant, but not in any case the holder of a mortgage or other security interest, easement, lien, encumbrance or leasehold.

B. The Homeowners Association.

1. Creation. After Declarants have transferred of record fifteen or more lots to others, or within two years, whichever shall first occur, they shall assist such owners to form a homeowners non-profit mutual protective association to enforce these protective covenants and to otherwise act to further the common interests of the owners of lots in said tract in the place of Declarants.

2. Authority. Wherever Declarants are empowered by any provision hereof to take or approve any action or enforce any provision hereof, the said association is hereby given the authority from and after its organization to act or enforce each of these covenants in the place of Declarants, as well as the other authority herein set forth.

3. Name. The association shall be given a name by its members.

4. Annual Meeting.

(a) Time, Place and Purpose. The members of the owners association shall meet annually at such place on or near the tract as the executive committee hereafter referred to shall fix in a notice mailed with the ballots referred to below. The meeting shall begin at 2:00 P.M. on the first Sunday of July of each year. At each meeting, the membership shall conduct such association business as the executive committee or any 10 lot owners may bring before those assembled.

(b) Quorum. Ten owners, or a majority of all owners, whichever is less, shall constitute a quorum at the annual meeting.

(c) Membership Decisions. The executive committee shall carry out decisions of the membership made at the annual meetings, and shall have no authority to overrule them.

5. Executive Committee.

(a) Creation. This owners association shall act and carry out such policies as are established by its membership at annual meetings through an executive committee of three persons (herein called the "Executive Committee"), which may act by majority vote.

(b) Election. The Executive Committee shall consist of the Board of Directors and shall be elected for a period of three (3) years until their respective successors shall have been elected; provided, however, that at the first election, one (1) director shall be elected for one (1) years, one director shall be elected for two (2) years, and one director shall be elected for three (3) years.

The members of this Committee shall be selected by plurality vote of the members of the lot owners association, including Declarants while they continue to own any lot, each of which members shall have one vote for each lot owned by him. Votes shall be cast by lot owners by ballot mailed or delivered to each of them by the elected secretary of the association before June of each year at the address of each as it is shown on the books of the association. To be counted, a ballot must be returned to such secretary before July 1 of such year. The tally shall be made at the annual meeting by clerks chosen by the membership.

(c) Officers. The executive committee shall select its own chairman and secretary.

(d) Rule Making Power. The Executive Committee may develop and those present at any annual meeting may adopt such procedures governing the selection and conduct of the Executive Committee, and such amendment to, and rules governing the modification, construction, application and enforcement of the protective covenants herein set forth, as shall have been proposed in writing mailed to members with notice of meeting and adopted by a majority of those present.

(e) Authority of Association. The Executive Committee is hereby granted authority to operate and maintain:

- (i) a water system;
- (ii) a sanitary system;
- (iii) upon 2/3 majority vote of all lot owners, the Executive Committee is also given the authority to establish such other system or conduct such other activities as such Majority may from time to time approve, until such majority may elect to discontinue the same at any time thereafter.

(f) The Executive Committee is hereby authorized to levy an assessment on each lot in proportion to its assessed value for county tax purposes to cover the annual operating expenses of all systems established and activities conducted which shall, however, not exceed actual and necessary expenses for any system, as the Owners Association shall approve from time to time. **Provided** that for

the purposes of maintaining the tract in a neat and attractive appearance, and to reduce the hazard of fire, the Declarants or the Executive Committee when established shall have the right to pasture or make hay on any lot free of fences until an owner commences construction of a residence thereon, at which time the owner must fence all or such portion of the premises he is occupying for such construction, including construction materials and storage. Any compensation received by Declarants or the Executive Committee when established for such pasturing or hay shall be used to maintain and improve any system or activity authorized under Section B 5 (e) above.

(g) The association may also levy assessments on those whom the Executive Committee finds have violated any of these Protective Covenants in such sum as the Executive Committee shall find is reasonable together with such sums as may be needed to cover the costs incurred by the association in enforcing compliance with such Protective Covenants by policing, hearings and court actions as required. Any assessments referred to in this series of Protective Covenants shall constitute a lien on the lot owned by any person from the date the Executive Committee records a Notice of Lien until it is paid and thereby discharged. The assessments hereinabove referred to are hereby declared to be among the damages to which every owner expresses his consent, by acquiring an interest in the tract.

(h) The Executive Committee shall also consider and act upon any and all proposals or plans and specifications submitted for its approval for landscaping and construction, and perform such other duties as from time to time shall be assigned to it by the association, including the inspection of construction in progress to assure its conformance with the plans approved by the Executive Committee. The Executive Committee shall approve proposal or plans and specifications submitted for its approval only if it deems that the landscaping, construction, alterations, or additions contemplated thereby in the locations indicated with not be detrimental to the appearance of the surroundings or the subdivision as a whole, and that the appearance of any structure affected thereby will be in harmony with the surrounding structures. The Executive Committee may condition its approval of proposals or plans and specifications or such changes therein as it deems appropriate and may require submission of plans for approval, or additional factors which it will take into consideration in reviewing submissions. The Executive Committee may require detail in plans, elevation drawings and description or samples of exterior material and colors as hereinafter set forth. Until receipt by the Executive Committee of any required plans and specifications, the Executive Committee may postpone review of any plan submitted for approval.

The Executive Committee shall meet from time to time as necessary to perform its duties hereunder. The approval of the Executive Committee of any proposals or plans and specifications or drawings for any work done or proposed or in connection with any other matter requiring the approval and consent of the Executive Committee, shall not be deemed to constitute a waiver of any right to withhold approval or consent as to any similar proposals, plans and specifications, drawings or matter whatever subsequently or additionally submitted for approval or consent.

The members of the Executive Committee shall receive no compensation.

(i) Use of Water. All water derived from the community well constructed by John P. Joyce and conveyed by me to the Carefree Homeowners Association, Inc., shall be used solely for inside residential purposes such as cooking, drinking, washing, bathing and sanitary purposes and shall not be used for any outside purposes except in the case of an emergency, and for watering those animals provided for in Part C, The Protective Covenants, Section 6.

The remaining 600 square feet must be attached finished living space (basement, first floor or second floor) as an integral part of the main house. A garage or other storage space or out buildings does not qualify as living space for the purpose of meeting this covenant requirement. All construction must be of good quality and done in a good and workman-like manner. Home construction is restricted to original, on-site, construction only. Pre-fab homes, modular homes, or any similar type of pre-constructed homes, and existing homes moved onto any lot (remodeled or not) are specifically prohibited by this covenant. A structure shall include the alteration, construction, or installation of any building, fence, antenna, flag pole, patio, retaining wall, dam, windmill, or similar object.

All exterior walls of any structure may be of natural materials such as wood, stained wood, rock or brick. In addition, exterior walls may be made of good quality manufactured man-made products, such as embossed cement board siding. However, a sample of the man-made product, together with the manufacturer's specifications, must be submitted for approval by the Executive Committee prior to its installation.

Prior to any construction, the Executive Committee has the authority to request samples of any exterior construction material, roofing, paint, and/or the manufacturer's specification sheets for those products, for their approval.

Any lot owner involved in a construction or remodeling project must insure that the builder/contractor provides portable toilet(s) for use on the construction site for the duration of the project or until indoor toilet facilities are available to construction crews.

To a reasonable extent, no structure shall block another owner's view of any object of natural beauty such as a creek or mountain.

No trailer, basement, tent, shack, garage, barn, motor home, mobile home or other outbuilding shall at any time be used as a residence temporarily or permanently, nor shall any structure of a temporary character be used as a residence except during construction as hereinafter set forth in Section 7(c) hereof.

3. Set Back Lines. No structure or any part thereof shall be located upon any lot nearer than 50 feet to the front lot line nor nearer than 50 feet to any side street line. No structure shall be located nearer than 25 feet to any interior lot line. No structure or any part thereof shall be located on any interior lot nearer than 50 feet to the rear lot line.

In addition thereto, on creek front lots, no structure or any part thereof except decks, patios, gazebos or the like, shall be located on any lot nearer than 50 feet to the high water mark of such creek.

However, a concrete retaining wall shall be allowed on Lot 3 inside the 25ft interior lot line set back, as the same is now located.

Furthermore, propane tanks buried or screened from view as outlined in Paragraph C, Section 13, will be exempt from the 25 foot interior lot line set back required as set forth above.

4. Height. No structure of a height of more than 24 feet shall be constructed on any lot of less than 2 ½ acres, measuring such structure from its highest roof peak to the highest natural lay of the land immediately adjacent to such structure.

5. Easements and Lot Subdivisions. Easements to lay or cause to be laid, water and sewer pipes and mains and conduits and any and all other utility lines, on, under, through and across a strip of

land five feet in width parallel to and along the full length of the interior boundary lines of said tract are hereby reserved to Declarants, their successors and assigns.

All easement as shown on the plat of such tract for irrigation ditches and/or utilities are perpetually reserved for such uses.

No lot may be further subdivided.

6. Animals. Except as hereinafter provided, no animals, livestock or poultry of any kind shall be raised, bred or kept on any lot in such tract other than dogs, cats or other household pets may be kept, provided that the same are not kept, bred or maintained for commercial purposes. Provided, further, that the same shall not be allowed to run at large and must be kept and maintained upon the property of the owner thereof.

Provided, further, that upon lots containing more than 2 ½ acres, one horse, cow or steer may be kept and maintained on such lot for each full acre thereof, together with such poultry as may be allowed by the Executive Committee.

7. Nuisances.

(a) Discharge of firearms is strictly prohibited and no one shall perform in said tract any activity which is noxious or offensive or an annoyance or nuisance to the owner of any lot, or involves the pollution of the earth or water of, or the air over any part of said tract, or creates noxious, offensive, annoying, or dangerous odors or noises or visual or tactile conditions, or creates or leaves a residue of non-degradable substances. Whether a violation of this sub-paragraph has occurred shall be determined by Declarants or the association's Executive Committee.

(b) All lots are to be maintained in a neat and tidy fashion and no debris, refuse, garbage or junk shall be deposited or left upon any lot at any time. No building materials shall be deposited or left upon any lot except in orderly and sightly piles and then only for a reasonable period of time during the construction of any structure. A reasonable construction time shall not exceed a consecutive two-year period of time from the date that any excavation or construction commences or any building materials are placed on the lot.

(c) No vehicle, boat, camper, trailer, machine, motor cycle, snow machine or machine of any kind, except that being used in connection with construction on such lot, shall be stored on any lot except screened from view of neighbors and public roads.

(d) The burning of wood, oil or gas for heating or cooking purposes, or of wood or leaves for clean-up purposes, shall not violate this Covenant.

8. Signs. No sign of any kind containing more than 1 ½ square feet shall be displayed to the public view on any lot.

9. Sign Distance at Intersections. No fence, wall, hedge or shrub planting which obstructs sight lines at elevations between two and six feet above the roadways shall be placed or permitted to remain on any corner lot within the triangular area formed by the street property lines and a line connecting them

at points 25 feet from the intersection of the street lines, or in the case of a rounded property corner, from the intersection of the street property lines extended.

No tree shall be permitted to remain within such distance of such intersections unless the foliage line is maintained at sufficient height to prevent obstruction of such sight lines.

10. Fences. No fence, wall, or hedge higher than four feet shall be erected or maintained on said lots or any thereof, save and except, however, with the consent in writing of all adjoining lot owners, first had and obtained. A fence, wall, or hedge of not to exceed six feet in height may be erected and maintained around any lot, or portion thereof, provided, however, this sub-section is subject to the limitations set forth in Section 9 above ("Sight Distance at Intersections") and further is subject to approval of the Declarants or Executive Committee.

Fencing should be of traditional post and wire construction, roundy pole, split rail, buck and pole, or other similar construction. If colored or stained, all fencing must be colored with natural earth tone colors. Vinyl fencing (white or any other color) is prohibited. Wood pole or board fencing painted white or any other non-earth tone color is prohibited. Electrical "tape" fencing (any color) is also prohibited. Regular hot wire electrical fencing is permitted where necessary.

11. Exception to Declarants. The Declarants shall be exempt from these covenants during the period they are engaged in selling any lots within the tract.

12. Night Time Exterior Light Pollution. Night time exterior lighting should be restricted so as to not become nuisance lighting, light pollution, or excessive lighting shining onto and/or across neighboring property. Exterior flood lights, yard lights or other similar large lighting fixtures must be controlled by motion detectors or electrical timers controlling delayed shut off time. Such lighting must not be allowed to operate continuously during all hours of darkness. Whenever possible, lighting should be shielded to prevent glare and directed downward toward the ground and not out or upward. A reasonable number of normal size porch light fixtures are excluded from this lighting restriction.

13. Propane Tanks. All propane tanks, regardless of size, must be either buried in the ground or fully screened on all four sides using a design and building materials similar to the main house structure. The screening structure must also be tall enough to provide proper screening. Any doorway or access opening in the screening structures must be located in the back end of the structure so that no part of the tank is visible from any lot in the subdivision or from any road in the subdivision. The location, design, color, and final trim appearance of the screening structure must be submitted for approval to the Executive Committee prior to the placement of the propane tank and prior to the construction of the screening structure. Please note that landscaping boulders and vegetation plantings (trees, shrubs, etc.) will not be sufficient to meet this screening requirement and will not be approved.

D. Park. The Declarants have established a park area to be used for the use and enjoyment of lot owners. Upon formation of the Homeowners Association as hereinabove provided, to which Association all lot owners shall become members, the Declarants shall transfer to said Association such park and said lot owners shall thereby obtain an equal undivided interest in said park. An interest in

the park may not be separated from a lot ownership and upon transfer of a lot ownership, such park interest shall follow such transfer.

E. **Additional Lands.** In the event Declarants shall elect to subdivide additional lands, this Declaration of Protective Covenants shall apply thereto and each owner shall be a member of the Homeowners' Association referred to herein with all rights, privileges, duties and obligations as owners in Carefree Subdivision.

F. **Enforcement.** These Protective Covenants may be enforced by any persons or entities entitled to enforce these Covenants as set forth in Article A hereof, through action for injunction and/or damages (including attorney's fees to be fixed by the Court).

G. **Amendments.** These Covenants may be amended or terminated or parts thereof may be added or deleted, from time to time, by the then owners of at least 2/3 of the lots in said tract, by a writing which they execute and cause to be recorded in the office of the County Recorder of Valley County, Idaho.

H. **Severability and Interpretation.** Invalidity of any part of this Declaration shall not affect any other part hereof.

Examples shall be for illustration purposes and are not limiting in any way the overall desire to enhance the value, attractiveness and desirability of the tract. Where applicable, the plural and singular are interchangeable, as are the masculine and feminine.

IN WITNESS WHEREOF, We, the undersigned, by the execution hereof, hereby certify and state: that we are the current duly elected and acting members of the Executive Committee of Amended Carefree Subdivision Homeowners Association; that the above and foregoing Amended and Restated Declaration of Protective Covenants of Amended Carefree Subdivision sets forth all Amendments to the original Declaration of Protective Covenants of Carefree Subdivision recorded in the records of Valley County, Idaho on July 14, 1977 as Instrument No. 92259; that said Amendments were duly passed by the owners of at least 2/3rds of the lots in said subdivision subsequent to the recording of said original Declaration on July 14, 1977; and that all of said Amendments, along with Original Declaration, are accurately and completely Restated herein.

3. Delineation of the Dominant and Servient Tenements. Said tract as a whole is hereby declared to constitute the dominant tenement for the benefit of every lot in which and every part of which these covenants are created, and each lot in said tract is hereby declared also to be the servient tenement hereby made subject to these restrictions as a mutual equitable servitude of each for the benefit of the others. Each person who accepts ownership of any interest in any lot subject to these covenants thereby irrevocably indicates his consent to assume all of the risks and perform all of the obligations herein imposed on the owner of a servient tenement.

4. Definitions. (a) A "lot" is any parcel designated as such

on a recorded map of any part of said tract.

(b) "Owner" means one or more persons owning title to a lot of record, unless the lot is then being sold under an executory contract of sale, in which latter case the contract buyer is meant, but not in any case the holder of a mortgage or other security interest, easement, lien, encumbrance, or leasehold.

1. Creation. After Declarants have transferred of record two-thirds of the lots to others, or within two years whichever shall first occur, they shall assist such owners to form a homeowners non-profit mutual protective association to enforce these protective covenants and to otherwise act to further the common interests of the owners of lots in said tract in the place or declarants.

(b) Election. The members of this committee shall be

selected annually by plurality vote of the members of the lot owners association, including Declarants while they continue to own any lot, each of which members shall have one vote for each lot owned by him. Votes shall be cast by lot owners by ballot mailed or delivered to each of them by the elected secretary of the association before June of each year at the address of each as it is shown on the books of the association. To be counted, a ballot must be returned to such secretary before July 1 of such year. The tally shall be made at the annual meeting by clerks chosen by the membership.

(c) Officers. The executive committee shall select its own chairman and secretary.

(d) Rule Making Power. The executive committee may develop and those present at any annual meeting may adopt such procedures governing the selection and conduct of the executive committee, and such amendment to, and rules governing the modification, construction, application, and enforcement of the protective covenants herein set forth, as shall have been proposed in writing mailed to members with notice of meeting and adopted by a majority of those present.

Any assessments referred to in this series of protective covenants shall constitute a lien on the lot owned by any persons from the date the executive committee records a notice of lien with the Valley County Recorder until it is paid and thereby discharged. The assessments hereinabove referred to, are hereby declared to be among the obligations to which every owner expresses his consent, by acquiring an interest in the tract.

(g) The executive committee shall also consider and act upon any and all proposals or plans and specifications submitted for its approval for landscaping and construction and perform such other duties as from time to time shall be assigned to it by the association, including the inspection of construction in progress to assure its conformance with the plans approved by the executive committee. as a whole, and that the appearance of any structure affected thereby will be in harmony with the surrounding structures. The executive committee may condition its approval of proposals or plans and specifications or such changes therein as it deems appropriate and may require submission of plans for approval, or plot plans with all planned improvements for approval, or additional factors which it will take into consideration in reviewing submissions, including construction schedules. The executive committee may require detail in plans, elevation drawings and descriptions or samples of exterior material and colors as hereinafter set forth. Until receipt by the executive committee of any required plans and specifications, the executive committee may post one review of any plan submitted for approval.

The executive committee shall meet from time to time as necessary to perform its duties hereunder. The approval of the executive committee of any proposals or plans and specifications or drawings for any work done or proposed or in connection with any other matter requiring the approval and consent of the executive committee, shall not be deemed to constitute a waiver of any right to withhold approval or consent as to any similar proposals, plans and specifications, drawings or matters whatever subsequently or additionally submitted for approval or consent.

CAREFREE SUBDIVISION NO. EIGHT

KNOW ALL PEOPLE BY THESE PRESENTS:

A. Application.

1. Establishment and Enforcement. The undersigned, Robert A. Ain and Diantha Ain, husband and wife, and Robert A. Ain, Jr. and Deborah A.B. To this end these covenants shall be specifically enforceable by Declarants, by the association hereinafter described, the executive committee to be established thereby and/or by those successors to and assigns of Declarants who directly or through mesne conveyances become and at the time remain the owners of any lot in or part of the said tract.

2. Description of Tract. The premises owned by Declarants and to which these covenants apply are more particularly described as follows, to wit:

All Lots in the Carefree Subdivision No. Eight, according to the official plat thereof on file and of record in the office of the Recorder of Valley County, Idaho, and any other land the Declarants shall specifically make subject hereto at any subsequent time.

3. Delineation of the Dominant and Servient Tenements. Said tract as a whole is hereby declared to constitute the dominant tenement for the benefit of every lot in which and every part of which these covenants are created, and each lot in said tract is hereby declared also to be the servient tenement hereby made subject to these restrictions as a mutual equitable servitude of each for the benefit of the others. Each person who accepts ownership of any interest in any lot subject to these covenants thereby irrevocably indicates his consent to assume all of the risks and perform all of the obligations herein imposed on the owner of a servient tenement.

4. Definitions. (a) A "lot" is any parcel designated as such

on a recorded map of any part of said tract.

(b) "Owner" means one or more persons owning title to a lot of record, unless the lot is then being sold under an executory contract of sale, in which latter case the contract buyer is meant, but not in any case the holder of a mortgage or other security interest, easement, lien, encumbrance, or leasehold.

(c) Common Area shall mean and include collectively all real property within the Subdivision which are designated to be owned or are owned by the Association, including (without limitation) any real property upon which Common Facilities are located or are intended to be located and any property designated and held by the Declarant for use as a Common Area and any property deeded by the Declarant to the Association for use as Common Area.

B. The Homeowners Association.

1. Creation. After Declarants have transferred of record two-thirds of the lots to others, or within two years whichever shall first occur, they shall assist such owners to form a homeowners non-profit mutual protective association to enforce these protective covenants and to otherwise act to further the common interests of the owners of lots in said tract in the place or declarants.

2. Authority. Wherever Declarants are empowered by any provision hereof to take or approve any action or enforce any provision hereof, the said association is hereby given the authority from and after its organization to act or enforce each of these covenants in the place of Declarants, as well as the other authority herein set forth.

3. Name. The association shall be given a name by its members.

4. Annual Meeting.

(a) Time, Place and Purpose. The members of the owners association shall meet annually at such place on or near the tract as the executive committee hereafter referred to shall fix in a notice mailed with the ballots referred to below. At each meeting the membership shall conduct such association business as the executive committee or any 10 lot owners may bring before those assembled.

(b) Quorum. Twenty-two owners, or a majority of all owners, whichever is less, shall constitute a quorum at the annual meeting.

(c) Membership Decisions. The executive committee shall carry out decisions of the membership made at the annual meetings, and shall have no authority to overrule them.

5. Executive Committee. (a) Creation. This owners association shall act, and carry out such policies as are established by its membership at annual meetings, through an executive committee of three persons (herein called the executive committee), which may act by majority vote.

(b) Election. The members of this committee shall be selected annually by plurality vote of the members of the lot owners association, including Declarants while they continue to own any lot, each of which members shall have one vote for each lot owned by him. Votes shall be cast by lot owners by ballot mailed or delivered to each of them by the elected secretary of the association before June of each year at the address of each as it is shown on the books of the association. To be counted, a ballot must be returned to such secretary before July 1 of such year. The tally shall be made at the annual meeting by clerks chosen by the membership.

(c) Officers. The executive committee shall select its own chairman and secretary.

(d) Rule Making Power. The executive committee may develop and those present at any annual meeting may adopt such procedures governing the selection and conduct of the executive committee, and such amendment to, and rules governing the modification, construction, application, and enforcement of the protective covenants herein set forth, as shall have been proposed in writing mailed to members with notice of meeting and adopted by a majority of those present.

(e) The executive committee is hereby authorized to levy an assessment on each lot in proportion to its assessed value for county tax purposes to cover the annual operating expenses and assessments as the owners association shall approve from time to time.

(f) The association may also levy assessments on those whom the executive committee finds have violated any of these protective covenants in such sum as the executive committee shall find is reasonable together with such sums as maybe needed to cover the costs incurred by the association in enforcing compliance with such protective covenants by policing, hearings, and court actions as required. Any assessments referred to in this series of protective covenants shall constitute a lien on the lot owned by any persons from the date the executive committee records a notice of lien with the Valley County Recorder until it is paid and thereby discharged. The assessments hereinabove referred to, are hereby declared to be among the obligations to which every owner expresses his consent, by acquiring an interest in the tract.

(g) The executive committee shall also consider and act upon any and all proposals or plans and specifications submitted for

its approval for landscaping and construction and perform such other duties as from time to time shall be assigned to it by the association, including the inspection of construction in progress to assure its conformance with the plans approved by the executive committee. The executive committee shall approve proposals or plans and specifications submitted for its approval only if it deems that the landscaping, construction, alterations, or additions contemplated thereby in the locations indicated will not be detrimental to the appearance of the surroundings or the subdivision as a whole, and that the appearance of any structure affected thereby will be in harmony with the surrounding structures. The executive committee may condition its approval of proposals or plans and specifications or such changes therein as it deems appropriate and may require submission of plans for approval, or plot plans with all planned improvements for approval, or additional factors which it will take into consideration in reviewing submissions, including construction schedules. The executive committee may require detail in plans, elevation drawings and descriptions or samples of exterior material and colors as hereinafter set forth. Until receipt by the executive committee of any required plans and specifications, the executive committee may post one review of any plan submitted for approval.

The executive committee shall meet from time to time as necessary to perform its duties hereunder. The approval of the executive committee of any proposals or plans and specifications or drawings for any work done or proposed or in connection with any other matter requiring the approval and consent of the executive committee, shall not be deemed to constitute a waiver of any right to withhold approval or consent as to any similar proposals, plans and specifications, drawings or matters whatever subsequently or additionally submitted for approval or consent.

6. Common Area. (a) The Common Area shall be under ownership and control of the Declarant until the Declarant creates and deeds over the said Common Area. Provided, however, this sub-section is subject to the limitations set forth in Section 2.2.7, above, and all such fences are subject to approval of the Architectural Committee.

2.3 Signs. No sign of any kind containing more than one and one-half (1 1/2) square feet shall be displayed to the public view on any lot without the approval of the Architectural Committee.

2.6.2 All lots are to be maintained in a neat and tidy fashion and no debris, refuse, garbage, or junk shall be deposited or left upon any lot at any time, and no odor shall be permitted to rise therefrom so as to render the Property, or any portion thereof, unsanitary, unsightly, offensive or detrimental to the Property or to its occupants or to any other property in the vicinity thereof or to its occupants. No building materials shall be deposited or left upon any lot except in orderly and sightly piles and then only for a reasonable period of time during the construction of any structure. A reasonable construction time

- 2.6.3 No noise or other nuisance as described in the Valley County Code, or any other applicable code, as amended from time to time, shall be permitted to exist or operate upon any portion of the Property so as to be offensive or detrimental to the Property or to its occupants or to other property in the vicinity or to its occupants.

2.7 No Hazardous Activities. No activities shall be conducted on the Property or the Improvements constructed on any property which are or might be unsafe or hazardous to any person or property.

2.8 Exterior Maintenance: Owner's Obligations. No Improvement shall be permitted to fall into disrepair, and each Improvement shall, at all times, be kept in good condition and repair. In the event that any Owner shall permit any Improvement, including trees and landscaping, which is the responsibility of such Owner to maintain, to fall into disrepair so as to create a dangerous, unsafe, unsightly or unattractive condition, the Board of the Association, upon fifteen (15) days prior written notice to the Owner of such property, shall have the right to correct such condition and to enter upon such Owner's Building Lot for the purpose of doing so, and such Owner shall promptly reimburse the Association for the cost thereof. Such cost shall be a Limited Assessment and shall create a lien enforceable in the same manner as other Assessments set forth in Article 4 of these CC&Rs. The Owner of the offending property shall be personally liable, and such Owner's property may be subject to a mechanic's lien, for all costs and expenses incurred by the Association in taking such corrective acts, plus all costs incurred in collecting the amounts due, including attorney's fees and costs. Each Owner shall pay all amounts due for such work within ten (10) days after receipt of written demand therefor, or the amounts may, at the option of the Board, be added to the amounts payable by such Owner as Regular Assessments. Each Owner shall have the remedial rights set forth herein if the applicable Association fails to exercise its rights within a reasonable time following written notice by such Owner to said Association.

2.9 No Temporary Structures. No house trailer, mobile home, tent (other than for short-term individual use which shall not exceed two (2) weeks unless approved by the Association), shack or other temporary building, improvement or structure shall be placed upon any portion of the

Property, except temporarily as may be required by construction activity undertaken on the Property. Nor may any trailer, basement, tent, shack, garage, barn, motor home, mobile home, or other outbuilding be used at any time as a residence temporarily or permanently.

2.10 Unscreened Boats, Campers and Other Vehicles. Except as provided elsewhere herein, no boats, trailers, campers, all-terrain vehicles, motorcycles, recreational vehicles, bicycles, dilapidated or unrepaired and unsightly vehicles, or similar equipment shall be placed upon any portion of the Property (including, without limitation, streets, parking areas and driveways) unless the same are enclosed by a structure concealing them from view in a manner approved by the Architectural Committee.

2.11 Energy Devices; Outside. No energy production devices, including, but not limited to, generators of any kind and solar energy devices, shall be constructed or maintained on any portion of the Property without the written approval of the applicable Architectural Committee, except for heat pumps/air conditioning shown in the plans approved by the Architectural Committee. This paragraph shall not apply to passive solar energy systems incorporated into the approved design of a residential structure.

2.12 Outdoor Lighting. All exterior lighting shall be designed, located and lamped in order to prevent: (a) over-lighting or excessive lighting; (b) glare; (c) light trespass; and (d) up-lighting or sky glow. All lighting or illumination units shall be hooded or shielded in a downward direction so they do not produce glare or cause light trespass on any adjacent lot or real property.

Lights on a timer and/or sensor activated lights are encouraged as desired for security purposes.

ARTICLE 3: THE CAREFREE SUBDIVISIONS 5 AND 6 HOMEOWNERS ASSOCIATION

3.1 Organization of The Carefree Subdivisions 5 and 6 Homeowners Association. The Carefree Subdivisions 5 and 6 Homeowners Association ("Association") shall be initially organized as an Idaho nonprofit corporation, under the provisions of the Idaho Code relating to general nonprofit corporations, and shall be charged with the duties and invested with the powers prescribed by law and set forth in the Articles, Bylaws and these CC&Rs. Neither the Articles nor the Bylaws shall be amended or otherwise changed or interpreted so as to be inconsistent with these CC&Rs or with any Supplemental CC&Rs which might be adopted pertaining to the Subdivisions.

3.2 Membership. Each Owner, by virtue of being an Owner and for so long as such ownership is maintained, shall be a Member of the Association, and no Owner shall have more than one (1) membership in the Association. Memberships in the Association shall be appurtenant to the Tract, Building Lot or other portion of the Property owned by such Owner. The memberships in the Association shall not be transferred, pledged, assigned or alienated in any way, except upon the transfer of Owner's title, and then only to the transferee of such title. Any attempt to make a prohibited membership transfer shall be void and will not be reflected on the books of the Association.

3.3 Voting. Voting in the Association shall be carried out by Members who shall cast the votes attributable to the Building Lots which they own. The number of votes any Member may cast

on any issue is determined by the number of Building Lots which the Member owns. When more than one person holds an interest in any Building Lot, all such persons shall be Members but shall share the votes attributable to the Building Lot. For voting purposes, the Association shall have one class of Members.

3.3.1 Fractional votes shall not be allowed. In the event that joint Owners are unable to agree among themselves as to how their vote or votes shall be cast, they shall lose their right to vote on the matter being put to a vote. When an Owner casts a vote, it will thereafter be presumed conclusively for all purposes that such Owner was acting with authority and consent of all joint Owners of the Building Lot(s) from which the vote derived. The right to vote may not be severed or separated from the ownership of the Building Lot to which it is appurtenant, except that any Owner may give a revocable proxy, or may assign such Owner's right to vote, to a lessee, mortgagee, beneficiary or contract purchaser of the Building Lot concerned, for the term of the lease, mortgage, deed of trust or contract. Any sale, transfer or conveyance of such Building Lot to a new Owner shall operate automatically to transfer the appurtenant voting right to the new Owner, subject to any assignment of the right to vote to a lessee, mortgagee or beneficiary as provided herein.

3.4 Board of Directors and Officers. The affairs of the Association shall be conducted and managed by a Board of Directors ("Board") and such Officers as the Board may elect or appoint, in accordance with the Articles and Bylaws, as the same may be amended from time to time. The Board of Directors shall be elected in accordance with the provisions set forth in the Association Bylaws.

3.5 Powers and Duties of the Association.

3.5.1 Powers. The Association shall have all the powers of a corporation organized under the general corporation laws of the State of Idaho, subject only to such limitations upon the exercise of such powers as are expressly set forth in the Articles, the Bylaws and these CC&Rs. The Association shall have the power to do any and all lawful things which may be authorized, required or permitted to be done by the Association under Idaho law and under these CC&Rs and the Articles and Bylaws, and to do and perform any and all acts which may be necessary to, proper for or incidental to the proper management and operation of the Association's affairs and the performance of the other responsibilities herein assigned, including, without limitation:

3.5.1.1 Assessments. The power to levy Assessments on any Owner or any portion of the Property and to force payment of such Assessments, all in accordance with the provisions of these CC&Rs.

3.5.1.2 Right of Enforcement. The power and authority, from time to time, in its own name, on its own behalf or on

behalf of any Owner who consents thereto, to commence and maintain actions and suits to restrain and enjoin any breach or threatened breach of these CC&Rs or the Articles or the Bylaws, including the Association Rules adopted pursuant to these CC&Rs, and to enforce, by injunction or otherwise, all provisions hereof.

3.5.1.3 Delegation of Powers. The authority to delegate its powers and duties to committees, officers, employees or to any person, firm or corporation to act as manager. Neither the Association nor the members of its Board shall be liable for any omission or improper exercise by the manager of any such duty or power so delegated.

3.5.1.4 Association Rules. The power to adopt, amend and repeal, by majority vote of the Board, such rules and regulations as the Association deems reasonable. A copy of the Association Rules, as they may from time to time be adopted, amended or repealed, shall be mailed or otherwise delivered to each Owner. Upon such mailing or delivery, the Association Rules shall have the same force and effect as if they were set forth in and were a part of these CC&Rs. In the event of any conflict between such Association Rules and any other provisions of these CC&Rs, or the Articles or the Bylaws, the provisions of the Association Rules shall be deemed to be superseded by the provisions of these CC&Rs, the Articles or the Bylaws to the extent of any such inconsistency.

3.5.1.5 Emergency Powers. The power, exercisable by the Association or by any person authorized by it, to enter upon any property (but not inside any building constructed thereon) in the event of any emergency involving illness or potential danger to life or property or, when necessary, in connection with any maintenance or construction for which the Association is responsible. Such entry shall be made with as little inconvenience to the Owner as practicable, and any damage caused thereby shall be repaired by the Association.

3.5.2 Insurance. The power to obtain insurance from reputable insurance companies authorized to do business in the State of Idaho and maintain in effect any insurance policy the Board deems necessary or advisable.

3.5.3 Rule Making. The power to make, establish, promulgate, amend and repeal such Association Rules as the Board shall deem advisable.

3.5.4 Architectural Committee. The power to appoint and remove members of the Architectural Committee, subject to the provisions of these CC&Rs.

3.5.5 Enforcement of Restrictions and Rules. The power to perform such other acts, whether or not expressly authorized by these CC&Rs, as may be reasonably advisable or necessary to enforce any of the provisions of these CC&Rs or of the Articles or the Bylaws, including, without limitation, the recordation of any claim of lien with the Valley County Recorder, as more fully provided herein.

3.6 Personal Liability. No member of the Board, or member of any committee of the Association, or any officer of the Association, or the manager, if any, shall be personally liable to any Owner, or to any other party, including the Association, for any damage, loss or prejudice suffered or claimed on the account of any act, omission, error or negligence of the Association, the Board, the manager, if any, or any other representative or employee of the Association or the Architectural Committee, or any other committee, or any Member of the Association, provided that such person, upon the basis of such information as may be possessed by such person, has acted in good faith without willful or intentional misconduct.

3.7 Budgets and Financial Statements. Financial statements for the Association shall be prepared regularly and copies shall be distributed to each Member of the Association as follows:

3.7.1 A pro forma operating statement or budget, for each fiscal year, shall be distributed not less than sixty (60) days before the beginning of each fiscal year. The operating statement shall include a schedule of Assessments received and receivable, identified by the Building Lot number and the name of the person or entity assigned.

3.8 Meetings of Association. Each year the Association shall hold at least one (1) meeting of the Members, according to the schedule for such meetings established by the Bylaws; provided, however, that such meeting shall occur no later than November 1 each year. Notice for all Association meetings, regular or special, shall be given by regular mail to all Members, and any person in possession of a Building Lot, not less than ten (10) days nor more than sixty (60) days, before the meeting. Said Notice shall set forth the place, date and hour of the meeting and the nature of the business to be conducted. All meetings shall be held in McCall, Idaho, or as close thereto as practical at a reasonable place selected by the Board. If any meeting cannot be held because a quorum is not present, the Members present may adjourn the meeting to a time, not less than ten (10) days nor more than thirty (30) days, from the time the original meeting was scheduled. At any such meeting properly called, the presence of one-third (1/3) of the Members shall constitute a quorum, including Members present by proxy.

ARTICLE 4: ASSESSMENTS

4.1 Covenant to Pay Assessments. By acceptance of a deed to any property in the Subdivision, each Owner of such property hereby covenants and agrees to pay, when due, all

Assessments or charges made by the Association, including all Regular, Special and Limited Assessments and charges made against such Owner pursuant to the provisions of these CC&Rs or other applicable instrument.

4.1.1 Assessment Constitutes Lien. Such Assessments and charges, together with interest, costs and reasonable attorney's fees which may be incurred in collecting the same, shall be a charge on the land and shall be a continuing lien upon the property against which each such Assessment or charge is made.

4.1.2 Assessment is Personal Obligation. Each such Assessment, together with interest, costs and reasonable attorney's fees, shall also be the personal obligation of the Owner of such property, beginning with the time when the Assessment falls due. The personal obligation for delinquent Assessments shall not pass to such Owner's successors in title, unless expressly assumed by them, but shall remain such Owner's personal obligation regardless of whether s/he remains an Owner.

4.2 Regular Assessments. All Owners are obligated to pay Regular Assessments to the treasurer of the Association on a schedule of payments established by the Board. Provided, however, that Regular Assessments shall not exceed \$25.00 per year unless the need for a greater amount has been appropriately previously noticed and communicated to the Owners at a duly-called meeting (or via any other method allowed by law), and then the approval of the greater amount is given by a majority of the Owners at said meeting at which a quorum is present (or by a majority of the Owners if the vote regarding the greater amount is taken other than at said duly-called meeting).

4.2.1 Purpose of Regular Assessments. The proceeds from Regular Assessments are to be used to pay for all costs and expenses incurred by the Association, including legal and attorneys' fees and other professional fees, for the conduct of its affairs (collectively "Expenses").

4.2.2 Computation of Regular Assessments. The Association shall compute the amount of its Expenses on an annual basis. The computation of Regular Assessments shall take place not less than thirty (30) nor more than sixty (60) days before the beginning of each fiscal year of the Association.

4.2.3 Amounts Paid by Owners. The Board can require, in its discretion or as provided in the Articles or Bylaws, payment of Regular Assessments in monthly, quarterly, semi-annual or annual installments. The Regular Assessment to be paid by any particular Owner for any given fiscal year shall be computed as follows:

4.2.3.1 As to the Association's Regular Assessment, each Owner shall be assessed and shall pay an amount computed by multiplying the Association's total advance estimate of Expenses by the fraction

produced by dividing the Building Lots attributable to the Owner by the total number of Building Lots in the Subdivisions.

4.3 Special Assessments.

4.3.1 Purpose and Procedure. In the event that the Board of the Association shall determine that its Regular Assessment for a given calendar year is or will be inadequate to meet the Expenses of such Association for any reason, the Board shall determine the approximate amount necessary to defray such Expenses and, after the notice and voting procedure outlined in paragraph 4.2 (and after the requisite affirmative vote), levy a Special Assessment which shall be computed in the same manner as Regular Assessments. No Special Assessment shall be levied which exceeds twenty percent (20%) of the budgeted gross Expenses of such Association for that fiscal year, without the vote or written assent of the Owners representing a majority of the votes of the Members of such Association. The Board shall, in its discretion, determine the schedule under which such Special Assessment will be paid, unless directed otherwise by the vote of a majority of the members.

4.3.2 Consistent Basis of Assessment. Every Special Assessment levied by and for the Association shall be levied and paid upon the same basis as that prescribed for the levying and payment of Regular Assessments for such Association.

4.4 Limited Assessments. Notwithstanding the above provisions with respect to Regular and Special Assessments, the Board may levy a Limited Assessment against a Member as a remedy to reimburse the Association for costs incurred in bringing the Member and/or such Member's Building Lot into compliance with the provisions of the governing instruments for the Subdivision.

4.5 Uniform Rate of Assessment. Unless otherwise specifically provided herein, Regular and Special Assessments shall be fixed at a uniform rate per Building Lot for all Members of the Association.

4.6 Assessment Period. Unless otherwise provided in the Articles or Bylaws, the Assessment period shall commence on October 1 of each year and terminate September 30th of the next year. The first Assessment shall be pro-rated according to the number of months remaining in the fiscal year.

4.7 Notice and Assessment Due Date. Ten (10) days prior written notice of Regular and Special Assessments shall be sent to the Owner of every Building Lot subject thereto, and to any person in possession of such Building Lot. The due dates for installment payments of Regular Assessments and Special Assessments shall be the first day of each month unless some other due date is established by the Board. Each monthly installment of the Regular Assessment or Special Assessment shall become delinquent if not paid within sixty (60) days after the levy thereof. Each installment payment which is delinquent for more than sixty (60) days shall accrue interest at eighteen percent (18%) per annum calculated from the date of delinquency to and including the date full payment is received by the Association. The Association may bring an action against the

delinquent Owner and may foreclose the lien against such Owner's Building Lot as more fully provided herein. Each Owner is personally liable for Assessments, together with all interest, costs and attorney's fees, and no Owner may exempt such Owner from such liability by lease or abandonment of such Owner's Building Lot.

4.8 Estoppel Certificate. The Association, upon at least twenty (20) days prior written request, shall execute, acknowledge and deliver to the party making such request a statement in writing stating whether or not, to the knowledge of the Association, a particular Building Lot Owner is in default under the provisions of these CC&Rs and further stating the dates to which any Assessments have been paid by the Owner. Any such certificate delivered pursuant to this paragraph may be relied upon by any prospective purchaser or mortgagee of the Owner's Building Lot. Reliance on such certificate may not extend to any default as to which the signor shall have had no actual knowledge.

4.9 Special Notice and Quorum Requirements. Notwithstanding anything to the contrary contained in either the Bylaws or the Articles, written notice of any meeting called for the purpose of levying a Special Assessment, or for the purpose of obtaining a membership vote in connection with an increase in the Regular Assessment, shall be sent to all Members of the Association and to any person in possession of a Building Lot not less than ten (10) days nor more than sixty (60) days before such meeting. At the first such meeting called, the presence of Members or of proxies entitled to cast one-third (1/3) of the total votes of the Association shall constitute a quorum. If such quorum is not present, subsequent meetings may be called subject to the same notice requirement, and the required quorum at the subsequent meetings shall be fifty-one percent (51%) of those present. No such subsequent meeting shall be held more than thirty (30) days following the preceding meeting.

ARTICLE 5: ENFORCEMENT OF ASSESSMENT: LIENS

5.1 Right to Enforce. The Association has the right to collect and enforce its Assessments pursuant to the provisions hereof. Each Owner of a Building Lot, upon becoming an Owner of such Building Lot, shall be deemed to covenant and agree to pay each and every Assessment provided for in these CC&Rs and agrees to the enforcement of all Assessments in the manner herein specified. In the event an attorney or attorneys are employed for the collection of any Assessment, whether by suit or otherwise, or to enforce compliance with or specific performance of the terms and conditions of these CC&Rs, each Owner agrees to pay reasonable attorney's fees in addition to any other relief or remedy obtained against such Owner. The Board or its authorized representative may enforce the obligations of the Owners to pay such Assessments by commencement and maintenance of a suit at law or in equity, or the Board may exercise the power of foreclosure and sale pursuant to paragraph 5.3 to enforce the liens created hereby. A suit to recover a money judgment for an unpaid Assessment shall be maintainable without foreclosing or waiving the lien hereinafter provided.

5.2 Assessment Liens.

5.2.1 Creation. There is hereby created a claim of lien with power of sale on each and every Building Lot to secure payment of any and all Assessments levied against each Building Lot pursuant to these CC&Rs, together with interest thereon at the maximum rate permitted by law and all costs of collection which may be paid or incurred by the Association making the Assessment in connection therewith, including reasonable attorney's fees. All sums assessed in accordance with the provisions of these CC&Rs shall constitute a lien on each respective Building Lot upon recordation of a claim of lien with the Valley County Recorder. Such lien shall be prior and superior to all other liens or claims created subsequent to the recordation of the notice of delinquency and claim of lien, except for tax liens for real property taxes on any Building Lot and assessments on any Building Lot in favor of any municipal or other governmental assessing body which, by law, would be superior thereto.

5.2.2 Claim of Lien. Upon default of any Owner in the payment of any Regular, Special or Limited Assessment issued hereunder, the Association may cause to be recorded in the office of the Valley County Recorder a claim of lien. The claim of lien shall state the amount of such delinquent sums and other authorized charges (including the cost of recording such claim), a sufficient description of the Building Lot(s) against which the same have been assessed, and the name of the record Owner thereof. Each delinquency shall constitute a separate basis for a notice and claim of lien, but any number of defaults may be included within a single notice and claim of lien. Upon payment to the Association of such delinquent sums and charges in connection therewith or other satisfaction thereof, the Association shall cause to be recorded a further notice stating the satisfaction or release of such delinquent sums and charges. The Association may demand and receive the cost of preparing and recording such release before recording the same.

5.3 Method of Foreclosure. Such lien may be foreclosed by appropriate action in court or by sale by the Association establishing the Assessment, its attorney or other person authorized to make the sale. Such sale shall be conducted in accordance with the provisions of the Idaho Code applicable to the exercise of powers of sale permitted by law. The Board is hereby authorized to appoint its attorney, any officer or director of the Association, or any title company authorized to do business in Idaho as trustee for the purpose of conducting such power of sale or foreclosure.

5.4 Required Notice. Notwithstanding anything contained in these CC&Rs to the contrary, no action may be brought to foreclose the lien created by recordation of the notice of delinquency and claim of lien, whether judicially, by power of sale or otherwise, until the expiration of thirty (30) days after a copy of such claim of lien has been deposited in the United States mail, certified or registered, postage prepaid, to the Owner of the Building Lot(s) described in such notice of delinquency and claim of lien and to the person in possession of such Building Lot(s) and a copy thereof is recorded by the Association in the Office of the Valley County Recorder.

5.5 Subordination to Certain Trust Deeds. The lien for the Assessments provided for herein in connection with a given Building Lot shall not be subordinate to the lien of any deed of trust or mortgage, except the lien of a first deed of trust or first mortgage given and made in good faith and for value that is of record as an encumbrance against such Building Lot prior to the recordation of a claim of lien for the Assessments. Except as expressly provided in paragraph 5.6 with respect to a first mortgagee who acquires title to a Building Lot, the sale or transfer of any Building Lot shall not affect the Assessment lien provided for herein, nor the creation thereof by the recordation of a claim of lien, on account of the Assessments becoming due, whether before, on or after the date of such sale or transfer, nor shall such sale or transfer diminish or defeat the personal obligation of any Owner for delinquent Assessments as provided for in these CC&Rs.

5.6 Rights of Mortgagees. Notwithstanding any other provision of these CC&Rs, no amendment of these CC&Rs shall operate to defeat the rights of the beneficiary under any deed of trust upon a Building Lot made in good faith and for value and recorded prior to the recordation of such amendment, provided that after the foreclosure of any such deed of trust, such Building Lot shall remain subject to these CC&Rs, as amended.

ARTICLE 6: INSPECTION OF ASSOCIATION'S BOOKS AND RECORDS

6.1 Member's Right of Inspection. The membership register, books of account and minutes of meetings of the Members, the Board and committees of the Association shall be made available for inspection and copying by any Member of the Association, or by such Member's duly appointed representatives, at any reasonable time and for a purpose reasonably related to such Member's interest as a Member, at the office of the Association or at such other place as the Board of such Association shall prescribe. No Member or any other person shall copy the membership register for the purposes of solicitation of or direct mailing to any Member of the Association.

6.2 Rules Regarding Inspection of Books and Records. The Board shall establish reasonable rules with respect to:

- 6.2.1 notice to be given to the custodians of the records by the persons desiring to make the inspection;
- 6.2.2 hours and days of the week when such an inspection may be made; and
- 6.2.3 payment of the cost of reproducing copies of documents requested pursuant to this Article 6.

6.3 Director's Rights of Inspection. Every director shall have the absolute right, at any reasonable time, to inspect all books, records and documents of the Association and the physical properties owned or controlled by the Association. The right of inspection by a director includes the right to make extracts and copies of documents.

ARTICLE 7: ARCHITECTURAL COMMITTEE

7.1 Creation. Within thirty (30) days of the date on which these CC&Rs are recorded, the Board shall appoint three (3) individuals who are also Owners to serve on the Architectural Committee ("Architectural Committee"). Each member shall hold office until such time as such member has resigned or has been removed, or such member's successor has been appointed, as provided herein. Members of the Architectural Committee must be Owners. Members of the Architectural Committee may be removed by the person or entity appointing them at any time without cause.

7.2 The Board's Right of Appointment. The Board shall have the right to appoint and remove all members of the Architectural Committee. If a vacancy on the Architectural Committee occurs and a permanent replacement has not yet been appointed, the Board may appoint an acting member to serve for a specified temporary period not to exceed three (3) years.

7.3 Review of Proposed Construction. The Architectural Committee shall consider and act upon any and all proposals or plans and specifications submitted for its approval, pursuant to these CC&Rs, and perform such other duties as, from time to time, shall be assigned to it by the Board, including the inspection of construction in progress to assure its conformance with plans approved by the Architectural Committee. The Board shall have the power to determine, by rule or other written designation consistent with these CC&Rs, which types of Improvements shall be submitted for Architectural Committee review and approval. The Architectural Committee shall have the power to hire engineers, architects, and/ or other professionals licensed with the State of Idaho, to assist the Architectural Committee in its review of proposals or plans and specifications submitted to the Architectural Committee. The Architectural Committee shall approve proposals or plans and specifications submitted for its approval only if it deems that the construction, alterations or additions contemplated thereby, in the locations indicated, will not be detrimental to the habitat or appearance of the surrounding area of the Property as a whole, that the appearance of any structure affected thereby will be in harmony with the surrounding structures, and that the upkeep and maintenance thereof will not become a burden on the Association.

7.3.1 Conditions on Approval. The Architectural Committee may condition its approval of proposals or plans and specifications upon such changes therein as it deems appropriate, and/or upon the agreement of the applicant to reimburse the Association for the cost of maintenance, and may require submission of additional plans and specifications or other information before approving or disapproving material submitted.

7.3.2 Architectural Committee Rules and Fees. The Architectural Committee also may establish rules and/or guidelines setting forth procedures for and the required content of the applications and plans submitted for approval. Such rules may require a fee to accompany each application for approvals or additional factors which it will take into consideration in reviewing submissions. The Architectural Committee shall determine the amount of such fee in a reasonable manner. Such fees shall be used to defray the costs and expenses of the Architectural Committee, including the cost and expense of hiring professionals licensed by the State of Idaho, as provided above, or

for such other purposes as established by the Board, and such fee shall be refundable to the extent not expended for the purposes herein stated. If plans submitted are the same or substantially similar to plans previously approved by the Architectural Committee, fees may be reduced for such application approvals.

7.3.2.1 Such rules and guidelines may establish, without limitation, specific rules and regulations regarding design and style elements, landscaping and fences and other structures, such as animal enclosures, as well as special architectural guidelines applicable to Building Lots located adjacent to public and/or private open space.

7.3.3 Detailed Plans. The Architectural Committee may require such detail in plans and specifications submitted for its review as it deems proper, including, without limitation, floor plans, site plans, landscape plans, drainage plans, elevation drawings and descriptions or samples of exterior material and colors. Until receipt of such details, the Architectural Committee may postpone review of any plan submitted for approval.

7.3.4 Architectural Committee Decisions. Decisions of the Architectural Committee and the reasons therefor shall be transmitted by the Architectural Committee to the applicant at the address set forth in the application for approval within thirty (30) days after filing all materials required by the Architectural Committee. Any materials submitted pursuant to this Article 7 shall be deemed approved unless written disapproval by the Architectural Committee shall have been mailed to the applicant within thirty (30) days after the date of filing said materials with the Architectural Committee.

7.4 Meetings of the Architectural Committee. The Architectural Committee shall meet, from time to time, as necessary to perform its duties hereunder. The Architectural Committee may, from time to time, by resolution unanimously adopted in writing, designate an Architectural Committee representative (who may, but need not be, one of its members) to take any action or perform any duties for and on behalf of the Architectural Committee, except the granting of variances pursuant to paragraph 7.9. In the absence of such designation, the vote of any two (2) members of the Architectural Committee, or the written consent of any two (2) members of the Architectural Committee taken without a meeting, shall constitute an act of the Architectural Committee.

7.5 No Waiver of Future Approvals. The approval of the Architectural Committee of any proposals or plans and specifications or drawings for any work done or proposed, or in connection with any other matter requiring the approval and consent of the Architectural Committee, shall not be deemed to constitute a waiver of any right to withhold approval or consent as to any similar proposals, plans and specifications, drawings or matter whatever subsequently or additionally submitted for approval or consent.

7.6 Compensation of Members. The members of the Architectural Committee shall receive no compensation for services rendered, other than reimbursement for expenses incurred by them in the performance of their duties hereunder and except as otherwise agreed by the Board.

7.7 Inspection of Work. Inspection of work and correction of defects therein shall proceed as follows:

7.7.1 Upon the completion of any work for which approved plans are required under this Article 7, the Owner shall give written notice of completion to the Architectural Committee.

7.7.2 Within sixty (60) days thereafter, the Architectural Committee, or its duly authorized representative, may inspect such Improvement. If the Architectural Committee finds that such work was not done in substantial compliance with the approved plans, it shall notify the Owner in writing of such noncompliance within such sixty (60) day period, specifying the particular noncompliance, and shall require the Owner to remedy the same.

7.7.3. If upon the expiration of thirty (30) days from the date of such notification, or any longer time the Architectural Committee determines to be reasonable, the Owner shall have failed to remedy such noncompliance, the Architectural Committee shall notify the Board in writing of such failure. Upon notice and hearing, as may be provided by law, the Board shall determine whether there is a noncompliance and, if so, the nature thereof and the estimated cost of correcting or removing the same. If a noncompliance exists, the Owner shall remedy or remove the same within a period of not more than forty-five (45) days from the date of the announcement of the Board ruling, unless the Board specifies a longer time as reasonable. If the Owner does not comply with the Board ruling within such period, the Board, at its option, may either remove the noncomplying Improvement or remedy the noncompliance, and the Owner shall reimburse the Association, upon demand, for all expenses incurred in connection therewith. If such expenses are not promptly repaid by the Owner to the Association, the Board shall levy a Limited Assessment against such Owner for reimbursement, pursuant to these CC&Rs.

7.7.4. If, for any reason, the Architectural Committee fails to notify the Owner of any noncompliance within sixty (60) days after receipt of the written notice of completion from the Owner, the work shall be deemed to be in accordance with the approved plans.

7.8 Non-Liability of Architectural Committee Members. Neither the Board nor any member thereof, nor its duly authorized Architectural Committee nor any member thereof, nor its duly authorized Architectural Committee representative, shall be liable to any Association, or to any Owner or grantee for any loss, damage or injury arising out of or in any way connected with the performance of the Architectural Committee's duties hereunder, unless due to the willful misconduct or bad faith of the Architectural Committee. The Architectural Committee shall review and approve

or disapprove all plans submitted to it for any proposed Improvement, alteration or addition, solely on the basis of aesthetic considerations and the overall benefit or detriment which would result to the immediate vicinity and to the Property generally. The Architectural Committee shall take into consideration the aesthetic aspects of the architectural designs, placement of buildings, landscaping, color schemes, exterior finishes and materials and similar features, but shall not be responsible for reviewing, nor shall its approval of any plan or design be deemed approval of any plan or design, from the standpoint of structural safety or conformance with building or other codes.

7.9 Variances. The Architectural Committee may authorize variances from compliance with any of the architectural provisions of these CC&Rs, including restrictions upon height, size, floor area or placement of structures or similar restrictions, when circumstances such as topography, natural obstructions, hardship, aesthetic or environmental considerations may require. Such variances must be evidenced in writing, must be signed by at least two (2) members of the Architectural Committee, and shall become effective upon recordation in the office of the County Recorder of Valley County. If such variances are granted, no violation of the covenants, conditions or restrictions contained in these CC&Rs shall be deemed to have occurred with respect to the matter for which the variance was granted. The granting of such a variance shall not operate to waive any of the terms and provisions of these CC&Rs for any purpose, except as to the particular Building Lot and particular provision hereof covered by the variance, nor shall it affect in any way the Owner's obligation to comply with all governmental laws and regulations affecting such Owner's use of the Building Lot, including, but not limited to, zoning ordinances or requirements imposed by any governmental or municipal authority.

ARTICLE 8: MISCELLANEOUS

8.1 Term. The covenants, conditions, restrictions and equitable servitudes of these CC&Rs shall run until December 31, 2034, unless amended as herein provided. After such date, such covenants, conditions and restrictions shall be automatically extended for successive periods of ten (10) years each, unless amended or extinguished by a written instrument executed by Members holding at least sixty-seven percent (67%) of the voting power of the Association and such written instrument is recorded with the Valley County Recorder.

8.2 Amendment.

8.2.1 By Owners. Except where a greater percentage is required by express provision in these CC&Rs, other than this Article 8, any amendment shall be by an instrument in writing signed and acknowledged by the president and secretary of the Association certifying and attesting that such amendment has been approved by the vote or written consent of Owners representing more than sixty-seven percent (67%) of the votes in the Association, and such amendment shall be effective upon its recordation with the Valley County Recorder. Any amendment to this Article 8 shall require the vote or written consent of Members holding ninety percent (90%) of the voting power of the Association.

8.2.2 Effect of Amendment. Any amendment of these CC&Rs approved in the manner specified above shall be binding on and effective as to all Owners and

their respective properties, notwithstanding that such Owners may not have voted for or consented to such amendment. Such amendments may add to and increase the covenants, conditions, restrictions and easements applicable to the Property but shall not prohibit or unreasonably interfere with the allowed uses of such Owner's property which existed prior to the said amendment.

8.3 Mortgage Protection. Notwithstanding any other provision of these CC&Rs, no amendment of these CC&Rs shall operate to defeat or render invalid the rights of a mortgagee or the beneficiary under any first deed of trust upon a Building Lot made in good faith and for value and recorded prior to the recordation of such amendment, provided that after foreclosure of any such mortgage or first deed of trust, such Building Lot shall remain subject to these CC&Rs, as amended.

8.4 Notices. Any notices permitted or required to be delivered as provided herein shall be in writing and may be delivered, either personally or by mail. If delivery is made by mail, it shall be deemed to have been delivered seventy-two (72) hours after the same has been deposited in the United States mail, postage prepaid, addressed to any person at the address given by such person, if no address has been given to the Association. Such address may be changed from time to time by notice in writing to the Association, as provided in this paragraph.

8.5 Enforcement and Non-Waiver.

8.5.1 Right of Enforcement. Except as otherwise provided herein, the Association and/or any Owner of any Building Lot shall have the right to enforce any or all of the provisions hereof against any property within the Property and Owners thereof.

8.5.2 Violations and Nuisances. The failure of any Owner of a Building Lot to comply with any provision hereof, or with any provision of the Articles or Bylaws of the Association, is hereby declared a nuisance and will give rise to a cause of action in the Association or any Owner of Building Lot(s) within the Property for recovery of damages or for negative or affirmative injunctive relief or both. However, any other provision to the contrary notwithstanding, only the Association, the Board or a duly authorized agent of any of them may enforce, by self-help, any of the provisions hereof, and then only if such self-help is preceded by reasonable notice to the Owner.

8.5.3 Violation of Law. Any violation of any state, municipal or local law, ordinance or regulation pertaining to the ownership, occupation or use of any property within the Property is hereby declared to be a violation of these CC&Rs and subject to any or all of the enforcement procedures set forth in these CC&Rs and any or all enforcement procedures in law and equity.

8.5.4 Remedies Cumulative. Each remedy provided herein is cumulative and not exclusive.

8.5.5 Non-Waiver. The failure to enforce any of the provisions herein at any time shall not constitute a waiver of the right to enforce any such provision at any time.

8.6 Interpretation. The provisions of these CC&Rs shall be liberally construed to effectuate the purpose of creating a uniform plan for the development and operation of the Property. These CC&Rs shall be construed and governed under the laws of the State of Idaho.

8.6.1 Restrictions Construed Together. All of the provisions hereof shall be liberally construed together to promote and effectuate the fundamental concepts of the development of the Property as set forth in these CC&Rs.

8.6.2 Restrictions Severable. Notwithstanding the provisions of the foregoing paragraph 8.6.1, each of the provisions of these CC&Rs shall be deemed independent and severable, and the invalidity or partial invalidity of any provision or portion thereof shall not affect the validity or enforceability of any other provision herein.

8.6.3 Singular Includes Plural. Unless the context requires a contrary construction, the singular shall include the plural and the plural shall include the singular, and the masculine, feminine or neuter shall each include the masculine, feminine and neuter.

8.6.4 Captions. All captions and titles used in these CC&Rs are intended solely for convenience or reference and shall not affect that which is set forth in any of the provisions hereof.

8.7 Successors and Assigns. All references herein to Owners, any Association or person shall be construed to include all successors, assigns, partners, representatives and authorized agents of such Owners, Association or person.

8.8 Wetlands. Portions of certain lots have been designated as wetlands. The Owners of said lots will abide by all applicable governmental statutes, regulations and rules regarding wetlands. Additionally, the Owners of said lots will keep said wetlands and irrigation ditches and creeks fenced from large animals for a livestock exclusion zone; provided, however, that reasonable stock water corridors may be created and fenced.

Provided, however, this sub-section is subject to the limitations set forth in Section 2.2.7, above, and all such fences are subject to approval of the Architectural Committee.

2.3 Signs. No sign of any kind containing more than one and one-half (1 1/2) square feet shall be displayed to the public view on any lot without the approval of the Architectural Committee.

2.6.2 All lots are to be maintained in a neat and tidy fashion and no debris, refuse, garbage, or junk shall be deposited or left upon any lot at any time, and no odor shall be permitted to rise therefrom so as to render the Property, or any portion thereof, unsanitary, unsightly, offensive or detrimental to the Property or to its occupants or to any other property in the vicinity thereof or to its occupants. No building materials shall be deposited or left upon any lot except in orderly and sightly piles and then only for a reasonable period of time during the construction of any structure. A reasonable construction time

shall not exceed a consecutive eighteen (18) month period of time from the date that any excavation or construction commences, or any building materials are placed on a lot.

2.6.3 No noise or other nuisance as described in the Valley County Code, or any other applicable code, as amended from time to time, shall be permitted to exist or operate upon any portion of the Property so as to be offensive or detrimental to the Property or to its occupants or to other property in the vicinity or to its occupants.

2.8 Exterior Maintenance: Owner's Obligations. No Improvement shall be permitted to fall into disrepair, and each Improvement shall, at all times, be kept in good condition and repair. In the event that any Owner shall permit any Improvement, including trees and landscaping, which is the responsibility of such Owner to maintain, to fall into disrepair so as to create a dangerous, unsafe, unsightly or unattractive condition, the Board of the Association, upon fifteen (15) days prior written notice to the Owner of such property, shall have the right to correct such condition and to enter upon such Owner's Building Lot for the purpose of doing so, and such Owner shall promptly reimburse the Association for the cost thereof. Such cost shall be a Limited Assessment and shall create a lien enforceable in the same manner as other Assessments set forth in Article 4 of these CC&Rs. The Owner of the offending property shall be personally liable, and such Owner's property may be subject to a mechanic's lien, for all costs and expenses incurred by the Association in taking such corrective acts, plus all costs incurred in collecting the amounts due, including attorney's fees and costs. Each Owner shall pay all amounts due for such work within ten (10) days after receipt of written demand therefor, or the amounts may, at the option of the Board, be added to the amounts payable by such Owner as Regular Assessments. Each Owner shall have the remedial rights set forth herein if the applicable Association fails to exercise its rights within a reasonable time following written notice by such Owner to said Association.

2.9 No Temporary Structures. No house trailer, mobile home, tent (other than for short-term individual use which shall not exceed two (2) weeks unless approved by the Association), shack or other temporary building, improvement or structure shall be placed upon any portion of the

Property, except temporarily as may be required by construction activity undertaken on the Property. Nor may any trailer, basement, tent, shack, garage, barn, motor home, mobile home, or other outbuilding be used at any time as a residence temporarily or permanently.

2.10 Unscreened Boats, Campers and Other Vehicles. Except as provided elsewhere herein, no boats, trailers, campers, all-terrain vehicles, motorcycles, recreational vehicles, bicycles, dilapidated or unrepaired and unsightly vehicles, or similar equipment shall be placed upon any portion of the Property (including, without limitation, streets, parking areas and driveways) unless the same are enclosed by a structure concealing them from view in a manner approved by the Architectural Committee.

2.11 Energy Devices; Outside. No energy production devices, including, but not limited to, generators of any kind and solar energy devices, shall be constructed or maintained on any portion of the Property without the written approval of the applicable Architectural Committee, except for heat pumps/air conditioning shown in the plans approved by the Architectural Committee. This paragraph shall not apply to passive solar energy systems incorporated into the approved design of a residential structure.

2.12 Outdoor Lighting. All exterior lighting shall be designed, located and lamped in order to prevent: (a) over-lighting or excessive lighting; (b) glare; (c) light trespass; and (d) up-lighting or sky glow. All lighting or illumination units shall be hooded or shielded in a downward direction so they do not produce glare or cause light trespass on any adjacent lot or real property.

Lights on a timer and/or sensor activated lights are encouraged as desired for security purposes.

ARTICLE 3: THE CAREFREE SUBDIVISIONS 5 AND 6 HOMEOWNERS ASSOCIATION

3.1 Organization of The Carefree Subdivisions 5 and 6 Homeowners Association. The Carefree Subdivisions 5 and 6 Homeowners Association ("Association") shall be initially organized as an Idaho nonprofit corporation, under the provisions of the Idaho Code relating to general nonprofit corporations, and shall be charged with the duties and invested with the powers prescribed by law and set forth in the Articles, Bylaws and these CC&Rs. Neither the Articles nor the Bylaws shall be amended or otherwise changed or interpreted so as to be inconsistent with these CC&Rs or with any Supplemental CC&Rs which might be adopted pertaining to the Subdivisions.

3.2 Membership. Each Owner, by virtue of being an Owner and for so long as such ownership is maintained, shall be a Member of the Association, and no Owner shall have more than one (1) membership in the Association. Memberships in the Association shall be appurtenant to the Tract, Building Lot or other portion of the Property owned by such Owner. The memberships in the Association shall not be transferred, pledged, assigned or alienated in any way, except upon the transfer of Owner's title, and then only to the transferee of such title. Any attempt to make a prohibited membership transfer shall be void and will not be reflected on the books of the Association.

3.3 Voting. Voting in the Association shall be carried out by Members who shall cast the votes attributable to the Building Lots which they own. The number of votes any Member may cast

on any issue is determined by the number of Building Lots which the Member owns. When more than one person holds an interest in any Building Lot, all such persons shall be Members but shall share the votes attributable to the Building Lot. For voting purposes, the Association shall have one class of Members.

- 3.3.1 Fractional votes shall not be allowed. In the event that joint Owners are unable to agree among themselves as to how their vote or votes shall be cast, they shall lose their right to vote on the matter being put to a vote. When an Owner casts a vote, it will thereafter be presumed conclusively for all purposes that such Owner was acting with authority and consent of all joint Owners of the Building Lot(s) from which the vote derived. The right to vote may not be severed or separated from the ownership of the Building Lot to which it is appurtenant, except that any Owner may give a revocable proxy, or may assign such Owner's right to vote, to a lessee, mortgagee, beneficiary or contract purchaser of the Building Lot concerned, for the term of the lease, mortgage, deed of trust or contract. Any sale, transfer or conveyance of such Building Lot to a new Owner shall operate automatically to transfer the appurtenant voting right to the new Owner, subject to any assignment of the right to vote to a lessee, mortgagee or beneficiary as provided herein.

3.4 Board of Directors and Officers. The affairs of the Association shall be conducted and managed by a Board of Directors ("Board") and such Officers as the Board may elect or appoint, in accordance with the Articles and Bylaws, as the same may be amended from time to time. The Board of Directors shall be elected in accordance with the provisions set forth in the Association Bylaws.

3.5 Powers and Duties of the Association.

- 3.5.1 Powers. The Association shall have all the powers of a corporation organized under the general corporation laws of the State of Idaho, subject only to such limitations upon the exercise of such powers as are expressly set forth in the Articles, the Bylaws and these CC&Rs. The Association shall have the power to do any and all lawful things which may be authorized, required or permitted to be done by the Association under Idaho law and under these CC&Rs and the Articles and Bylaws, and to do and perform any and all acts which may be necessary to, proper for or incidental to the proper management and operation of the Association's affairs and the performance of the other responsibilities herein assigned, including, without limitation:

- 3.5.1.1 Assessments. The power to levy Assessments on any Owner or any portion of the Property and to force payment of such Assessments, all in accordance with the provisions of these CC&Rs.

- 3.5.1.2 Right of Enforcement. The power and authority, from time to time, in its own name, on its own behalf or on

behalf of any Owner who consents thereto, to commence and maintain actions and suits to restrain and enjoin any breach or threatened breach of these CC&Rs or the Articles or the Bylaws, including the Association Rules adopted pursuant to these CC&Rs, and to enforce, by injunction or otherwise, all provisions hereof.

3.5.1.3 Delegation of Powers. The authority to delegate its powers and duties to committees, officers, employees or to any person, firm or corporation to act as manager. Neither the Association nor the members of its Board shall be liable for any omission or improper exercise by the manager of any such duty or power so delegated.

3.5.1.4 Association Rules. The power to adopt, amend and repeal, by majority vote of the Board, such rules and regulations as the Association deems reasonable. A copy of the Association Rules, as they may from time to time be adopted, amended or repealed, shall be mailed or otherwise delivered to each Owner. Upon such mailing or delivery, the Association Rules shall have the same force and effect as if they were set forth in and were a part of these CC&Rs. In the event of any conflict between such Association Rules and any other provisions of these CC&Rs, or the Articles or the Bylaws, the provisions of the Association Rules shall be deemed to be superseded by the provisions of these CC&Rs, the Articles or the Bylaws to the extent of any such inconsistency.

3.5.1.5 Emergency Powers. The power, exercisable by the Association or by any person authorized by it, to enter upon any property (but not inside any building constructed thereon) in the event of any emergency involving illness or potential danger to life or property or, when necessary, in connection with any maintenance or construction for which the Association is responsible. Such entry shall be made with as little inconvenience to the Owner as practicable, and any damage caused thereby shall be repaired by the Association.

3.5.2 Insurance. The power to obtain insurance from reputable insurance companies authorized to do business in the State of Idaho and maintain in effect any insurance policy the Board deems necessary or advisable.

3.5.3 Rule Making. The power to make, establish, promulgate, amend and repeal such Association Rules as the Board shall deem advisable.

3.5.4 Architectural Committee. The power to appoint and remove members of the Architectural Committee, subject to the provisions of these CC&Rs.

3.5.5 Enforcement of Restrictions and Rules. The power to perform such other acts, whether or not expressly authorized by these CC&Rs, as may be reasonably advisable or necessary to enforce any of the provisions of these CC&Rs or of the Articles or the Bylaws, including, without limitation, the recordation of any claim of lien with the Valley County Recorder, as more fully provided herein.

3.6 Personal Liability. No member of the Board, or member of any committee of the Association, or any officer of the Association, or the manager, if any, shall be personally liable to any Owner, or to any other party, including the Association, for any damage, loss or prejudice suffered or claimed on the account of any act, omission, error or negligence of the Association, the Board, the manager, if any, or any other representative or employee of the Association or the Architectural Committee, or any other committee, or any Member of the Association, provided that such person, upon the basis of such information as may be possessed by such person, has acted in good faith without willful or intentional misconduct.

3.7 Budgets and Financial Statements. Financial statements for the Association shall be prepared regularly and copies shall be distributed to each Member of the Association as follows:

3.7.1 A pro forma operating statement or budget, for each fiscal year, shall be distributed not less than sixty (60) days before the beginning of each fiscal year. The operating statement shall include a schedule of Assessments received and receivable, identified by the Building Lot number and the name of the person or entity assigned.

3.8 Meetings of Association. Each year the Association shall hold at least one (1) meeting of the Members, according to the schedule for such meetings established by the Bylaws; provided, however, that such meeting shall occur no later than November 1 each year. Notice for all Association meetings, regular or special, shall be given by regular mail to all Members, and any person in possession of a Building Lot, not less than ten (10) days nor more than sixty (60) days, before the meeting. Said Notice shall set forth the place, date and hour of the meeting and the nature of the business to be conducted. All meetings shall be held in McCall, Idaho, or as close thereto as practical at a reasonable place selected by the Board. If any meeting cannot be held because a quorum is not present, the Members present may adjourn the meeting to a time, not less than ten (10) days nor more than thirty (30) days, from the time the original meeting was scheduled. At any such meeting properly called, the presence of one-third (1/3) of the Members shall constitute a quorum, including Members present by proxy.

ARTICLE 4: ASSESSMENTS

4.1 Covenant to Pay Assessments. By acceptance of a deed to any property in the Subdivision, each Owner of such property hereby covenants and agrees to pay, when due, all

Assessments or charges made by the Association, including all Regular, Special and Limited Assessments and charges made against such Owner pursuant to the provisions of these CC&Rs or other applicable instrument.

4.1.1 Assessment Constitutes Lien. Such Assessments and charges, together with interest, costs and reasonable attorney's fees which may be incurred in collecting the same, shall be a charge on the land and shall be a continuing lien upon the property against which each such Assessment or charge is made.

4.1.2 Assessment is Personal Obligation. Each such Assessment, together with interest, costs and reasonable attorney's fees, shall also be the personal obligation of the Owner of such property, beginning with the time when the Assessment falls due. The personal obligation for delinquent Assessments shall not pass to such Owner's successors in title, unless expressly assumed by them, but shall remain such Owner's personal obligation regardless of whether s/he remains an Owner.

4.2 Regular Assessments. All Owners are obligated to pay Regular Assessments to the treasurer of the Association on a schedule of payments established by the Board. Provided, however, that Regular Assessments shall not exceed \$25.00 per year unless the need for a greater amount has been appropriately previously noticed and communicated to the Owners at a duly-called meeting (or via any other method allowed by law), and then the approval of the greater amount is given by a majority of the Owners at said meeting at which a quorum is present (or by a majority of the Owners if the vote regarding the greater amount is taken other than at said duly-called meeting).

4.2.1 Purpose of Regular Assessments. The proceeds from Regular Assessments are to be used to pay for all costs and expenses incurred by the Association, including legal and attorneys' fees and other professional fees, for the conduct of its affairs (collectively "Expenses").

4.2.2 Computation of Regular Assessments. The Association shall compute the amount of its Expenses on an annual basis. The computation of Regular Assessments shall take place not less than thirty (30) nor more than sixty (60) days before the beginning of each fiscal year of the Association.

4.2.3 Amounts Paid by Owners. The Board can require, in its discretion or as provided in the Articles or Bylaws, payment of Regular Assessments in monthly, quarterly, semi-annual or annual installments. The Regular Assessment to be paid by any particular Owner for any given fiscal year shall be computed as follows:

4.2.3.1 As to the Association's Regular Assessment, each Owner shall be assessed and shall pay an amount computed by multiplying the Association's total advance estimate of Expenses by the fraction

produced by dividing the Building Lots attributable to the Owner by the total number of Building Lots in the Subdivisions.

4.3 Special Assessments.

4.3.1 Purpose and Procedure. In the event that the Board of the Association shall determine that its Regular Assessment for a given calendar year is or will be inadequate to meet the Expenses of such Association for any reason, the Board shall determine the approximate amount necessary to defray such Expenses and, after the notice and voting procedure outlined in paragraph 4.2 (and after the requisite affirmative vote), levy a Special Assessment which shall be computed in the same manner as Regular Assessments. No Special Assessment shall be levied which exceeds twenty percent (20%) of the budgeted gross Expenses of such Association for that fiscal year, without the vote or written assent of the Owners representing a majority of the votes of the Members of such Association. The Board shall, in its discretion, determine the schedule under which such Special Assessment will be paid, unless directed otherwise by the vote of a majority of the members.

4.3.2 Consistent Basis of Assessment. Every Special Assessment levied by and for the Association shall be levied and paid upon the same basis as that prescribed for the levying and payment of Regular Assessments for such Association.

4.4 Limited Assessments. Notwithstanding the above provisions with respect to Regular and Special Assessments, the Board may levy a Limited Assessment against a Member as a remedy to reimburse the Association for costs incurred in bringing the Member and/or such Member's Building Lot into compliance with the provisions of the governing instruments for the Subdivision.

4.5 Uniform Rate of Assessment. Unless otherwise specifically provided herein, Regular and Special Assessments shall be fixed at a uniform rate per Building Lot for all Members of the Association.

4.6 Assessment Period. Unless otherwise provided in the Articles or Bylaws, the Assessment period shall commence on October 1 of each year and terminate September 30th of the next year. The first Assessment shall be pro-rated according to the number of months remaining in the fiscal year.

4.7 Notice and Assessment Due Date. Ten (10) days prior written notice of Regular and Special Assessments shall be sent to the Owner of every Building Lot subject thereto, and to any person in possession of such Building Lot. The due dates for installment payments of Regular Assessments and Special Assessments shall be the first day of each month unless some other due date is established by the Board. Each monthly installment of the Regular Assessment or Special Assessment shall become delinquent if not paid within sixty (60) days after the levy thereof. Each installment payment which is delinquent for more than sixty (60) days shall accrue interest at eighteen percent (18%) per annum calculated from the date of delinquency to and including the date full payment is received by the Association. The Association may bring an action against the

delinquent Owner and may foreclose the lien against such Owner's Building Lot as more fully provided herein. Each Owner is personally liable for Assessments, together with all interest, costs and attorney's fees, and no Owner may exempt such Owner from such liability by lease or abandonment of such Owner's Building Lot.

4.8 Estoppel Certificate. The Association, upon at least twenty (20) days prior written request, shall execute, acknowledge and deliver to the party making such request a statement in writing stating whether or not, to the knowledge of the Association, a particular Building Lot Owner is in default under the provisions of these CC&Rs and further stating the dates to which any Assessments have been paid by the Owner. Any such certificate delivered pursuant to this paragraph may be relied upon by any prospective purchaser or mortgagee of the Owner's Building Lot. Reliance on such certificate may not extend to any default as to which the signor shall have had no actual knowledge.

4.9 Special Notice and Quorum Requirements. Notwithstanding anything to the contrary contained in either the Bylaws or the Articles, written notice of any meeting called for the purpose of levying a Special Assessment, or for the purpose of obtaining a membership vote in connection with an increase in the Regular Assessment, shall be sent to all Members of the Association and to any person in possession of a Building Lot not less than ten (10) days nor more than sixty (60) days before such meeting. At the first such meeting called, the presence of Members or of proxies entitled to cast one-third (1/3) of the total votes of the Association shall constitute a quorum. If such quorum is not present, subsequent meetings may be called subject to the same notice requirement, and the required quorum at the subsequent meetings shall be fifty-one percent (51%) of those present. No such subsequent meeting shall be held more than thirty (30) days following the preceding meeting.

ARTICLE 5: ENFORCEMENT OF ASSESSMENT: LIENS

5.1 Right to Enforce. The Association has the right to collect and enforce its Assessments pursuant to the provisions hereof. Each Owner of a Building Lot, upon becoming an Owner of such Building Lot, shall be deemed to covenant and agree to pay each and every Assessment provided for in these CC&Rs and agrees to the enforcement of all Assessments in the manner herein specified. In the event an attorney or attorneys are employed for the collection of any Assessment, whether by suit or otherwise, or to enforce compliance with or specific performance of the terms and conditions of these CC&Rs, each Owner agrees to pay reasonable attorney's fees in addition to any other relief or remedy obtained against such Owner. The Board or its authorized representative may enforce the obligations of the Owners to pay such Assessments by commencement and maintenance of a suit at law or in equity, or the Board may exercise the power of foreclosure and sale pursuant to paragraph 5.3 to enforce the liens created hereby. A suit to recover a money judgment for an unpaid Assessment shall be maintainable without foreclosing or waiving the lien hereinafter provided.

5.2 Assessment Liens.

5.2.1 Creation. There is hereby created a claim of lien with power of sale on each and every Building Lot to secure payment of any and all Assessments levied against each Building Lot pursuant to these CC&Rs, together with interest thereon at the maximum rate permitted by law and all costs of collection which may be paid or incurred by the Association making the Assessment in connection therewith, including reasonable attorney's fees. All sums assessed in accordance with the provisions of these CC&Rs shall constitute a lien on each respective Building Lot upon recordation of a claim of lien with the Valley County Recorder. Such lien shall be prior and superior to all other liens or claims created subsequent to the recordation of the notice of delinquency and claim of lien, except for tax liens for real property taxes on any Building Lot and assessments on any Building Lot in favor of any municipal or other governmental assessing body which, by law, would be superior thereto.

5.2.2 Claim of Lien. Upon default of any Owner in the payment of any Regular, Special or Limited Assessment issued hereunder, the Association may cause to be recorded in the office of the Valley County Recorder a claim of lien. The claim of lien shall state the amount of such delinquent sums and other authorized charges (including the cost of recording such claim), a sufficient description of the Building Lot(s) against which the same have been assessed, and the name of the record Owner thereof. Each delinquency shall constitute a separate basis for a notice and claim of lien, but any number of defaults may be included within a single notice and claim of lien. Upon payment to the Association of such delinquent sums and charges in connection therewith or other satisfaction thereof, the Association shall cause to be recorded a further notice stating the satisfaction or release of such delinquent sums and charges. The Association may demand and receive the cost of preparing and recording such release before recording the same.

5.3 Method of Foreclosure. Such lien may be foreclosed by appropriate action in court or by sale by the Association establishing the Assessment, its attorney or other person authorized to make the sale. Such sale shall be conducted in accordance with the provisions of the Idaho Code applicable to the exercise of powers of sale permitted by law. The Board is hereby authorized to appoint its attorney, any officer or director of the Association, or any title company authorized to do business in Idaho as trustee for the purpose of conducting such power of sale or foreclosure.

5.4 Required Notice. Notwithstanding anything contained in these CC&Rs to the contrary, no action may be brought to foreclose the lien created by recordation of the notice of delinquency and claim of lien, whether judicially, by power of sale or otherwise, until the expiration of thirty (30) days after a copy of such claim of lien has been deposited in the United States mail, certified or registered, postage prepaid, to the Owner of the Building Lot(s) described in such notice of delinquency and claim of lien and to the person in possession of such Building Lot(s) and a copy thereof is recorded by the Association in the Office of the Valley County Recorder.

5.5 Subordination to Certain Trust Deeds. The lien for the Assessments provided for herein in connection with a given Building Lot shall not be subordinate to the lien of any deed of trust or mortgage, except the lien of a first deed of trust or first mortgage given and made in good faith and for value that is of record as an encumbrance against such Building Lot prior to the recordation of a claim of lien for the Assessments. Except as expressly provided in paragraph 5.6 with respect to a first mortgagee who acquires title to a Building Lot, the sale or transfer of any Building Lot shall not affect the Assessment lien provided for herein, nor the creation thereof by the recordation of a claim of lien, on account of the Assessments becoming due, whether before, on or after the date of such sale or transfer, nor shall such sale or transfer diminish or defeat the personal obligation of any Owner for delinquent Assessments as provided for in these CC&Rs.

5.6 Rights of Mortgagees. Notwithstanding any other provision of these CC&Rs, no amendment of these CC&Rs shall operate to defeat the rights of the beneficiary under any deed of trust upon a Building Lot made in good faith and for value and recorded prior to the recordation of such amendment, provided that after the foreclosure of any such deed of trust, such Building Lot shall remain subject to these CC&Rs, as amended.

ARTICLE 6: INSPECTION OF ASSOCIATION'S BOOKS AND RECORDS

6.1 Member's Right of Inspection. The membership register, books of account and minutes of meetings of the Members, the Board and committees of the Association shall be made available for inspection and copying by any Member of the Association, or by such Member's duly appointed representatives, at any reasonable time and for a purpose reasonably related to such Member's interest as a Member, at the office of the Association or at such other place as the Board of such Association shall prescribe. No Member or any other person shall copy the membership register for the purposes of solicitation of or direct mailing to any Member of the Association.

6.2 Rules Regarding Inspection of Books and Records. The Board shall establish reasonable rules with respect to:

- 6.2.1 notice to be given to the custodians of the records by the persons desiring to make the inspection;
- 6.2.2 hours and days of the week when such an inspection may be made; and
- 6.2.3 payment of the cost of reproducing copies of documents requested pursuant to this Article 6.

6.3 Director's Rights of Inspection. Every director shall have the absolute right, at any reasonable time, to inspect all books, records and documents of the Association and the physical properties owned or controlled by the Association. The right of inspection by a director includes the right to make extracts and copies of documents.

ARTICLE 7: ARCHITECTURAL COMMITTEE

7.1 Creation. Within thirty (30) days of the date on which these CC&Rs are recorded, the Board shall appoint three (3) individuals who are also Owners to serve on the Architectural Committee ("Architectural Committee"). Each member shall hold office until such time as such member has resigned or has been removed, or such member's successor has been appointed, as provided herein. Members of the Architectural Committee must be Owners. Members of the Architectural Committee may be removed by the person or entity appointing them at any time without cause.

7.2 The Board's Right of Appointment. The Board shall have the right to appoint and remove all members of the Architectural Committee. If a vacancy on the Architectural Committee occurs and a permanent replacement has not yet been appointed, the Board may appoint an acting member to serve for a specified temporary period not to exceed three (3) years.

7.3 Review of Proposed Construction. The Architectural Committee shall consider and act upon any and all proposals or plans and specifications submitted for its approval, pursuant to these CC&Rs, and perform such other duties as, from time to time, shall be assigned to it by the Board, including the inspection of construction in progress to assure its conformance with plans approved by the Architectural Committee. The Board shall have the power to determine, by rule or other written designation consistent with these CC&Rs, which types of Improvements shall be submitted for Architectural Committee review and approval. The Architectural Committee shall have the power to hire engineers, architects, and/ or other professionals licensed with the State of Idaho, to assist the Architectural Committee in its review of proposals or plans and specifications submitted to the Architectural Committee. The Architectural Committee shall approve proposals or plans and specifications submitted for its approval only if it deems that the construction, alterations or additions contemplated thereby, in the locations indicated, will not be detrimental to the habitat or appearance of the surrounding area of the Property as a whole, that the appearance of any structure affected thereby will be in harmony with the surrounding structures, and that the upkeep and maintenance thereof will not become a burden on the Association.

7.3.1 Conditions on Approval. The Architectural Committee may condition its approval of proposals or plans and specifications upon such changes therein as it deems appropriate, and/or upon the agreement of the applicant to reimburse the Association for the cost of maintenance, and may require submission of additional plans and specifications or other information before approving or disapproving material submitted.

7.3.2 Architectural Committee Rules and Fees. The Architectural Committee also may establish rules and/or guidelines setting forth procedures for and the required content of the applications and plans submitted for approval. Such rules may require a fee to accompany each application for approvals or additional factors which it will take into consideration in reviewing submissions. The Architectural Committee shall determine the amount of such fee in a reasonable manner. Such fees shall be used to defray the costs and expenses of the Architectural Committee, including the cost and expense of hiring professionals licensed by the State of Idaho, as provided above, or

for such other purposes as established by the Board, and such fee shall be refundable to the extent not expended for the purposes herein stated. If plans submitted are the same or substantially similar to plans previously approved by the Architectural Committee, fees may be reduced for such application approvals.

7.3.2.1 Such rules and guidelines may establish, without limitation, specific rules and regulations regarding design and style elements, landscaping and fences and other structures, such as animal enclosures, as well as special architectural guidelines applicable to Building Lots located adjacent to public and/or private open space.

7.3.3 Detailed Plans. The Architectural Committee may require such detail in plans and specifications submitted for its review as it deems proper, including, without limitation, floor plans, site plans, landscape plans, drainage plans, elevation drawings and descriptions or samples of exterior material and colors. Until receipt of such details, the Architectural Committee may postpone review of any plan submitted for approval.

7.3.4 Architectural Committee Decisions. Decisions of the Architectural Committee and the reasons therefor shall be transmitted by the Architectural Committee to the applicant at the address set forth in the application for approval within thirty (30) days after filing all materials required by the Architectural Committee. Any materials submitted pursuant to this Article 7 shall be deemed approved unless written disapproval by the Architectural Committee shall have been mailed to the applicant within thirty (30) days after the date of filing said materials with the Architectural Committee.

7.4 Meetings of the Architectural Committee. The Architectural Committee shall meet, from time to time, as necessary to perform its duties hereunder. The Architectural Committee may, from time to time, by resolution unanimously adopted in writing, designate an Architectural Committee representative (who may, but need not be, one of its members) to take any action or perform any duties for and on behalf of the Architectural Committee, except the granting of variances pursuant to paragraph 7.9. In the absence of such designation, the vote of any two (2) members of the Architectural Committee, or the written consent of any two (2) members of the Architectural Committee taken without a meeting, shall constitute an act of the Architectural Committee.

7.5 No Waiver of Future Approvals. The approval of the Architectural Committee of any proposals or plans and specifications or drawings for any work done or proposed, or in connection with any other matter requiring the approval and consent of the Architectural Committee, shall not be deemed to constitute a waiver of any right to withhold approval or consent as to any similar proposals, plans and specifications, drawings or matter whatever subsequently or additionally submitted for approval or consent.

7.6 Compensation of Members. The members of the Architectural Committee shall receive no compensation for services rendered, other than reimbursement for expenses incurred by them in the performance of their duties hereunder and except as otherwise agreed by the Board.

7.7 Inspection of Work. Inspection of work and correction of defects therein shall proceed as follows:

7.7.1 Upon the completion of any work for which approved plans are required under this Article 7, the Owner shall give written notice of completion to the Architectural Committee.

7.7.2 Within sixty (60) days thereafter, the Architectural Committee, or its duly authorized representative, may inspect such Improvement. If the Architectural Committee finds that such work was not done in substantial compliance with the approved plans, it shall notify the Owner in writing of such noncompliance within such sixty (60) day period, specifying the particular noncompliance, and shall require the Owner to remedy the same.

7.7.3. If upon the expiration of thirty (30) days from the date of such notification, or any longer time the Architectural Committee determines to be reasonable, the Owner shall have failed to remedy such noncompliance, the Architectural Committee shall notify the Board in writing of such failure. Upon notice and hearing, as may be provided by law, the Board shall determine whether there is a noncompliance and, if so, the nature thereof and the estimated cost of correcting or removing the same. If a noncompliance exists, the Owner shall remedy or remove the same within a period of not more than forty-five (45) days from the date of the announcement of the Board ruling, unless the Board specifies a longer time as reasonable. If the Owner does not comply with the Board ruling within such period, the Board, at its option, may either remove the noncomplying Improvement or remedy the noncompliance, and the Owner shall reimburse the Association, upon demand, for all expenses incurred in connection therewith. If such expenses are not promptly repaid by the Owner to the Association, the Board shall levy a Limited Assessment against such Owner for reimbursement, pursuant to these CC&Rs.

7.7.4. If, for any reason, the Architectural Committee fails to notify the Owner of any noncompliance within sixty (60) days after receipt of the written notice of completion from the Owner, the work shall be deemed to be in accordance with the approved plans.

7.8 Non-Liability of Architectural Committee Members. Neither the Board nor any member thereof, nor its duly authorized Architectural Committee nor any member thereof, nor its duly authorized Architectural Committee representative, shall be liable to any Association, or to any Owner or grantee for any loss, damage or injury arising out of or in any way connected with the performance of the Architectural Committee's duties hereunder, unless due to the willful misconduct or bad faith of the Architectural Committee. The Architectural Committee shall review and approve

or disapprove all plans submitted to it for any proposed Improvement, alteration or addition, solely on the basis of aesthetic considerations and the overall benefit or detriment which would result to the immediate vicinity and to the Property generally. The Architectural Committee shall take into consideration the aesthetic aspects of the architectural designs, placement of buildings, landscaping, color schemes, exterior finishes and materials and similar features, but shall not be responsible for reviewing, nor shall its approval of any plan or design be deemed approval of any plan or design, from the standpoint of structural safety or conformance with building or other codes.

7.9 Variances. The Architectural Committee may authorize variances from compliance with any of the architectural provisions of these CC&Rs, including restrictions upon height, size, floor area or placement of structures or similar restrictions, when circumstances such as topography, natural obstructions, hardship, aesthetic or environmental considerations may require. Such variances must be evidenced in writing, must be signed by at least two (2) members of the Architectural Committee, and shall become effective upon recordation in the office of the County Recorder of Valley County. If such variances are granted, no violation of the covenants, conditions or restrictions contained in these CC&Rs shall be deemed to have occurred with respect to the matter for which the variance was granted. The granting of such a variance shall not operate to waive any of the terms and provisions of these CC&Rs for any purpose, except as to the particular Building Lot and particular provision hereof covered by the variance, nor shall it affect in any way the Owner's obligation to comply with all governmental laws and regulations affecting such Owner's use of the Building Lot, including, but not limited to, zoning ordinances or requirements imposed by any governmental or municipal authority.

ARTICLE 8: MISCELLANEOUS

8.1 Term. The covenants, conditions, restrictions and equitable servitudes of these CC&Rs shall run until December 31, 2034, unless amended as herein provided. After such date, such covenants, conditions and restrictions shall be automatically extended for successive periods of ten (10) years each, unless amended or extinguished by a written instrument executed by Members holding at least sixty-seven percent (67%) of the voting power of the Association and such written instrument is recorded with the Valley County Recorder.

8.2 Amendment.

8.2.1 By Owners. Except where a greater percentage is required by express provision in these CC&Rs, other than this Article 8, any amendment shall be by an instrument in writing signed and acknowledged by the president and secretary of the Association certifying and attesting that such amendment has been approved by the vote or written consent of Owners representing more than sixty-seven percent (67%) of the votes in the Association, and such amendment shall be effective upon its recordation with the Valley County Recorder. Any amendment to this Article 8 shall require the vote or written consent of Members holding ninety percent (90%) of the voting power of the Association.

8.2.2 Effect of Amendment. Any amendment of these CC&Rs approved in the manner specified above shall be binding on and effective as to all Owners and

their respective properties, notwithstanding that such Owners may not have voted for or consented to such amendment. Such amendments may add to and increase the covenants, conditions, restrictions and easements applicable to the Property but shall not prohibit or unreasonably interfere with the allowed uses of such Owner's property which existed prior to the said amendment.

8.3 Mortgage Protection. Notwithstanding any other provision of these CC&Rs, no amendment of these CC&Rs shall operate to defeat or render invalid the rights of a mortgagee or the beneficiary under any first deed of trust upon a Building Lot made in good faith and for value and recorded prior to the recordation of such amendment, provided that after foreclosure of any such mortgage or first deed of trust, such Building Lot shall remain subject to these CC&Rs, as amended.

8.4 Notices. Any notices permitted or required to be delivered as provided herein shall be in writing and may be delivered, either personally or by mail. If delivery is made by mail, it shall be deemed to have been delivered seventy-two (72) hours after the same has been deposited in the United States mail, postage prepaid, addressed to any person at the address given by such person, if no address has been given to the Association. Such address may be changed from time to time by notice in writing to the Association, as provided in this paragraph.

8.5 Enforcement and Non-Waiver.

8.5.1 Right of Enforcement. Except as otherwise provided herein, the Association and/or any Owner of any Building Lot shall have the right to enforce any or all of the provisions hereof against any property within the Property and Owners thereof.

8.5.2 Violations and Nuisances. The failure of any Owner of a Building Lot to comply with any provision hereof, or with any provision of the Articles or Bylaws of the Association, is hereby declared a nuisance and will give rise to a cause of action in the Association or any Owner of Building Lot(s) within the Property for recovery of damages or for negative or affirmative injunctive relief or both. However, any other provision to the contrary notwithstanding, only the Association, the Board or a duly authorized agent of any of them may enforce, by self-help, any of the provisions hereof, and then only if such self-help is preceded by reasonable notice to the Owner.

8.5.3 Violation of Law. Any violation of any state, municipal or local law, ordinance or regulation pertaining to the ownership, occupation or use of any property within the Property is hereby declared to be a violation of these CC&Rs and subject to any or all of the enforcement procedures set forth in these CC&Rs and any or all enforcement procedures in law and equity.

8.5.4 Remedies Cumulative. Each remedy provided herein is cumulative and not exclusive.

8.5.5 Non-Waiver. The failure to enforce any of the provisions herein at any time shall not constitute a waiver of the right to enforce any such provision at any time.

8.6 Interpretation. The provisions of these CC&Rs shall be liberally construed to effectuate the purpose of creating a uniform plan for the development and operation of the Property. These CC&Rs shall be construed and governed under the laws of the State of Idaho.

8.6.1 Restrictions Construed Together. All of the provisions hereof shall be liberally construed together to promote and effectuate the fundamental concepts of the development of the Property as set forth in these CC&Rs.

8.6.2 Restrictions Severable. Notwithstanding the provisions of the foregoing paragraph 8.6.1, each of the provisions of these CC&Rs shall be deemed independent and severable, and the invalidity or partial invalidity of any provision or portion thereof shall not affect the validity or enforceability of any other provision herein.

8.6.3 Singular Includes Plural. Unless the context requires a contrary construction, the singular shall include the plural and the plural shall include the singular, and the masculine, feminine or neuter shall each include the masculine, feminine and neuter.

8.6.4 Captions. All captions and titles used in these CC&Rs are intended solely for convenience or reference and shall not affect that which is set forth in any of the provisions hereof.

8.7 Successors and Assigns. All references herein to Owners, any Association or person shall be construed to include all successors, assigns, partners, representatives and authorized agents of such Owners, Association or person.

8.8 Wetlands. Portions of certain lots have been designated as wetlands. The Owners of said lots will abide by all applicable governmental statutes, regulations and rules regarding wetlands. Additionally, the Owners of said lots will keep said wetlands and irrigation ditches and creeks fenced from large animals for a livestock exclusion zone; provided, however, that reasonable stock water corridors may be created and fenced.

DECLARATION OF PROTECTIVE COVENANTS

CAREFREE SUBDIVISION NO. 5

Valley County, Idaho

KNOW ALL PEOPLE BY THESE PRESENTS:

A. Application.

1. Establishment and Enforcement. The undersigned, Arthur Johnson, a bachelor, John P. Joyce and Martha C. Joyce, husband and wife, Robert A. Ain and Diantha Ain, husband and wife, Bruce M. Stathearn, a married man dealing with his sole and separate property, Duane A. Whitefoot and W. Jean Whitefoot, husband and wife, Jerry D. Whitefoot and Agnes L. Whitefoot, husband and wife, the Leming Family Trust, and Ken Dean and Sheri Dean, husband and wife, hereinafter called Declarants, to carry out the purposes herein recited, hereby declare that the real property situated in Valley County, Idaho, hereinafter described, all of which is owned by Declarants and collectively referred to herein as "tract" shall be subject to the protective covenants hereinafter set forth which are established as a plan for the general and uniform improvement of said tract and for the mutual benefit of Declarants and all of their successors in ownership of any portion of said tract, and as amended from time to time as hereinafter provided, are hereby declared to run with the land and to bind the Declarants and all persons claiming under them until terminated. To this end these covenants shall be specifically enforceable by Declarants, by the association hereinafter described, the executive committee to be established thereby and/or by those successors to and assigns of Declarants who directly or through mesne conveyances become and at the time remain the owners of any lot in or part of the said tract.

2. Description of Tract. The premises owned by Declarants and to which these covenants apply are more particularly described as follows, to wit:

All Lots in the Carefree Subdivision No. 5, according to the official plat thereof on file and of record in the office of the Recorder of Valley County, Idaho, and any other land the Declarants shall specifically make subject hereto at any subsequent time.

3. Delineation of the Dominant and Servient Tenements. Said tract as a whole is hereby declared to constitute the dominant tenement for the benefit of every lot in which and every part of which these covenants are created, and each lot in said tract is hereby declared also to be the servient tenement hereby made subject to these restrictions as a mutual equitable servitude of each for the benefit of the others. Each person who accepts ownership of any interest in any lot subject to these covenants

thereby irrevocably indicates his consent to assume all of the risks and perform all of the obligations herein imposed on the owner of a servient tenement.

4. Definitions. (a) A "lot" is any parcel designated as such on a recorded map of any part of said tract.

(b) "Owner" means one or more persons owning title to a lot of record, unless the lot is then being sold under an executory contract of sale, in which latter case the contract buyer is meant, but not in any case the holder of a mortgage or other security interest, easement, lien, encumbrance, or leasehold.

B. The Homeowners Association.

1. Creation. After Declarants have transferred of record twenty or more lots to others, or within two years whichever shall first occur, they shall assist such owners to form a homeowners non-profit mutual protective association to enforce these protective covenants and to otherwise act to further the common interests of the owners of lots in said tract in the place or declarants.

2. Authority. Wherever Declarants are empowered by any provision hereof to take or approve any action or enforce any provision hereof, the said association is hereby given the authority from and after its organization to act or enforce each of these covenants in the place of Declarants, as well as the other authority herein set forth.

3. Name. The association shall be given a name by its members.

4. Annual Meeting.

(a) Time, Place and Purpose. The members of the owners association shall meet annually at such place on or near the tract as the executive committee hereafter referred to shall fix in a notice mailed with the ballots referred to below. The meeting shall be at 2:00 P.M. on the first Sunday of July of each year. At each meeting the membership shall conduct such association business as the executive committee or any 10 lot owners may bring before those assembled.

(b) Quorum. Ten owners, or a majority of all owners, whichever is less, shall constitute a quorum at the annual meeting.

(c) Membership Decisions. The executive committee shall carry out decisions of the membership made at the annual meetings, and shall have no authority to overrule them.

5. Executive Committee. (a) Creation. This owners association shall act, and carry out such policies as are

established by its membership at annual meetings, through an executive committee of three persons (herein called the executive committee), which may act by majority vote.

(b) Election. The members of this committee shall be selected annually by plurality vote of the members of the lot owners association, including Declarants while they continue to own any lot, each of which members shall have one vote for each lot owned by him. Votes shall be cast by lot owners by ballot mailed or delivered to each of them by the elected secretary of the association before June of each year at the address of each as it is shown on the books of the association. To be counted, a ballot must be returned to such secretary before July 1 of such year. The tally shall be made at the annual meeting by clerks chosen by the membership.

(c) Officers. The executive committee shall select its own chairman and secretary.

(d) Rule Making Power. The executive committee may develop and those present at any annual meeting may adopt such procedures governing the selection and conduct of the executive committee, and such amendment to, and rules governing the modification, construction, application, and enforcement of the protective covenants herein set forth, as shall have been proposed in writing mailed to members with notice of meeting and adopted by a majority of those present.

(e) The executive committee is hereby authorized to levy an assessment on each lot in proportion to its assessed value for county tax purposes to cover the annual operating expenses and assessments as the owners association shall approve from time to time.

(f) The association may also levy assessments on those whom the executive committee finds have violated any of these protective covenants in such sum as the executive committee shall find is reasonable together with such sums as maybe needed to cover the costs incurred by the association in enforcing compliance with such protective covenants by policing, hearings, and court actions as required. Any assessments referred to in this series of protective covenants shall constitute a lien on the lot owned by any persons from the date the executive committee records a notice of lien with the Valley County Recorder until it is paid and thereby discharged. The assessments hereinabove referred to, are hereby declared to be among the obligations to which every owner expresses his consent, by acquiring an interest in the tract.

(g) The executive committee shall also consider and act upon any and all proposals or plans and specifications submitted for its approval for landscaping and construction and perform such other duties as from time to time shall be assigned to it by the association, including the inspection of construction in progress to assure its conformance with the plans approved by the executive

committee. The executive committee shall approve proposals or plans and specifications submitted for its approval only if it deems that the landscaping, construction, alterations, or additions contemplated thereby in the locations indicated will not be detrimental to the appearance of the surroundings or the subdivision as a whole, and that the appearance of any structure affected thereby will be in harmony with the surrounding structures. The executive committee may condition its approval of proposals or plans and specifications or such changes therein as it deems appropriate and may require submission of plans for approval, or plot plans with all planned improvements for approval, or additional factors which it will take into consideration in reviewing submissions, including construction schedules. The executive committee may require detail in plans, elevation drawings and descriptions or samples of exterior material and colors as hereinafter set forth. Until receipt by the executive committee of any required plans and specifications, the executive committee may post one review of any plan submitted for approval.

The executive committee shall meet from time to time as necessary to perform its duties hereunder. The approval of the executive committee of any proposals or plans and specifications or drawings for any work done or proposed or in connection with any other matter requiring the approval and consent of the executive committee, shall not be deemed to constitute a waiver of any right to withhold approval or consent as to any similar proposals, plans and specifications, drawings or matters whatever subsequently or additionally submitted for approval or consent.

C. The Protective Covenants.

The following are the protective covenants hereinabove referred to:

1. Residential Use. No lot shall be used for other than residential purposes. It is further provided that after construction of the residence, the lot owner is required to plant two trees per acre owned. These trees are to be conducive to this particular area and climate.

All landscaping, exterior structure surfaces, dimensions, and locations on lots shall be approved by the Declarants or executive committee, when established, prior to commencement of any work thereon. All easements as shown on the plat of such tract for irrigation ditches and/or utilities are perpetually reserved for such uses.

No lot may be further subdivided.

(a) Discharge of firearms is strictly prohibited and no one shall perform in said tract any activity which is noxious or offensive or an annoyance or nuisance to the owner of any lot, or involves the pollution of the earth or water of, or the air over any part of said tract, or creates noxious, offensive, annoying, or dangerous odors or noises or visual or tactile conditions, or creates or leaves a residue of non-degradable substances. This includes but is not limited to the operation of All Terrain Vehicles, snow machines, musical instruments, etc. Whether violation of this sub-paragraph has occurred shall be determined by Declarants or the associations' executive committee.

(b) All lots are to be maintained in a neat and tidy fashion and no debris, refuse, garbage, or junk shall be deposited or left upon any lot at any time. No building materials shall be deposited or left upon any lot except in orderly and sightly piles and then only for a reasonable period of time during the construction of any structure. A reasonable construction time shall not exceed a consecutive eighteen month period of time from the date that any excavation or construction commences or any building materials are placed on the lot.

(c) No vehicle, boat, camper, trailer, machine, motor cycle, snow machine, nor machinery of any kind, except that being used in connection with construction on such lot shall be stored on any lot except screened from view of neighbors and public roads. The Declarants or the associations' executive committee may require lot owners to provide outbuildings for screenage as set forth in Section C-2.

(d) The burning of wood, oil or gas for heating or cooking purposes, or of wood or leaves for clean-up purposes, shall not violate this covenant. Permits from Southern Idaho Timber Protective Association or an appropriate governmental agency shall be required for controlled and attended fires required for cleaning or maintaining of land.

(e) All lot owners shall conform to the county ordinances and State laws relating to noxious weed control and if they fail to do so the Declarants or executive committee shall have the right to come on the property and do what is necessary to make the property conform to such laws and ordinances at the lot owners expense.

9. Sight Distance at Intersections. No fence, wall, hedge or shrub planting which obstructs sight lines at elevations between two and six feet above the roadways shall be placed or permitted to remain on any corner lot within the triangular area formed by the street property lines and a line connecting them at points 25 feet from the intersection of the street lines, or in the case of a rounded property corner from the intersection of the street property lines extended.

No trees shall be permitted to remain within such distance of such intersections unless the foliage line is maintained at sufficient height to prevent obstruction of such sight lines.

10. Fences. No fence, wall or hedge higher than four feet

six inches shall be erected or maintained on said lots or thereof, save and except, however, with the consent in writing of all adjoining lot owners, first had and obtained, a fence, wall or hedge of not to exceed six feet in height may be erected and maintained around any lot, or portion thereof. Provided, however, this sub-section is subject to the limitations set forth in Section 9 above and further is subject to approval of the Declarants or executive committee when established.

All fences constructed along county roads are to be constructed with similar material and dimensions as the fencing established by the Declarants at the entrance to the subdivision on Pearson Lane. Fences are the property of the lot owner and are to be maintained in accordance to local practices and Section C-2 above.

(d) Enforcement. These protective covenants may be enforced by any persons or entities entitled to enforce these covenants as set forth in Article A hereof, through action for injunction and/or damages (including attorney's fees to be fixed by the Court).

(e) Amendments. These covenants may be amended or terminated or parts thereof may be added or deleted, from time to time by the then owners of at least 2/3 of the lots in said tract, by a writing which they execute and cause to be recorded in the office of the County Recorder of Valley County, Idaho.

(f) Severability and Interpretation. Invalidity of any part of this declaration shall not affect any other part hereof.

Examples shall be for illustrative purposes and are not limiting in any way the overall desire to enhance the value, attractiveness, and desirability of the tract. Where applicable the plural and singular are interchangeable as are the masculine and feminine.

(d) Release of Sanitary Restrictions. The following described lots are subject to the sanitary restrictions imposed by Section 50-1326, Idaho code, to wit:

Lots 79, 80, 81, 82, 85, 86, 88, 89, 90, 91, 92, 93, 94, 95, which sanitary restrictions must be satisfied by the filing of a duly acknowledged certificate of approval issued by the director of the department of health and welfare prior to a sale of such lots by declarants.

2.8 Exterior Maintenance: Owner's Obligations. No Improvement shall be permitted to fall into disrepair, and each Improvement shall, at all times, be kept in good condition and repair. In the event that any Owner shall permit any Improvement, including trees and landscaping, which is the responsibility of such Owner to maintain, to fall into disrepair so as to create a dangerous, unsafe, unsightly or unattractive condition, the Board of the Association, upon fifteen (15) days prior written notice to the Owner of such property, shall have the right to correct such condition and to enter upon such Owner's Building Lot for the purpose of doing so, and such Owner shall promptly reimburse the Association for the cost thereof. Such cost shall be a Limited Assessment and shall create a lien enforceable in the same manner as other Assessments set forth in Article 4 of these CC&Rs. The Owner of the offending property shall be personally liable, and such Owner's property may be subject to a mechanic's lien, for all costs and expenses incurred by the Association in taking such corrective acts, plus all costs incurred in collecting the amounts due, including attorney's fees and costs. Each Owner shall pay all amounts due for such work within ten (10) days after receipt of written demand therefor or the amounts may, at the option of the Board, be added to the amounts payable by such Owner as Regular Assessments. 2.11 Energy Devices; Outside. No energy production devices, including, but not limited to, generators of any kind and solar energy devices, shall be constructed or maintained on any portion of the Property without the written approval of the applicable Architectural Committee, except for heat pumps/air conditioning shown in the plans approved by the Architectural Committee. This paragraph shall not apply to passive solar energy systems incorporated into the approved design of a residential structure.

2.12 Outdoor Lighting. All exterior lighting shall be designed, located and lamped in order to prevent: (a) over-lighting or excessive lighting; (b) glare; (c) light trespass; and (d) up-lighting or sky glow. All lighting or illumination units shall be hooded or shielded in a downward direction so they do not produce glare or cause light trespass on any adjacent lot or real property.

Lights on a timer and/or sensor activated lights are encouraged as desired for security purposes.

ARTICLE 3: THE CAREFREE SUBDIVISION NO. 2 HOMEOWNERS ASSOCIATION

3.1 Organization of The Carefree Subdivision No. 2 Homeowners Association. The Carefree Subdivision No. 2 Homeowners Association ("Association") shall be initially organized by the Board as an Idaho nonprofit corporation, under the provisions of the Idaho Code relating to general non-profit corporations, and shall be charged with the duties and invested with the powers prescribed by law and set forth in the Articles, Bylaws and these CC&Rs. Neither the Articles nor the Bylaws shall be amended or otherwise changed or interpreted so as to be inconsistent with these CC&Rs or with any Supplemental CC&Rs which the Board might adopt pertaining to the Subdivision.

3.2 Membership. Each Owner, by virtue of being an Owner and for so long as such ownership is maintained, shall be a Member of the Association, and no Owner shall have more than one (1) membership in the Association. Memberships in the Association shall be appurtenant to the Tract, Building Lot or other portion of the Property owned by such Owner. The memberships in the Association shall not be transferred, pledged, assigned or alienated in any way, except upon the transfer of Owner's title, and then only to the transferee of such title. Any attempt to make a prohibited membership transfer shall be void and will not be reflected on the books of the Association.

3.3 Voting. Voting in the Association shall be carried out by Members who shall cast the votes attributable to the Building Lots which they own. The number of votes any Member may cast on any issue is determined by the number of Building Lots which the Member owns. When more than one person holds an interest in any Building Lot, all such persons shall be Members but shall share the votes attributable to the Building Lot. For voting purposes, the Association shall have one class of Members.

3.3.1 Fractional votes shall not be allowed. In the event that joint Owners are unable to agree among themselves as to how their vote or votes shall be cast, they shall lose their right to vote on the matter being put to a vote. When an Owner casts a vote, it will thereafter be presumed conclusively for all purposes that such Owner was acting with authority and consent of all joint Owners of the Building Lot(s) from which the vote derived. The right to vote may not be severed or separated from the ownership of the Building Lot to which it is appurtenant, except that any Owner may give a revocable proxy, or may assign such Owner's right to vote, to a lessee, mortgagee, beneficiary or contract purchaser of the Building Lot concerned, for the term of the lease, mortgage, deed of trust or contract. Any sale, transfer or conveyance of such Building Lot to a new Owner shall operate automatically to transfer the appurtenant voting right to the new Owner, subject to any assignment of the right to vote to a lessee, mortgagee or beneficiary as provided herein.

3.4 Board of Directors and Officers. The affairs of the Association shall be conducted and managed by a Board of Directors ("Board") and such Officers as the Board may elect or appoint, in accordance with the Articles and Bylaws, as the same may be amended from time to time. The Board of Directors shall be elected in accordance with the provisions set forth in the Association Bylaws.

3.5 Powers and Duties of the Association.

3.5.1 Powers. The Association shall have all the powers of a corporation organized under the general corporation laws of the State of Idaho, subject only to such limitations upon the exercise of such powers as are expressly set forth in the Articles, the Bylaws and these CC&Rs. The Association shall have the power to do any and all lawful things which may be authorized, required or permitted to be done by the Association under Idaho law and under these CC&Rs and the

Articles and Bylaws, and to do and perform any and all acts which may be necessary to, proper for or incidental to the proper management and operation of the Association's affairs and the performance of the other responsibilities herein assigned, including, without limitation:

- 3.5.1.1 Assessments. The power to levy Assessments on any Owner or any portion of the Property and to force payment of such Assessments, all in accordance with the provisions of these CC&Rs.
- 3.5.1.2 Right of Enforcement. The power and authority, from time to time, in its own name, on its own behalf or on behalf of any Owner who consents thereto, to commence and maintain actions and suits to restrain and enjoin any breach or threatened breach of these CC&Rs or the Articles or the Bylaws, including the Association Rules adopted pursuant to these CC&Rs, and to enforce, by injunction or otherwise, all provisions hereof.
- 3.5.1.3 Delegation of Powers. The authority to delegate its powers and duties to committees, officers, employees or to any person, firm or corporation to act as manager. Neither the Association nor the members of its Board shall be liable for any omission or improper exercise by the manager of any such duty or power so delegated.
- 3.5.1.4 Association Rules. The power to adopt, amend and repeal, by majority vote of the Board, such rules and regulations as the Association deems reasonable. A copy of the Association Rules, as they may from time to time be adopted, amended or repealed, shall be mailed or otherwise delivered to each Owner. Upon such mailing or delivery, the Association Rules shall have the same force and effect as if they were set forth in and were a part of these CC&Rs. In the event of any conflict between such Association Rules and any other provisions of these CC&Rs, or the Articles or the Bylaws, the provisions of the Association Rules shall be deemed to be superseded by the provisions of these CC&Rs, the Articles or the Bylaws to the extent of any such inconsistency.
- 3.5.1.5 Emergency Powers. The power, exercisable by the Association or by any person authorized by it, to enter upon any property (but not inside any building constructed thereon) in the event of any emergency involving illness or potential danger to life or property

or, when necessary, in connection with any maintenance or construction for which the Association is responsible. Such entry shall be made with as little inconvenience to the Owner as practicable, and any damage caused thereby shall be repaired by the Association.

- 3.5.2 Insurance. Obtain insurance from reputable insurance companies authorized to do business in the State of Idaho and maintain in effect any insurance policy the Board deems necessary or advisable.
- 3.5.3 Rule Making. Make, establish, promulgate, amend and repeal such Association Rules as the Board shall deem advisable.
- 3.5.4 Architectural Committee. Appoint and remove members of the Architectural Committee, subject to the provisions of these CC&Rs.
- 3.5.5 Enforcement of Restrictions and Rules. Perform such other acts, whether or not expressly authorized by these CC&Rs, as may be reasonably advisable or necessary to enforce any of the provisions of these CC&Rs or of the Articles or the Bylaws, including, without limitation, the recordation of any claim of lien with the Valley County Recorder, as more fully provided herein.

3.6 Personal Liability. No member of the Board, or member of any committee of the Association, or any officer of the Association, or the manager, if any, shall be personally liable to any Owner, or to any other party, including the Association, for any damage, loss or prejudice suffered or claimed on the account of any act, omission, error or negligence of the Association, the Board, the manager, if any, or any other representative or employee of the Association or the Architectural Committee, or any other committee, or any Owner of the Association, provided that such person, upon the basis of such information as may be possessed by such person, has acted in good faith without willful or intentional misconduct.

3.7 Budgets and Financial Statements. Financial statements for the Association shall be prepared regularly and copies shall be distributed to each Member of the Association as follows:

- 3.7.1 A pro forma operating statement or budget, for each fiscal year, shall be distributed not less than sixty (60) days before the beginning of each fiscal year. The operating statement shall include a schedule of Assessments received and receivable, identified by the Building Lot number and the name of the person or entity assigned.

3.8 Meetings of Association. Each year the Association shall hold at least one (1) meeting of the Members, according to the schedule for such meetings established by the Bylaws; provided, however, that such meeting shall occur no later than November 1 each year. Notice for all Association meetings, regular or special, shall be given by regular mail to all Members, and any person in possession of a Building Lot, not less than ten (10) days nor more than sixty (60) days, before the meeting and shall set forth the place, date and hour of the meeting and the nature of the business to be conducted. All meetings shall be held within the Property or as close thereto as practical at a reasonable place selected by the Board. If any meeting cannot be held because a quorum is not present, the Members present may adjourn the meeting to a time, not less than ten (10) days nor more than thirty (30) days, from the time the original meeting was scheduled. At any such meeting properly called, the presence of fifty-one percent (51%) of Members shall constitute a quorum, including members present by proxy.

ARTICLE 4: ASSESSMENTS

4.1 Covenant to Pay Assessments. By acceptance of a deed to any property in the Subdivision, each Owner of such property hereby covenants and agrees to pay, when due, all Assessments or charges made by the Association, including all Regular, Special and Limited Assessments and charges made against such Owner pursuant to the provisions of these CC&Rs or other applicable instrument.

4.1.1 Assessment Constitutes Lien. Such Assessments and charges, together with interest, costs and reasonable attorney's fees which may be incurred in collecting the same, shall be a charge on the land and shall be a continuing lien upon the property against which each such Assessment or charge is made.

4.1.2 Assessment is Personal Obligation. Each such Assessment, together with interest, costs and reasonable attorney's fees, shall also be the personal obligation of the Owner of such property, beginning with the time when the Assessment falls due. The personal obligation for delinquent Assessments shall not pass to such Owner's successors in title, unless expressly assumed by them, but shall remain such Owner's personal obligation regardless of whether s/he remains an Owner.

4.2 Regular Assessments. All Owners are obligated to pay Regular Assessments to the treasurer of the Association on a schedule of payments established by the Board.

4.2.1 Purpose of Regular Assessments. The proceeds from Regular Assessments are to be used to pay for all costs and expenses incurred by the Association, including legal and attorneys' fees and other professional fees, for the conduct of its affairs (collectively "Expenses").

4.2.2 Computation of Regular Assessments. The Association shall compute the amount of its Expenses on an annual basis. The computation of Regular Assessments shall take place not less than thirty (30) nor more than sixty (60) days before the beginning of each fiscal year of the Association.

4.2.3 Amounts Paid by Owners. The Board can require, in its discretion or as provided in the Articles or Bylaws, payment of Regular Assessments in monthly, quarterly, semi-annual or annual installments. The Regular Assessment to be paid by any particular Owner for any given fiscal year shall be computed as follows:

4.2.3.1 As to the Association's Regular Assessment, each Owner shall be assessed and shall pay an amount computed by multiplying the Association's total advance estimate of Expenses by the fraction produced by dividing the Building Lots in the applicable Tract attributable to the Owner by the total number of Building Lots in such Tract.

4.3 Special Assessments.

4.3.1 Purpose and Procedure. In the event that the Board of the Association shall determine that its respective Regular Assessment for a given calendar year is or will be inadequate to meet the Expenses of such Association for any reason, the Board thereof shall determine the approximate amount necessary to defray such Expenses and levy a Special Assessment against the portions of the Property within its jurisdiction which shall be computed in the same manner as Regular Assessments. No Special Assessment shall be levied which exceeds twenty percent (20%) of the budgeted gross Expenses of such Association for that fiscal year, without the vote or written assent of the Owners representing a majority of the votes of the Members of such Association. The Board shall, in its discretion, determine the schedule under which such Special Assessment will be paid.

4.3.2 Consistent Basis of Assessment. Every Special Assessment levied by and for the Association shall be levied and paid upon the same basis as that prescribed for the levying and payment of Regular Assessments for such Association.

4.4 Limited Assessments. Notwithstanding the above provisions with respect to Regular and Special Assessments, a Board may levy a Limited Assessment against a Member as a remedy to reimburse the Association for costs incurred in bringing the Member and/or such Member's Building Lot into compliance with the provisions of the governing instruments for the Subdivision.

4.5 Uniform Rate of Assessment. Unless otherwise specifically provided herein, Regular and Special Assessments shall be fixed at a uniform rate per Building Lot for all Members of the Association.

4.6 Assessment Period. Unless otherwise provided in the Articles or Bylaws, the Assessment period shall commence on January 1 of each year and terminate December 31. The first Assessment shall be pro-rated according to the number of months remaining in the fiscal year.

4.7 Notice and Assessment Due Date. Ten (10) days prior written notice of Regular and Special Assessments shall be sent to the Owner of every Building Lot subject thereto, and to any person in possession of such Building Lot. The due dates for installment payment of Regular Assessments and Special Assessments shall be the first day of each month unless some other due date is established by the Board. Each monthly installment of the Regular Assessment or Special Assessment shall become delinquent if not paid within sixty (60) days after the levy thereof. Each installment payment which is delinquent for more than sixty (60) days shall accrue interest at eighteen percent (18%) per annum calculated from the date of delinquency to and including the date full payment is received by the Association. The Association may bring an action against the delinquent Owner and may foreclose the lien against such Owner's Building Lot as more fully provided herein. Each Owner is personally liable for Assessments, together with all interest, costs and attorney's fees, and no Owner may exempt such Owner from such liability by lease or abandonment of such Owner's Building Lot.

4.8 Estoppel Certificate. The Association, upon at least twenty (20) days prior written request, shall execute, acknowledge and deliver to the party making such request a statement in writing stating whether or not, to the knowledge of the Association, a particular Building Lot Owner is in default under the provisions of these CC&Rs and further stating the dates to which any Assessments have been paid by the Owner. Any such certificate delivered pursuant to this paragraph may be relied upon by any prospective purchaser or mortgagee of the Owner's Building Lot. Reliance on such certificate may not extend to any default as to which the signor shall have had no actual knowledge.

4.9 Special Notice and Quorum Requirements. Notwithstanding anything to the contrary contained in either the Bylaws or the Articles, written notice of any meeting called for the purpose of levying a Special Assessment, or for the purpose of obtaining a membership vote in connection with an increase in the Regular Assessment, shall be sent to all Members of the Association and to any person in possession of a Building Lot in the applicable Tract, not less than ten (10) days nor more than sixty (60) days before such meeting. At the first such meeting called, the presence of Members or of proxies entitled to cast sixty-seven percent (67%) of the total votes of the Association shall constitute a quorum. If such quorum is not present, subsequent meetings may be called subject to the same notice requirement, and the required quorum at the subsequent meetings shall be fifty-one percent (51%). No such subsequent meeting shall be held more than thirty (30) days following the preceding meeting.

ARTICLE 5: ENFORCEMENT OF ASSESSMENT: LIENS

5.1 Right to Enforce. The Association has the right to collect and enforce its Assessments pursuant to the provisions hereof. Each Owner of a Building Lot, upon becoming an Owner of such Building Lot, shall be deemed to covenant and agree to pay each and every Assessment provided for in these CC&Rs and agrees to the enforcement of all Assessments in the manner herein specified. In the event an attorney or attorneys are employed for the collection of any Assessment, whether by suit or otherwise, or to enforce compliance with or specific performance of the terms and conditions of these CC&Rs, each Owner agrees to pay reasonable attorney's fees in addition to any other relief or remedy obtained against such Owner. The Board or its authorized representative may enforce the obligations of the Owners to pay such Assessments by commencement and maintenance of a suit at law or in equity, or the Board may exercise the power of foreclosure and sale pursuant to paragraph 5.3 to enforce the liens created hereby. A suit to recover a money judgment for an unpaid Assessment shall be maintainable without foreclosing or waiving the lien hereinafter provided.

5.2 Assessment Liens.

5.2.1 Creation. There is hereby created a claim of lien with power of sale on each and every Building Lot to secure payment of any and all Assessments levied against such Building Lot pursuant to these CC&Rs, together with interest thereon at the maximum rate permitted by law and all costs of collection which may be paid or incurred by the Association making the Assessment in connection therewith, including reasonable attorney's fees. All sums assessed in accordance with the provisions of these CC&Rs shall constitute a lien on such respective Building Lot upon recordation of a claim of lien with the Valley County Recorder. Such lien shall be prior and superior to all other liens or claims created subsequent to the recordation of the notice of delinquency and claim of lien, except for tax liens for real property taxes on any Building Lot and assessments on any Building Lot in favor of any municipal or other governmental assessing body which, by law, would be superior thereto.

5.2.2 Claim of Lien. Upon default of any Owner in the payment of any Regular, Special or Limited Assessment issued hereunder, the Association may cause to be recorded in the office of the Valley County Recorder a claim of lien. The claim of lien shall state the amount of such delinquent sums and other authorized charges (including the cost of recording such notice), a sufficient description of the Building Lot(s) against which the same have been assessed, and the name of the record Owner thereof. Each delinquency shall constitute a separate basis for a notice and claim of lien, but any number of defaults may be included within a single notice and claim of lien. Upon payment to the Association of such delinquent sums and charges in connection therewith or other satisfaction thereof, the Association shall

cause to be recorded a further notice stating the satisfaction of relief of such delinquent sums and charges. The Association may demand and receive the cost of preparing and recording such release before recording the same.

5.3 Method of Foreclosure. Such lien may be foreclosed by appropriate action in court or by sale by the Association establishing the Assessment, its attorney or other person authorized to make the sale. Such sale shall be conducted in accordance with the provisions of the Idaho Code applicable to the exercise of powers of sale permitted by law. The Board is hereby authorized to appoint its attorney, any officer or director of the Association, or any title company authorized to do business in Idaho as trustee for the purpose of conducting such power of sale or foreclosure.

5.4 Required Notice. Notwithstanding anything contained in these CC&Rs to the contrary, no action may be brought to foreclose the lien created by recordation of the notice of delinquency and claim of lien, whether judicially, by power of sale or otherwise, until the expiration of thirty (30) days after a copy of such claim of lien has been deposited in the United States mail, certified or registered, postage prepaid, to the Owner of the Building Lot(s) described in such notice of delinquency and claim of lien and to the person in possession of such Building Lot(s) and a copy thereof is recorded by the Association in the Office of the Valley County Recorder.

5.5 Subordination to Certain Trust Deeds. The lien for the Assessments provided for herein in connection with a given Building Lot shall not be subordinate to the lien of any deed of trust or mortgage, except the lien of a first deed of trust or first mortgage given and made in good faith and for value that is of record as an encumbrance against such Building Lot prior to the recordation of a claim of lien for the Assessments. Except as expressly provided in paragraph 5.6 with respect to a first mortgagee who acquires title to Building Lot, the sale or transfer of any Building Lot shall not affect the Assessment lien provided for herein, nor the creation thereof by the recordation of a claim of lien, on account of the Assessments becoming due, whether before, on or after the date of such sale or transfer, nor shall such sale or transfer diminish or defeat the personal obligation of any Owner for delinquent Assessments as provided for in these CC&Rs.

5.6 Rights of Mortgagees. Notwithstanding any other provision of these CC&Rs, no amendment of these CC&Rs shall operate to defeat the rights of the beneficiary under any deed of trust upon a Building Lot made in good faith and for value and recorded prior to the recordation of such amendment, provided that after the foreclosure of any such deed of trust, such Building Lot shall remain subject to these CC&Rs, as amended.

ARTICLE 6: INSPECTION OF ASSOCIATION'S BOOKS AND RECORDS

6.1 Member's Right of Inspection. The membership register, books of account and minutes of meetings of the Board and committees of the Association shall be made available for inspection and copying by any Member of the Association, or by such Member's duly appointed representatives, at any

reasonable time and for a purpose reasonably related to such Member's interest as a Member, at the office of the Association or at such other place as the Board of such Association shall prescribe. No Member or any other person shall copy the membership register for the purposes of solicitation of or direct mailing to any Member of the Association.

6.2 Rules Regarding Inspection of Books and Records. The Board shall establish reasonable rules with respect to:

- 6.2.1 notice to be given to the custodians of the records by the persons desiring to make the inspection;
- 6.2.2 hours and days of the week when such an inspection may be made; and
- 6.2.3 payment of the cost of reproducing copies of documents requested pursuant to this Article 6.

6.3 Director's Rights of Inspection. Every director shall have the absolute right, at any reasonable time, to inspect all books, records and documents of the Association and the physical properties owned or controlled by the Association. The right of inspection by a director includes the right to make extracts and copies of documents.

ARTICLE 7: ARCHITECTURAL COMMITTEE

7.1 Creation. Within thirty (30) days of the date on which these CC&Rs are recorded, the Board shall appoint three (3) individuals to serve on the Architectural Committee ("Architectural Committee"). Each member shall hold office until such time as such member has resigned or has been removed, or such member's successor has been appointed, as provided herein. A member of the Architectural Committee need not be an Owner. Members of the Architectural Committee may be removed by the person or entity appointing them at any time without cause.

7.2 The Board's Right of Appointment. The Board shall have the right to appoint and remove all members of the Architectural Committee. If a vacancy on the Architectural Committee occurs and a permanent replacement has not yet been appointed, the Board may appoint an acting member to serve for a specified temporary period not to exceed three (3) years.

7.3 Review of Proposed Construction. The Architectural Committee shall consider and act upon any and all proposals or plans and specifications submitted for its approval, pursuant to these CC&Rs, and perform such other duties as, from time to time, shall be assigned to it by the Board, including the inspection of construction in progress to assure its conformance with plans approved by the Architectural Committee. The Board shall have the power to determine, by rule or other written designation consistent with these CC&Rs, which types of Improvements shall be submitted for Architectural

Committee review and approval. The Architectural Committee shall have the power to hire an architect, licensed with the State of Idaho, to assist the Architectural Committee in its review of proposals or plans and specifications submitted to the Architectural Committee. The Architectural Committee shall approve proposals or plans and specifications submitted for its approval only if it deems that the construction, alterations or additions contemplated thereby, in the locations indicated, will not be detrimental to the habitat or appearance of the surrounding area of the Property as a whole, that the appearance of any structure affected thereby will be in harmony with the surrounding structures, and that the upkeep and maintenance thereof will not become a burden on the Association.

7.3.1 Conditions on Approval. The Architectural Committee may condition its approval of proposals or plans and specifications upon such changes therein as it deems appropriate, and/or upon the agreement of the applicant to reimburse the Association for the cost of maintenance, and may require submission of additional plans and specifications or other information before approving or disapproving material submitted.

7.3.2 Architectural Committee Rules and Fees. The Architectural Committee also may establish rules and/or guidelines setting forth procedures for and the required content of the applications and plans submitted for approval. Such rules may require a fee to accompany each application for approvals or additional factors which it will take into consideration in reviewing submissions. The Architectural Committee shall determine the amount of such fee in a reasonable manner. Such fees shall be used to defray the costs and expenses of the Architectural Committee, including the cost and expense of hiring an architect licensed by the State of Idaho, as provided above, or for such other purposes as established by the Board, and such fee shall be refundable to the extent not expended for the purposes herein stated. If plans submitted are the same or substantially similar to plans previously approved by the Architectural Committee, fees may be reduced for such application approvals.

7.3.2.1 Such rules and guidelines may establish, without limitation, specific rules and regulations regarding design and style elements, landscaping and fences and other structures, such as animal enclosures, as well as special architectural guidelines applicable to Building Lots located adjacent to public and/or private open space.

7.3.3 Detailed Plans. The Architectural Committee may require such detail in plans and specifications submitted for its review as it deems proper, including, without limitation, floor plans, site plans, landscape plans, drainage plans, elevation drawings and descriptions or samples of exterior material and colors. Until receipt of such details, the Architectural Committee may postpone review of any plan submitted for approval.

7.3.4 Architectural Committee Decisions. Decisions of the Architectural Committee and the reasons therefor shall be transmitted by the Architectural Committee to the applicant at the address set forth in the application for approval within twenty (20) days after filing all materials required by the Architectural Committee. Any materials submitted pursuant to this Article 7 shall be deemed approved unless written disapproval by the Architectural Committee shall have been mailed to the applicant within twenty (20) days after the date of filing said materials with the Architectural Committee. The Architectural Committee shall have the power to hire an architect, licensed with the State of Idaho, to assist the Architectural Committee in its review of proposals or plans and specifications submitted to the Architectural Committee. The Architectural Committee shall approve proposals or plans and specifications submitted for its approval only if it deems that the construction, alterations or additions contemplated thereby, in the locations indicated, will not be detrimental to the habitat or appearance of the surrounding area of the Property as a whole, that the appearance of any structure affected thereby will be in harmony with the surrounding structures, and that the upkeep and maintenance thereof will not become a burden on the Association.

7.4 Meetings of the Architectural Committee. The Architectural Committee shall meet, from time to time, as necessary to perform its duties hereunder. The Architectural Committee may, from time to time, by resolution unanimously adopted in writing, designate an Architectural Committee representative (who may, but need not be, one of its members) to take any action or perform any duties for and on behalf of the Architectural Committee, except the granting of variances pursuant to paragraph 7.9. In the absence of such designation, the vote of any two (2) members of the Architectural Committee, or the written consent of any two (2) members of the Architectural Committee taken without a meeting, shall constitute an act of the Architectural Committee.

7.5 No Waiver of Future Approvals. The approval of the Architectural Committee of any proposals or plans and specifications or drawings for any work done or proposed, or in connection with any other matter requiring the approval and consent of the Architectural Committee, shall not be deemed to constitute a waiver of any right to withhold approval or consent as to any similar proposals, plans and specifications, drawings or matter whatever subsequently or additionally submitted for approval or consent.

7.6 Compensation of Members. The members of the Architectural Committee shall receive no compensation for services rendered, other than reimbursement for expenses incurred by them in the performance of their duties hereunder and except as otherwise agreed by the Board.

7.7 Inspection of Work. Inspection of work and correction of defects therein shall proceed as follows:

- 7.7.1 Upon the completion of any work for which approved plans are required under this Article 7, the Owner shall give written notice of completion to the Architectural Committee.
- 7.7.2 Within sixty (60) days thereafter, the Architectural Committee, or its duly authorized representative, may inspect such Improvement. If the Architectural Committee finds that such work was not done in substantial compliance with the approved plans, it shall notify the Owner in writing of such noncompliance within such sixty (60) day period, specifying the particular noncompliance, and shall require the Owner to remedy the same.
- 7.7.3 If upon the expiration of thirty (30) days from the date of such notification, or any longer time the Architectural Committee determines to be reasonable, the Owner shall have failed to remedy such noncompliance, the Architectural Committee shall notify the Board in writing of such failure. Upon notice and hearing, as provided in the Bylaws, the Board shall determine whether there is a noncompliance and, if so, the nature thereof and the estimated cost of correcting or removing the same. If a noncompliance exists, the Owner shall remedy or remove the same within a period of not more than forty-five (45) days from the date of the announcement of the Board ruling, unless the Board specifies a longer time as reasonable. If the Owner does not comply with the Board ruling within such period, the Board, at its option, may either remove the noncomplying Improvement or remedy the noncompliance, and the Owner shall reimburse the Association, upon demand, for all expenses incurred in connection therewith. If such expenses are not promptly repaid by the Owner to the Association, the Board shall levy a Limited Assessment against such Owner for reimbursement, pursuant to these CC&Rs.
- 7.7.4 If, for any reason, the Architectural Committee fails to notify the Owner of any noncompliance with sixty (60) days after receipt of the written notice of completion from the Owner, the work shall be deemed to be in accordance with the approved plans.

7.8 Non-Liability of Architectural Committee Members. Neither the Board nor any member thereof, nor its duly authorized Architectural Committee nor any member thereof, nor its duly authorized Architectural Committee representative, shall be liable to any Association, or to any Owner or grantee for any loss, damage or injury arising out of or in any way connected with the performance of the Architectural Committee's duties hereunder, unless due to the willful misconduct or bad faith of the Architectural Committee. The Architectural Committee shall review and approve or disapprove all plans submitted to it for any proposed Improvement, alteration or addition, solely on the basis of aesthetic considerations and the overall benefit or detriment which would result to the immediate vicinity and to the Property generally. The Architectural Committee shall take into consideration the aesthetic aspects of the architectural designs, placement of buildings, landscaping, color schemes, exterior finishes and materials and similar features, but

shall not be responsible for reviewing, nor shall its approval of any plan or design be deemed approval of any plan or design, from the standpoint of structural safety or conformance with building or other codes.

7.9 Variances. The Architectural Committee may authorize variances from compliance with any of the architectural provisions of these CC&Rs, including restrictions upon height, size, floor area or placement of structures or similar restrictions, when circumstances such as topography, natural obstructions, hardship, aesthetic or environmental considerations may require. Such variances must be evidenced in writing, must be signed by at least two (2) members of the Architectural Committee, and shall become effective upon recordation in the office of the County Recorder of Valley County. If such variances are granted, no violation of the covenants, conditions or restrictions contained in these CC&Rs shall be deemed to have occurred with respect to the matter for which the variance was granted. The granting of such a variance shall not operate to waive any of the terms and provisions of these CC&Rs for any purpose, except as to the particular Building Lot and particular provision hereof covered by the variance, nor shall it affect in any way the Owner's obligation to comply with all governmental laws and regulations affecting such Owner's use of the Building Lot, including, but not limited to, zoning ordinances or requirements imposed by any governmental or municipal authority.

ARTICLE 8: MISCELLANEOUS

8.1 Term. The covenants, conditions, restrictions and equitable servitudes of these CC&Rs shall run until December 31, 2034, unless amended as herein provided. After such date, such covenants, conditions and restrictions shall be automatically extended for successive periods of ten (10) years each, unless amended or extinguished by a written instrument executed by Members holding at least three-fourths (3/4ths) of the voting power of the Association and such written instrument is recorded with the Valley County Recorder.

8.2 Amendment.

8.2.1 By Owners. Except where a greater percentage is required by express provision in these CC&Rs, other than this Article 8, any amendment shall be by an instrument in writing signed and acknowledged by the president and secretary of the Association certifying and attesting that such amendment has been approved by the vote or written consent of Owners representing more than sixty-seven (67%) of the votes in the Association, and such amendment shall be effective upon its recordation with the Valley County Recorder. Any amendment to this Article 8 shall require the vote or written consent of Members holding ninety-five percent (95%) of the voting power of the Association.

8.2.2 Effect of Amendment. Any amendment of these CC&Rs approved in the manner specified above shall be binding on and effective as to all Owners and their respective properties; notwithstanding that such Owners may not have voted for

or consented to such amendment. Such amendments may add to and increase the covenants, conditions, restrictions and easements applicable to the Property but shall not prohibit or unreasonably interfere with the allowed uses of such Owner's property which existed prior to the said amendment.

8.3 Mortgage Protection. Notwithstanding any other provision of these CC&Rs, no amendment of these CC&Rs shall operate to defeat or render invalid the rights of the beneficiary under any first deed of trust upon a Building Lot made in good faith and for value and recorded prior to the recordation of such amendment, provided that after foreclosure of any such first deed of trust, such Building Lot shall remain subject to these CC&Rs, as amended.

8.4 Notices. Any notices permitted or required to be delivered as provided herein shall be in writing and may be delivered, either personally or by mail. If delivery is made by mail, it shall be deemed to have been delivered seventy-two (72) hours after the same has been deposited in the United States mail, postage prepaid, addressed to any person at the address given by such person, if no address has been given to the Association. Such address may be changed from time to time by notice in writing to the Association, as provided in this paragraph.

8.5 Enforcement and Non-Waiver.

8.5.1 Right of Enforcement. Except as otherwise provided herein, any Owner of any Building Lot shall have the right to enforce any or all of the provisions hereof against any property within the Property and Owners thereof.

8.5.2 Violations and Nuisances. The failure of any Owner of a Building Lot to comply with any provision hereof, or with any provision of the Articles or Bylaws of any Association, is hereby declared a nuisance and will give rise to a cause of action in the Association or any Owner Building Lot(s) within the Property for recovery of damages or for negative or affirmative injunctive relief or both. However, any other provision to the contrary notwithstanding, only the Association, the Board or a duly authorized agent of any of them may enforce, by self-help, any of the provisions hereof, only if such self-help is preceded by reasonable notice to the Owner.

8.5.3 Violation of Law. Any violation of any state, municipal or local law, ordinance or regulation pertaining to the ownership, occupation or use of any property within the Property is hereby declared to be a violation of these CC&Rs and subject to any or all of the enforcement procedures set forth in these CC&Rs and any or all enforcement procedures in law and equity.

8.5.4 Remedies Cumulative. Each remedy provided herein is cumulative and not exclusive.

8.5.5 Non-Waiver. The failure to enforce any of the provisions herein at any time shall not constitute a waiver of the right to enforce any such provision.

8.6 Interpretation. The provisions of these CC&Rs shall be liberally construed to effectuate its purpose of creating a uniform plan for the development and operation of the Property. These CC&Rs shall be construed and governed under the laws of the State of Idaho.

8.6.1 Restrictions Construed Together. All of the provisions hereof shall be liberally construed together to promote and effectuate the fundamental concepts of the development of the Property as set forth in these CC&Rs.

8.6.2 Restrictions Severable. Notwithstanding the provisions of the foregoing paragraph 8.6.1, each of the provisions of these CC&Rs shall be deemed independent and severable, and the invalidity or partial invalidity of any provision or portion thereof shall not affect the validity or enforceability of any other provision herein.

8.6.3 Singular Includes Plural. Unless the context requires a contrary construction, the singular shall include the plural and the plural singular, and the masculine, feminine or neuter shall each include the masculine, feminine and neuter.

8.6.4 Captions. All captions and titles used in these CC&Rs are intended solely for convenience or reference and shall not affect that which is set forth in any of the provisions hereof.

8.7 Successors and Assigns. All references herein to Owners, any Association or person shall be construed to include all successors, assigns, partners, representatives and authorized agents of such Owners, Association or person.
